Pursuant to the request of the client who designated Votenet Solutions, Inc. to implement its online voting solution, eBallot4, and secret paper ballots to authenticate eligible voters and tabulate submissions for the period 11/25/2014 until 1/09/2015 through a secure voting site at <https://eballot4.votenet.com/tica> and secret paper ballots.

After completing our audit process, Votenet Solutions, Inc. hereby certifies that during the course of the event that eBallot was performing optimally, experienced no unexpected downtime and never experienced a security lapse. Votenet did experience scheduled downtime on 11/30/2014 for system upgrades.

After checking our multiple results databases for tampering by technicians, Votenet Solutions, Inc. further certifies that the results in both databases and paper ballots received were conducted fairly and honestly.

It is our opinion that online submissions for your event were tabulated in a fair and impartial way and are deemed accurate.
