Leslie,

Roeann mentioned that your board meetings will be in January once again, would you be able to fit in a 5 minute time slot on one of the days for me to introduce myself & maybe do something fun, like give out Red Roof Plush Kitties or such?

Please also let me know if this would be possible & time frame details, even if I could sponsor & bring in a Jason's Deli lunch or such & introduction chat informally with everyone, that would be even nicer!

It would be wonderful to see you & the team again & meet Mr. Fate Mays! Can you believe it was a year last month that I was down to visit ☺

Thank you again & please give me a call when you have a chance ~

Jennifer

109.1 Annual Convention.

109.1.1 Annual Convention. Labor Day weekend each year is reserved for the Annual Convention. No other shows may be held the weekend of the Annual Convention with the following exception. A club may receive permission to hold a show on the Annual weekend upon application to the Board. Application must state specific reasons for the request for exemption and why such a show would have no impact on the Annual.

109.1.1.1 The rotation for the Annual Conventions shall be: International - 2015, Southwest - 2016, South Central - 2017, Southeast - 2018, Mid Pacific - 2019, Mid Atlantic - 2020, Great Lakes - 2021, Northwest - 2022, Northeast - 2023, International - 2024.

109.1.1.2 Proposals to host the Annual Convention in the designated region must be received for the Annual Meeting 3 years prior to the proposed convention.

109.1.1.3 In the event no club submits an acceptable proposal, any club in any region may submit a proposal to host the Annual Convention by the agenda deadline for the Semi-Annual Meeting 2½ years prior to the convention and a notice soliciting such proposals shall be published in the TICA TREND.

109.1.1.4 The subsequent designated order of rotation will remain the same.

109.2 Meetings of the Board.

109.2.1 All Board Meetings shall be scheduled for a minimum of 2 days.

109.2.1.1 Meetings of the Board shall be the fourth full weekend in January (Winter Meeting, the third full weekend in May (Spring Meeting) and the week immediately preceding Labor Day weekend (TICA Annual).

109.2.1.2 The Winter Meeting shall be held in Harlingen TX without a show OR at a location outside the United States in conjunction with a show, approved by the Board.

109.2.1.3 The Spring Meeting shall be held in the United States, rotating from Central to West to East, with or without a show. The meeting venue must be at or near a major international airport at a hotel with adequate meeting space, full restaurant service and airport shuttle.

109.2.1.4 The Winter and Spring meeting locations shall be selected by the Board without consideration of accompanying show.

109.2.1.5 Minutes of all meetings of the Board of Directors shall be completed within 10 working days following the meeting.

INDEPENDENT AUDITORS' REPORT

Board of Directors
The International Cat Association, Inc.

We have audited the accompanying financial statements of The International Cat Association, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2015 and 2014, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The International Cat Association, Inc. as of June 30, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS
June 30, 2015 and 2014

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The International Cat Association, Inc. (known as "TICA") was incorporated October 25, 1982 under the Texas Non-Profit Corporation Act, with its primary purpose being the promotion and dissemination of educational and scientific information on felines to the general public. The Board of Directors, comprised of a President and Vice-President, and Regional Directors, oversees the activities of the Association.

Basis of Accounting

TICA's financial statements have been prepared on the accrual basis of accounting. Revenues and expenses are recognized and recorded when earned or incurred. Financial statement presentation follows the recommendations of the FASB Accounting Standards Codification (ASC) 958-205 (*Not-for-Profit Entities – Presentation of Financial Statements*). In accordance with ASC 958-205, the Association is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets. The financial statements reflect unrestricted net assets and activities. TICA does not have any temporarily or permanently restricted net assets and activities at the present time.

Membership Receivables

Membership receivables are recorded at the amount the Association expects to collect on balances outstanding at year end. Management closely monitors outstanding balances and writes off, as of year end, all balances that it deems to be uncollectible.

Revenue Recognition

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. Contributions received with donor-imposed restrictions that are met in the same year in which the contributions are received are classified as unrestricted contributions.

