

Hello,

I am Jayne Harman of Ivy Rose Ragdolls
I have been breeding Ragdolls for 10 years.

I am running for the Breed Committee
because I feel that our breed standard
has taken a seriously wrong turn.

We need to stop catering to a specific
region of the world. Some breeders are
creating more of the "designer look"
that they prefer, it's not helping our
breed in any way.

It's supposed to be about the cat,
improving and refining, getting a stable,
healthy genetic base, and to many
have lost sight of this.

Our Ragdolls need to look like Ragdolls.
Other issues can be worked on once this
has been addressed such as color.
