101 **Name.** (By-Laws, ARTICLE ONE)

101.1 The TICA logo is the registered trademark of The International Cat Association, Inc., therefore, its use by others is restricted.

102 **Objects and Powers.** (By-Laws, ARTICLE TWO)

102.1 Mission Statement. The International Cat Association (TICA), the world's largest genetic registry of purebred and household pet cats and one of the world's largest sanctioning bodies for cat shows, has the following mission:

102.1.1 To encourage its members to be caring, responsible owners and breeders of cats who work together to promote the preservation of pedigreed cats and the health and welfare of all domestic cats.

102.1.2 To have the most accurate and comprehensive certified pedigree registry in the world.

102.1.3 To provide sanctioned cat shows which promote both pedigreed and non-pedigreed cats in a professional manner and which are both enjoyable and educational for exhibitors, judges and the general public.

102.1.4 To encourage its members to take an active role in the community to foster responsible spay/neuter awareness through public education, to become active in voluntary service at local animal shelters or outreach programs for schools and/or senior or disabled citizens, and to become involved in citizen advisory groups to foster responsible legislation regarding the health and welfare of cats.

102.1.5 To promote friendly relations between breeders in this country and other countries around the world.

102.1.6 To disseminate information to breeders, owners, exhibitors, and the general public concerning breeding, exhibition, improvement of breeds, the care and welfare of all cats and to provide materials and information regarding feline issues of regional or international importance.

102.1.7 To set up a foundation to encourage research on feline health issues and to provide readily available lists of resource materials on health issues to its members.

102.2 Policy Statement. The International Cat Association (TICA), the world's largest genetic registry of pedigreed and non-pedigreed cats and one of the world's largest sanctioning bodies for cat shows, is committed to the promotion, protection and preservation of both pedigreed and non-pedigreed cats. We believe that:

102.2.1 The responsible breeding of pedigreed cats is of value to society because it preserves the distinct characteristics of individual domestic breeds of cats and ensures the continuation of predictable physical and behavioral traits for the admiration and the enjoyment of all cat lovers today as well as for future generations.

102.2.2 It is the obligation of both The International Cat Association and its members to promote the welfare of all cats through education and the use of ethical breeding practices which will help reduce the number of unwanted, unnecessary or unplanned litters.

102.2.3 While recognizing the burden placed on animal welfare agencies, shelters, and pounds which work with homeless pets, the euthanasia of healthy adoptable animals is an anathema to society and fosters the devaluation of all life.

102.2.4 All cat lovers should cooperate with other animal lovers to promote solutions to overpopulation which will:

102.2.4.1 Reduce the number of stray animals by promoting the increased use of permanent pet identification which more readily ensures the return of lost animals to their owners.

102.2.4.2 Reduce the number of feral cats by promoting local governmental/animal shelter support for trap, test, vaccinate, alter and release programs.

102.2.4.3 Decrease the number of animals born each year, both planned and unplanned, by supporting spay/neuter awareness programs and by promoting spay/neuter of all non-purebred kittens and kittens sold as pets.

102.2.5 Legislative Policy: TICA will OPPOSE legislation regarding licensing, limits, mandatory microchip programs, mandatory data kept by animal control, and taxation on pets or pet products. TICA will generally SUPPORT efforts to improve shelter conditions, voluntary microchip programs, trap-(test)-neuter-(vaccinate)-release programs, and fund raising programs such as vanity license plates which designate part of the income for animal welfare and educational programs. NOTE: The items in parenthesis are not done in all communities that have feral programs.

Areas in which exhibitors have limited show opportunities due to geographic isolation and other factors, such as travel constraints, the area's average exhibitor base, and the average number of rings available in the area during a show year. 1012.4.1.5 Distances which severely restrict travel to shows in an area or region.

1012.4.2 Any area which has sufficient judges for clubs in the area to produce shows on a regular basis in a given show season shall not be considered "Isolated".