All donor-restricted contributions are reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. No activity was temporarily or permanently restricted during the years ended June 30, 2015 and 2014.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE A - SIGNIFICANT ACCOUNTING POLICIES - Continued

Concentrations of Risk

Concentrations of Risk Due to Temporary Cash Investments and Trade Accounts Receivable

Financial instruments that potentially subject the Association to concentrations of risk consist principally of temporary cash investments and trade accounts receivable. The Association places its temporary cash investments with financial institutions and limits the amount of credit exposure to any one financial institution. Concentrations of credit risk with respect to trade accounts receivable are limited due to the large number of members comprising the Association's membership and their dispersion across different geographic areas.

Concentration of Risk Arising from Cash Deposits in Excess of Insured Limits

The Association maintains cash balances with high quality credit institutions. At times such cash and investments may be in excess of the FDIC insurance limit.

Income Taxes

For the period ended June 30, 2014, income taxes are calculated using the liability method in accordance with the provisions set forth in generally accepted accounting standards. Deferred income tax assets and liabilities are computed annually for differences between the financial statement and tax basis of assets and liabilities that will result in taxable or deductible amounts in the future based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. Income tax expense is the tax payable or refundable for the period plus or minus that change during the period in deferred tax assets and liabilities.

TICA has adopted FASB Accounting Standards Codification (ASC) 740-10, *Accounting for Income Taxes*. The accounting standard on accounting for uncertainty in income taxes addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under that guidance, TICA may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities based on the technical merits of the position.

As a result of the implementation of ASC 740-10-50, *Accounting for Uncertainty in Income Taxes*, TICA did not recognize a liability for unrecognized tax benefits for the period ended June 30, 2014.

TICA's Form 1120, *U. S. Corporation Income Tax Return*, for the year ending 2013 and period ending February 10, 2014 and Form 990, *Return of Organization Exempt from Income Tax*, for the period ending June 30, 2014, and year ending June 30, 2015 are subject to examination by the IRS, generally for 3 years after they were filed. TICA is not currently under examination by any federal or state taxing authorities. As discussed in Note D, the Association received approval of its exempt status effective February 11, 2014.

Inventories

Inventories of supplies for resale as of June 30, 2015 and 2014, is stated at principally the lower of cost or market. Cost is determined on the first-in, first-out basis.

Property, Plant and Equipment

Property, plant and equipment acquisitions have consistently been recorded at cost if purchased or fair value at date of gift if donated. Major renewals and improvements which extend the life of an asset or benefit one or more subsequent periods are capitalized. Replacements, maintenance, and repairs which do not extend or improve the life of existing assets are charged against income in the period incurred. When properties or equipment are retired or otherwise disposed of, the property and related accumulated depreciation accounts are relieved of the applicable amounts. Gains or losses from normal retirements or sales are credited or charged to income.

Depreciation

Equipment and furniture are being depreciated using the straight-line method over their estimated useful lives, ranging from 3 to 10 years. Depreciation expense totaled \$19,866 and \$12,183 for the years ended June 30, 2015 and 2014, respectively.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Association considers all highly liquid debt instruments with a maturity of three months or less to be cash equivalents.

Certificates of Deposit

Certificates of deposit, totaling \$30,758 and \$172,236 at June 30, 2015 and 2014, respectively, are presented on a separate line on the accompanying financial statements. The certificates bear interest ranging from .20% to .30% and have maturities ranging from three months to one year, with penalties for early withdrawal. Any penalties for early withdrawal would not have a material effect on the financial statements.

Non-Profit Status

The Association has adopted the policy that no member shall personally profit from the operations of the Association except for reasonable compensation for services actually rendered by officers and employees of the Association.

Prepaid Expenses

Prepaid expenses are advance payments for products or services that will be used in operations at some future period.

Advertising

The Association expenses all advertising costs when incurred.

Credit Memos

Credit memos are generated when customers overpay for services or remit payment for registrations that are pending approval or required documentation. The credits are reduced when customers are refunded or once required documentation is received and the registration is granted.

Compensated Absences

The Association allows full-time employees to receive compensation for vacation leave. Vacation hours, which accrue from the first day of employment, can be taken as soon as the initial probationary period has lapsed. The estimate related to compensated absences is based on vacation hours earned and current pay rates. The cost of compensated absences is recognized as salary and wage expense.

