

Dear Members of the Mid-Pacific Region,

My name is Gloria Mahan and I am once again asking for your support to serve as your regional director.

When I first ran three years ago, I committed to communication, growth and the restoration of our great region. I have delivered on these promises by devoting my time to listening to your voices, valuing each individual and accepting that everyone has valid ideas and a genuine desire to see our region thrive.

The past three years have seen a tremendous deal of growth for the Mid-Pacific. We have added 3 new clubs, new members, new breeders, hosted 9 shows and we will proudly be hosting the 2019 TICA annual in Las Vegas, a city that I fought long and hard to have restored to our region.

If re-elected, I promise to make the next three years just as bright as the previous three. I understand that success requires more than just endless talking, but firm action. I will continue to support TICA worldwide as we continue our expansion into new countries and territories. However, my main concern will always be the Mid-Pacific Region and our membership. I kindly ask for your vote to continue to serve you as regional director.

I look forward to seeing you all in Las Vegas in 2019, to show the entire association what the Mid-Pacific is made of.