1012.4.3 If the number of shows and/or number of rings in an area outside of North America falls within the range of shows and/or rings within North American Regions in any given show season, that area shall not be considered "Isolated".

1013 **Membership Voting.** (By-Laws, ARTICLE THIRTEEN)

1013.1 Each Member shall be entitled to one vote. In addition, one Family membership per one regular member shall entitle that member to one additional vote. See By-Laws 13.2.2.

1013.2.1 The Executive Office shall include with each ballot a return envelope, printed on whatever colored paper is most difficult to duplicate by photocopying or scanning yet is still practicable for use and addressed to the Certified Public Accountant who has been designated to count the ballots, and include a signature line for the member to validate the ballot.

1013.2.2 The Executive Office shall affix to the return address area of the envelope a label containing the name, address, membership number and region of the member or breed committees.

For example:

1013.3.4 In the event a return envelope or ballot is lost or misplaced by a member, the member must request a duplicate envelope and ballot from the Executive Office **in writing**. Further, that member must certify to the Executive Office, **in writing**, the date on which the member placed the duplicate ballot and envelope in the mail and the Executive Office must receive that certification by the last date of the election.

1013.3.5 Members residing outside of North America may submit their ballots to the CPA via facsimile, provided they request a facsimile ballot from the Executive Office in writing; submit the facsimile ballot including all the information required on the return envelope, and the member's signature. The member must certify to the Executive Office, **in writing**, the date on which the facsimile ballot was faxed to the CPA. In the event a mailed ballot is received by the CPA from the same member that has submitted a ballot via facsimile, the mailed ballot will be counted and the facsimile ballot discarded.

1013.3.6 Membership Ballot Rationale. The Annual Membership Ballot shall contain all Board approved proposed amendments or additions/deletions to the TICA Show Rules, Registration Rules, and/or By-Laws with a brief explanation of why the issue is on the ballot.

1013.4 Validation of Ballots.

1013.4.1 The Executive Office will forward to the CPA a list of members eligible to vote, sorted by region and then alphabetically.

1013.4.2 The Executive Office shall also forward to the CPA a listing of the members requesting duplicate ballots and the date the member placed the ballot in the mail.

1013.4.3 The CPA shall not begin opening or tallying the ballots until the close of the election.

1013.4.4 After the close of the election, the CPA shall sort the sealed envelopes by region if a ballot for regional directors is included in that election.

1013.4.5 The ballots shall be validated, while still sealed, as follows:

1013.4.6 The CPA shall not count any ballot with an unsigned envelope.

1013.4.7 The CPA shall compare the ballot to the valid membership list, and determine that the voting member is, in fact, eligible to vote.

1013.4.8 The CPA shall compare the postmark date on any ballot submitted by a member who has requested a duplicate ballot, and count only the ballot with a postmark date on or near the date certified by the member that the ballot was mailed.

1013.4.9 The CPA shall compare any ballot received via facsimile to the valid membership list, and determine that the voting member is, in fact, eligible to vote, and shall not count any facsimile ballot that is unsigned or for which member the CPA has received a ballot via mail.

1013.4.10 The CPA shall then open each envelope and determine that the envelope contains only one general ballot and only one ballot for the region in which the member is entitled to vote or one ballot for each of the breed sections in which the member is entitled to vote. If the envelope contains more than one of any ballot, no ballot contained in the envelope shall be counted, and the CPA shall affix all of the contents of the envelope to the envelope and return those items to the Executive Office for investigation.

1013.4.11 If the envelope contains only one general ballot and one proper regional ballot or one proper breed section ballot for each breed in which the member is entitled to vote, the CPA shall separate the envelope from the ballot.

1013.4.12 The CPA shall only begin tallying ballots after the above procedures are complete. The CPA shall not tally any votes for officers or proposals if such vote is not legible.

1013.5 Notification of Results.

1013.5.1 After tallying all validated ballots, the CPA will certify to the President and to the Executive Office of TICA the results of the election, who then shall inform all of the candidates.