NOTE B – OPERATING LEASES

On March 1, 2012, TICA entered into a five year operating lease for office space. The monthly payments on the lease are \$2,565.

The following is a schedule by years of future minimum payments required under the lease agreement as of June 30:

Year Ending June 30:	
2016	\$30,780
2017	<u>23,085</u>
	<u>\$53,865</u>

On January 28, 2011, TICA entered into a sixty-six month operating lease for a postage machine. The monthly payments on the lease are \$532.

The following is a schedule by years of future minimum payments required under the lease agreement as of June 30:

Year Ending June 30:	
2016	\$ 6,384
2017	<u>3,724</u>
	<u>\$10,108</u>

NOTE B – OPERATING LEASES – Continued

On April 25, 2012, TICA entered into a sixty month operating lease for a printer machine. The monthly payments on the lease are \$2,195.

The following is a schedule by years of future minimum payments required under the lease agreement as of June 30:

Year Ending June 30:	
2016	\$26,340
2017	<u>21,950</u>
	<u>\$48,290</u>

Total lease expense charged to operations amounted to \$47,496 and \$41,243 for the years ended June 30, 2015 and 2014, respectively.

NOTE C - EMPLOYEE BENEFIT PLAN

TICA has a defined contribution retirement plan covering all employees who have worked at the Association longer than one year. Under the plan, TICA will match an employee's salary deferral contributions up to a maximum of 3% of the employee's compensation. Under the Internal Revenue Code, the plan is referred to as a Savings Incentive Match Plan for Employees.

NOTE D - FEDERAL INCOME TAXES AND DEFERRED INCOME TAXES

As discussed in Note A, the Association was organized and incorporated under the Texas Non-Profit Corporation Act and filed an application for exempt status. The Association had originally intended to be exempt from federal income taxes under the provisions of Section 501(c)(6) of the Internal Revenue Code. However, the application originally submitted to the Internal Revenue Service in 1993 for consideration as a not-for-profit, exempt organization under Section 501(c)(6) of the Internal Revenue Code was denied. As a result, TICA has filed federal income tax returns as a for-profit corporation with applicable provisions made for federal income taxes through February 10, 2014. Deferred income taxes are computed by applying statutory rates to temporary differences between the recognition of income and expense for financial statements and income tax return purposes based upon the expected period in which the differences will reverse. The principal difference arises from the use of different methods of depreciation for financial reporting and tax return purposes. The provision for federal income taxes is computed on pre-tax accounting income at statutory rates.

The Association received notice in September 2014 that approval of exempt status was granted under provisions of Section 501(c)(4) of the Internal Revenue Code. The exemption is effective as of February 11, 2014. As such income taxes have been accrued for the period of July 1, 2013 to February 10, 2014. All deferred taxes as of that date have been eliminated due to the change in tax status.

MARKETING AND BUSINESS DEVELOPMENT

Winter Meeting January 22-23-24, 2016

Director Marketing & Business Development: **Roeann Fulkerson**
Liaison to Board: **Ellen Crockett and Fate Mays**

Brief Summation of Immediate Past Business Development Activities:

TICA experienced many new “firsts” in 2015, all positive and each took TICA to a new public awareness. With the distribution of the new Breed Posters TICA is gaining a foothold within the Veterinarian communities at many levels. During 2015, we worked with Vet Tech schools, Veterinarian teaching schools and established Vet offices and clinics across the U.S. and abroad.

Our president Fate Mays created a Marketing and Outreach Committee shortly after taking office. The Marketing and Outreach committee is a Yahoo Group of seven people who communicate and share ideas. Currently, members of the Committee are coordinating the TICA presence at vet conferences and pet expos, involved in TICA’s social media, and directing the drawing of a new TICA coloring book. I can’t stress enough that I, as the Director of Marketing, can bring in opportunities for TICA, but must rely on the knowledge and experience of our officers and Regional Directors to assist with providing valuable information, then helping to facilitate and complete specific tasks that may be held in their regions. Due to some crossover, this may, on occasion, be an event out of their region but it is no less important to TICA as a whole. To grow TICA we must all work proactively together.

In 2015, TICA participated at three large Veterinarian Conferences located in Denver, CO; Fort Worth, TX; and San Diego, CA. Hundreds of our new TICA World of Cats Breeds poster were distributed from the booth(s) along with the TICA Visitor Guides and 1st Edition Coloring books. These were very well received and appreciated with many follow-up orders for the items coming into the EO after the conferences. Inserted below is the 10’ TICA booth at the (AAFP) American Association of Feline Practitioners conference in San Diego.

Figure 1 AAFP TICA Booth

Vickie Fisher arranged for TICA Breed Posters, visitor guides and coloring books to be at the American Veterinary Chiropractic Association Conference held near Albuquerque, NM. Numerous breed posters were distributed. The 2016 conference will be held in Orlando, FL.

Another major undertaking in 2015 for TICA was participation in Pet Expos. This is where TICA can make a huge impression with the public who needs to learn who TICA is and what we do! TICA partnered with the national company, Amazing Pet Expos and TICA now represents the “Feline Portion” for this national Pet Expo Company. TICA participated in the Phoenix, AZ and Atlanta, GA, Amazing Pet Expos in 2015. We had wonderful TICA Volunteers who staffed the booths and brought their “bomb proof” cats to interact with the public. The welcome was overwhelmingly positive with so many people showing their appreciation and wanting to learn more about pedigreed cats, household pet cats, and TICA’s feline welfare proactive concerns. The positive impact TICA gave and received by participation at these events cannot be stressed enough. Both the Phoenix Expo and the Atlanta Expo had about 7,000 visitors each.

We have four TICA volunteers who oversee our company FaceBook page. They set a goal for themselves to build the LIKES on our page to exceed 10,000 by 2015 year ending. Well, they outdid themselves by exceeding this goal even before December arrived. One graphic post in November received over 1.7 million hits; on December 2, another post reached 95,123 Shares and reached 3,403,591 individuals. It is important to note all the growth is “organic” and no posts have had paid promotions or advertising. As of this writing, our TICA FaceBook page currently has 12,975 Likes. FaceBook is running a test where they have removed filters and are allowing people to like, love, laugh and have other reactions to Page posts. This has benefited our corporate FaceBook page in a very positive way. I want to openly thank those who have worked so diligently on this page. We need to call out a big thank you to Gloria Brennan, Lynn Helke, Shari Nolan, and Andres Munt, for their dedication and work on the TICA corporate FaceBook page. Social Media continues to be a key interaction for all businesses and TICA continues to in this area.

In mid April, each Regional Director received a letter with explanation for accepting a \$1,000 sponsorship check from Dr. Elsey Precious Cat. **There were two requirements:** Place the Precious Cat logo on the top half of the Regional website and send a brief summary of how the funds were used in the region to benefit TICA and promote the sponsor. Unfortunately, as I entered negotiations, it was noted that logo placement was perfect on some regional sites and it was nonexistent or placed at the bottom of the page on others. While the sponsorship package for 2016 does not include a similar distribution, if all Directors will send me a brief report on how the money was used, I can see if the opportunity arises to address Regional needs or request reinstatement of funding in subsequent years.

Current Happenings of Business Development:

TICA has already registered to attend four Veterinarian Conferences in 2016 with plans to attend an additional two to three more depending on size and locations. The Western Vet Conference will have 15,000 veterinarians in attendance. We will be distributing the TICA Breed Posters.

As TICA is now the official feline presence for the Amazing Pet Expos, we secured three cities where clubs expressed interest in hosting TICA cat shows in conjunction with the Expos. These will be modified mini-shows with four rings however; they should be a terrific opportunity to promote TICA and our cats via the huge publicity associated with Amazing Pet Expos.