2015 **Conduct of Judges.** (Show Rules, ARTICLE FIFTEEN)

2016 **Judging Procedures.** (Show Rules, ARTICLE SIXTEEN)

2016.1 An emergency is an unforeseen, exigent (urgent) circumstance.

2016.4 Minimum Handling Requirements

2016.4.1 A judge must have the ability to remove from and return to the judging cage every cat entered in the show, except for those cats not amenable to handling. In the event that a judge believes that a cat may not be amenable to handling, the judge may request that the owner or agent remove the cat from and/or return the cat to the judging cage.

2016.4.1.1 A judge must disclose an inability to meet the minimum handling requirements to the club at the time the club offers the judging assignment to the judge or, as soon as such inability is known to the judge.

2016.4.1.2 If the inability to meet the minimum handling requirements becomes known to the judge after entering into the judging contract, the judge must notify the club of such a change of circumstances as soon as possible. Either the club or judge may, at that time, cancel that judging contract.

2016.4.2 In the event that a judge is unable to meet the minimum handling requirements, the **club** must:

2016.4.2.1 Contract a handler at the time of contracting the judge or as soon as the inability of the judge to meet the minimum handling requirements becomes known. The handler must be a licensed judge or a trainee. (Show Rule 216.1)

2016.4.2.2 List the handler on the flyer with the judge or, if the inability to handle is unknown until after the assignment is published, list the handler on all revisions of the show flyer, and on all other show announcements including the show schedule.

2016.4.2.3 Compensate the handler at the same rate per cat as a Probationary Specialty Judge, lunch on the day of handling and a fully marked catalog.

2016.12.2 Polydactyls, in any breed authorized by a Board approved standard, shall be limited to no more than 7 toes on any foot.

2017 **Judges Records.** (Show Rules, ARTICLE SEVENTEEN)

2017.1 Judges Books. Judges must forward the COVER and the ORIGINAL (white copy) of all pages of the judge's book to the Executive Office of TICA within 48 hours after the close of the show. Alternately, judges may forward a scanned document containing the cover and all white pages to the Executive Office within 72 hours after the close of the show. The scanned book must be legible and all pages must be included, otherwise the judge's book will not be considered complete and timely, and the penalties for a late judge's book assessed. If a scanned book is used in lieu of the original, the judge must retain the original judge's book until one year after the close of the show season to which that judge's book relates, and must provide the original judge's book to the Executive Office within 48 hours if requested to do so. A copy of all pages of the judge's book is to be turned in to the master clerk at the proper time during the show. The judge retains a copy of all pages of the judge's book for his/her personal records. At the completion of the show, the Master Clerk will submit the marked catalog and a copy of the judges' books to the Club/Show Committee.

2017.6 Household Pet Color Classification. Each household pet may be presented to an Allbreed Judge in order to determine the correct color on each entry, prior to the start of judging, and that classification will hold throughout the entire show.

2017.7 Merit Rosettes. Cats in Preliminary New Breed, Advanced New Breed and New Traits Classes are not separated into longhair and shorthair for judging. These classes are for educational purposes only and are non-competitive classes. Only one merit rosette is awarded per class without regard to coat length.

* The litter would be registered as SBT SI, but individual kittens could be registered as TH and would be SBP. It is filled out based on the “same breed” chart since any SI in the pedigrees are considered the same as TH.

NOTE: The items that are in italics in the chart must have the pedigree checked to determine the prefix. If all cats are TH in a three-generation pedigree, then the prefix will be SBT. If there are Siamese in the three-generations, then the prefix will be SBP.

501.7 Preference should be given to TICA licensed clerks whenever possible.

505.2.2 Corrections to the Master Catalog of any kind shall be given to the Master Clerk in writing on the approved form.

505.2.2.1 Master Catalog Correction Forms shall be completed in

triplicate. The original shall be forwarded to the TICA Executive Office with copies of the Master Catalog. A copy shall be given to the owner/agent making the correction and a copy shall be retained by the Club with the original Master Catalog and the Posting Slips.