Phoenix, AZ- April 16-17, Amazing Pet Expo and Cat Show, <http://www.phoenixpetexpo.com/>
Capital Expo, MD- May 7, Amazing Pet Expo and Cat Show, <http://www.capitolpetexpo.com>
Dallas, TX- May 21-22, Amazing Pet Expo and Cat Show, <http://www.dallaspetexpo.com/>

TICA will have a booth positioned at the front entrance/exit at each of the following nationwide 12 Amazing Pet Expos in 2016. The booth has now been standardized to include a TICA 10' pop-up banner with photo of a pedigreed cat, TICA logo and our QR code. A dark blue TICA logo table cloth, the TICA World of Cats breed poster displayed on an easel, and a 3' x 4' TICA logo hanging banner with the Dr. Elsey Precious Cat logo as well. TICA members volunteer to staff the booths with their cat(s) so the public can ask questions, pet the cats, and learn about TICA. The volunteers give TICA World of Cats visitor guides, oversized postcards of the breed poster, and the TICA World of Cats coloring books. This expanded participation at all these Pet Expos is a direct result of Dr. Elsey Precious Cat partner sponsor funding to TICA.

Cheryl Hogan and Vickie Fisher have worked diligently to put the booths together and develop the creatives for distribution and the booths standard look.

- Custom designed slide on the homepage of the local website clickable to the TICA and Dr. Elsey Precious Cat webpage(s) from the Pet Expo site
- Logo(s) on the right column side of each page of the website (31,000 unique hits the month leading up to the Pet Expo)
- Logo(s)/name(s) mentioned on all media, including radio, broadcast TV, and cable TV stations like Animal Planet, TLC, NatGeo, Discovery. Weekly impressions equal or exceed 300,000.
- Dedicated press release for Dr. Elsey and TICA
- FaceBook ad campaign for Dr. Elsey and TICA
- E-blast campaign for Dr. Elsey and TICA
- Logo(s) on the front and back of the Amazing Pet Expo show program

TICA along with Precious Cat will again sponsor the Kitten Pavilion at the Denver County Fair in conjunction with the Yellow Rose Cat Club show. This was a huge success in 2015 with the independent survey results showing why people attended. The top draws:

29% = Craziest County Fair in America

21% = Kitten Pavilion sponsored by TICA and Dr. Elsey Precious Cat and Lil BUB present

17% = Carnival

15% = Food

TICA, through corporate sponsorship with Precious Cat, also sponsored Pet Lovers Pet Expo in Abbotsford, BC, Canada, with the cat show hosted by CanAm Cat Club, and Maple Ridge Pet Expo in BC, Canada with cat show hosted by Cat Fanciers of British Columbia.

In 2016, we have added Family Pet Shows Expo and will have a hosted cat show by Central New Jersey Cat Club in November 2016.

TICA will again be the Gold Sponsor of the World Pet Association, America's Family Pet Expo (WPA-AFPE) in Orange County, Southern California, April 22-23-24. This will be TICA's third year with Precious Cat hosting a huge cat show and premier educational event. Again, TICA represents the feline presence at this huge top class expo with massive media exposure.

TICA continues to receive Affiliate Revenue from Red Roof Inns, Motel 6, Embrace Pet Insurance, Young Again Foods, and in 2016, we are working to develop additional Affiliate programs with other major companies.

We continue to have TICA branded Seal of Approval on Nekochan Inc cat products. As a special note, I am in current negotiations with two additional worldwide companies who have requested purchase of TICA's Seal of Approval for their products. It should be noted that not all companies who apply for TICA Seal of Approval are awarded this honor. To date, we have declined two companies request.

At this writing, I am working with other companies to finalize their 2016-partnered sponsorship with TICA. Hopefully these agreements will be in place by time of Board meeting and I can provide an update of these details.

Future Projections for Business Development:

At this writing, we have secured the 2016-partnered sponsorship from Dr. Elsey Precious Cat with a significant 38% increase in funds over the 2015 agreement. The 2016 agreement will continue to cover costs to:

- Clubs for show sponsorships
- Our Annual Event and Show
- Attend and host shows at Pet Expos
- Attend Veterinarian Conferences for distribution of our Breed Posters
- Advertise in the TICA TREND

The 2016 agreement will also be covering:

- Reprinting of a 2016 version of TICA's World of Cats Visitor Guide
- Advertising money for the TICA website

And most exciting is:

A second brand new coloring book-the TICA Colorful World of Cats entitled: "All Kinds of Purrfect." The coloring books have been a tremendous asset at the both pet expos and the veterinarian conferences.

Respectfully Submitted,

Amend Judging Program 49.4.6.5 and 49.6 (Judges from NA) – Hicks

Rationale:

To make this equal across the world and not penalize North American applicants from other Associations.

Amended Rule:

Delete 49.4.6.5:

~~49.4.6.5 Must resign their current Judge's License prior to applying, if applying from an association within North America~~

Amend 49.6

49.6 All applicants must meet the basic requirements of 49.4; however, as the individual circumstances in each case are different, ~~in considering applicants from regions/countries other than North America,~~ it is recommended that each applicant be considered separately for any additional requirements. The Board may approve the applicant at an appropriate level, require additional work, or deny the applicant. With the approval of the Board, the Judging Administrator may designate someone residing in a particular country/region to act as an assistant in that country/region

Rules Committee Comments:

(A) I'm not sure what she means to make things equal. The only ones that really ever keep their licenses are our traditional judges...GCCF, FIFe, etc....I think there ought to be some commitment from our crossover judges to TICA. If we can judge for other North American associations and hold a license from them, why not just combine all our associations into one.

(B) I assume that the proposal is that judges from other North American organisations need only resign from their existing organisation once they are accepted in TICA since Standing Rule 2013.1.2 will still apply. I feel that 49.6, as it stands, does discriminate against judges - not just from Northern America since a CFA judge from Europe (for example) would be forced to resign their license prior to applying since CFA is headquartered in the US.

Amend Judging Program 418 – Hearings (Mays)

Rationale:

TICA is almost 37 years old, and it is time for our Judges to receive due process hearings, if requested.

This proposal does not change or affect 418.13.

(This is a revised submission, based upon feedback at the Annual Board Meeting).

Amendments:

Add new rule 418.1.4:

418.1.4 Penalties shall include, but not be limited to, being dropped from the judging program, being denied advancement within the program, or being demoted following a hearing, if requested. (see 418.16)

Amend 418.7

In the event ~~a~~ **an Approved Specialty or Provisional Allbreed** Judge's license is not renewed, and there are extenuating circumstances of which the Board is unaware, the Judge may ~~ask the Board for a hearing. However, the Board is under no obligation to grant the hearing.~~ **request a hearing within 45 days of the denial date by notifying the EO and copying the JA.**

Delete 418.14 and 418.15:

~~418.14 An Approved Specialty Judge is on probation in the Judging Program. S/he may be dropped from the Judging Program, or denied advancement within the Judging Program, at any time upon demonstration of just cause. A hearing is not necessary.~~

~~418.15 A Provisional Allbreed Judge is on a trial basis in the Judging Program. S/he may be dropped from the Judging Program, or denied advancement within the Judging Program, or demoted, at any time upon demonstration of just cause. A hearing is recommended.~~

Amend 418.16

418.16 No action may be taken against ~~an~~ **any Approved Specialty Judge, Provisional Allbreed Judge**, Approved Allbreed Judge or an Instructor without full documentation of charges against that Judge and a hearing before the Board of Directors except as provided in Article 418.3.

Rules Committee Comments:

(A) I don't understand the rationale for not including Probationary Speciality surely they also have the right to a hearing. Why treat them differently? After all they may well be the ones who require more support.

(B) I agree with (A). Please could we find out why they have been excluded? Could it be an oversight?

(C) I think Probationary Specialty judges are just that.. on probation - if they do something that is negligent, then they have no right to a hearing.

(D) I agree with (C). However, I think this discussion is up to the board. I wouldn't delete 418.14 neither 418.15. I think the right for a hearing needs to be progressive connected with the progress of the candidate through the different steps in the JP.

(E) I see both points of view. In employment, it's normal to have a probationary period - and the employer has more leeway to terminate employment without formal hearings.

However, our judges are not employees - they are volunteers who have invested their own time and money into becoming judges. Why can't a Probationary Specialty judge be entitled to a hearing like any other judge?