505.2.2.2 The Master Clerk shall initial each Master Catalog Correction Form when the correction is made in the catalog.

601 **Scoring.**

601.1 Unregistered Cats. Unregistered cats may be shown only once in TICA without a registration number. All points and/or wins for Annual Awards acquired by an unregistered cat in the second and/or subsequent shows shall be irrevocably lost. The exhibitor is obligated to furnish the registration number to the entry clerk or master clerk **and** the Executive Office. In order to obtain credit for any points and/or wins received at the first show where the cat, kitten, alter, household pet adult or household pet kitten, was shown as unregistered, the owner must notify the Executive Office in writing requesting the first show to be credited and stating the name, date and location of the show, and the name of cat, breed (if applicable), registration number, and entry number. Allow unregistered Household Pet Kittens to earn IW and/or RW awards.

601.2 The TICA Scoring System.

601.2.1 Points earned in a breed congress format (Show Rule 21.69) or a breed/multi breed congress format (Show Rule 21.71 and 21.72) shall not be scored for regional or international awards.

601.2.2 No scoring is done in the Executive Office unless the correct registration number is in the scored catalog or the owner notifies the Executive Office as above. (See 601.1) Allow unregistered Household Pet Kittens to earn IW and/or RW awards.

601.2.3 Basically each score is a representation of the finals points plus cats defeated. If the cat did not make a final, points are scored for each cat defeated in breed, division, or color (whichever is highest).

601.2.4 Finals points are the same as for title claims, with the exception of fewer than 10 cats (see attached charts).

601.2.4.1 The scoring system starts at tenth place final points for the last position in the final when there are fewer than 10 cats, kittens, alters, household pets, or household pet kittens competing.

601.2.5 The number of cats competing is figured on a ring-by-ring basis.

The total count includes cats who were disqualified, withheld awards, for presentation only, less than 5th best of color, etc. Absentees are not counted.

601.2.6 Total scores are based on a summary of the ring scores.

601.2.7 If a cat competes out of region, scores are still accumulated toward total.

601.2.8 Cats will be scored in the region of residence on January First.

601.2.9 Kittens will be scored in the region where they were first shown unless the Executive Office is notified in writing.

601.2.10 If a cat or kitten completed its show career before January 1st, it will be scored in the region where it completed that career.

601.2.11 For purposes of scoring, the transfer date on a Certificate of Registration is the date the transfer is received in the Executive Office. In order for the new owner to be shown on the awards, the transfer must be received in the Executive Office by January 1st; if the cat was shown only after the transfer then the transfer must be received in the Executive Office by May 7th. If the cat was shown only before the transfer then the old owner(s) will be furnished the award.

601.2.12 Cumulative scores are based on the show year -- May 1st through April 30th each and every year. The score totals as of April 30th are used in the Regional Awards Presentations (usually the following summer) and the Annual Awards Presentation (the following Labor Day weekend).

601.2.13 Come May 1st, everybody starts all over again with 0 points.

601.2.14 Scores are calculated and entered into the database in the Executive Office. At the end of the show year, the scores are compiled, checked against registration information, and furnished to each Regional Director, who coordinates the awards presentation for his/her region.

601.2.15 Scores will be included with notification of standings sent out by Regional Directors.

601.2.16 If there is a problem it can then be worked out with the Executive Office.

601.2.17 The cutoff date for scoring corrections **from exhibitors** is May 7th. Any corrections including corrections/additions/deletions of suffixes must be received **from exhibitors** in the Executive Office in writing by May 7th.

601.2.18 After notification by the appropriate Regional Director, please call the Executive Office for questions concerning the points earned by a cat.

601.2.19 Titles used for Regional and/or International awards will be the highest title which has been claimed and verified at the end of the show season for which the award is applicable. If the cat has earned a higher title, but that confirmation application has not been received in the Executive Office by May 7th, it will not be used for awards presentation.

601.2.20 If a cat is altered in mid-show season, it is entitled to the points won to that point for placement in the championship standings. As an alter, the cat starts again at zero points. At the end of the show season, it is entitled to the points won as an alter for placement in the alter championship standings.

601.2.21 Example of Scoring.

601.1.21.1 FOR Example: A cat has a total of 12,421 points, with the lowest score being 227 as follows:

He goes to a 10-ring show and wins the following awards:

RING 1: 5th Best Cat Allbreed (67 competing)

RING 2: 8th Best Cat Allbreed (65 competing)

RING 3: 2nd Best Cat Allbreed (68 competing)

RING 4: No final, 3rd best of breed with 17 in the breed

RING 5: 10th Best Cat Allbreed (62 competing)

RING 6: Best Cat Specialty (32 competing)

RING 7: 7th Best Cat Specialty (31 competing)

RING 8: 4th Best Cat Specialty (35 competing)

RING 9: No final, no breed win, Best of Division with 7 in division

RING 10: 9th Best Cat Specialty (33 competing)

What's his new score now? It works out like this:

RING 1: $160 + 62 = 222$

RING 6: $150 + 31 = 181$

RING 2: $130 + 57 = 187$

RING 7: $90 + 24 = 114$

RING 3: $190 + 66 = 256$

RING 8: $120 + 31 = 151$

RING 4: 14

RING 9: 6

RING 5: $110 + 52 = 162$

RING 10: $70 + 24 = 94$

Now, since his lowest score was 227, he can only use RING 3 toward his final score (12,421), subtract the lowest ring (227), then add the replacement ring (256) and you've got his new score: 12,450.

The list of recipients will be printed in the TICA TREND.

901.4.2 Lifetime Achievement Award.

901.4.2.1 The TICA Board of Directors shall establish the Lifetime Achievement program to recognize cats who have excelled in the show ring. These special cats will be awarded the title LA on a certificate, suitable for framing, and will be recognized in the TICA TREND, the Yearbook, and in the Annual Awards Program. Cats certified as earning this award shall be eligible to use the title LA before their name in the following fashion LA OD SGC Babsy's Baby.

901.4.2.2 Eligibility: All eligible cats must have received at least one Top 25 International award as a kitten, cat or alter and two International or Regional top 25 awards as a kitten, cat or alter. Two titles may be achieved in 1 year, i.e., top kitten and cat or alter. However, a Regional award and an International award on the same cat (See Show Rule 21.73) in the same year counts as only one title. Ownership of the cat may change from year to year. The award is for the cat, not the owner, although the current owner will be requesting the award.

What follows are Guidelines to help clubs in deciding on the use of a professional show manager or show management company, as well as in negotiating a contract.

- *What is their background and experience?

- *What person will be in charge of your show?

- *Who will prepare a contract to cover the show?

- *Are they performance bonded? Insured?

- *They should agree to make TICA's name and the club's name more prominent than their's on all materials.

- *Who is representing the club in negotiations as its show committee?

- *Does the contract cover the following:

 - *Can they sign the club's name as its agent?

 - *Will they agree to hold the club harmless?

 - *Have they agreed to follow all of TICA's rules?

 - *Are they aware that TICA rules make them responsible to the club's show committee?

 - *Who is paying what expenses?

 - *What will the club be paid? How? When?

 - *Does the contract cover all of the agreements with the club?

 - *How/when/why can it be canceled?

 - *Who checks for local licensing and permits? Who gets them?

 - *When does the club apply for the TICA Show License?

 - *Will the club coordinate its selection of judges with them? Number of rings?

*What person will be show manager at the show?

*Who selects/orders such things as rosettes, the show hall, etc.?

*Who contacts or approves vendors?

*Who will decide on the benching, layout of the show hall, etc.?

*What other things, specifically, will they be doing? What will the club be doing?