(F) OK, let's not forget that all TICA Judges are first, Members of our Association. No appointed, elected or earned position within our Association would and could diminish the rights of a member. So, take a look at our rules and find where a member is not given "DUE PROCESS"

Amend Standing Rule 2017.1 (Judges' Books) - Stadter

Rationale:

Brings timescale for scanned books into line with the deadline for club returns (209.1.1.4)

Amended Rule:

Amend Standing Rule 2017.1 as follows:

2017.1 Judges Books. Judges must forward the COVER and the ORIGINAL (white copy) of all pages of the judge's book to the Executive Office of TICA within 48-hours after the close of the show. Alternately, judges may forward a scanned document containing the cover and all white pages to the Executive Office within ~~48~~ **72** hours after the close of the show.

Rules Committee Comments:

(A) Agree to 72, gives me a bit of extra flexibility if travelling further from home

(B) Playing devils advocate, if you give some people 3 days, they will take 5...;) I don't care one way or the other-;)

(C) I don't have a problem with this and as Sunday is not a day the post office is open (at least in the U.S.), it would seem fair all around to make it 72. It is also easier to comply when traveling overseas to shows. Sometimes the judge will be doing 2 consecutive weekends out of town/country and not have access to a way in which to send books in 48 hours.

(D) It says "forward" not mail or fax within 48 hours (or 72 if accepted) so is the second sentence necessary because scanning is also forwarding.

Mailing takes longer than scanning so if a change is wanted why not all at 72 hours. Scanned books are going to get there faster than a mailed book anyway.

(E) Further in that same rule is another 48 hours: "If a scanned book is used in lieu of the original, the judge must retain the original judge's book until one year after the close of the show season to which that judge's book relates, and must provide the original judge's book to the Executive Office within 48 hours if requested to do so."

(F) I think the additional reference is a separate case – the EO would be raising a query during the audit of the show, so a quicker response is needed from the judge. I'm not so sure the proposed fix is as simple as it first appeared.

Amend Standing Rule 901.4.3.2 (IW/RW Award Eligibility) - Bangle

Rationale:

This is something Fate and I talked about, that I meant to mention in Salzburg. I would like to propose this Standing Rule change, and then take the realignment question for MP/SW off the table. It seems like the main argument to combine the regions is that RW cats are sneaking in with minimal points. Instead of changing the regions, let's just change the rule. I also propose that this rule take effect May 1, 2016.

Amended Rule:

901.4.3.2 In order for a cat/kitten to be eligible for a regional award, it must **earn at least 1,000 IW/RW points, and** be shown at least once in that region. An exception will be made in the case of kittens and household pet kittens in that a show as an adult will fill the requirement that they be shown one time in the region.

Rules Committee Comments:

(A) I believe it has merit whether or not it has anything to do with region realignment - since all regions are top 25 awards now it can take very little to win an award in some regions - certainly cats are getting awards who may have had only one or 2 finals.

(B) I don't see any problem with this.

(C) You might want to consider a modification to the proposal for isolated areas.

(D) I understand your point about isolated areas but there's never been any concessions for isolated areas in IW/RW points before. There is something but it is for titles only.

(E) I think there's a lot of merit in the proposal, regardless of any re-alignment issues. We have a minimum threshold already for colour/breed wins (Standing Rule 901.1) so one for IW/RW as well makes sense.

Top 15 Finals (Board Directive)

At the Spring 2015 Meeting, the Board directed Rules Committee to prepare amendments to the rules to implement Top 15 Finals.

In reviewing this, the Rules Committee was unable to reach a consensus on the best way to proceed. In addition, the lack of any information on the programming implications (both in terms of costs and magnitude of system changes) for any such change made reaching any decision difficult.

The following options have been identified, together with pros and cons for each option. Rules requests that the Board confirm which option Rules should use to develop rule changes, or provide an alternative preferred option.

Option 1: Do nothing and leave it as Top 10

Pro: Avoids any expense or work in the EO to change to Top 15 - which affects less than 5% of the shows

Con: No Top 15 Finals

Option 2: Increase all existing Finals points by 50 points, and insert 11th to 15th Best points (using existing method of reducing by 10 points at each stage) but leave existing title points thresholds the same.

Pros: May reduce complexity of change for Top 15; Increase in points value means 11 – 15 Finalists will get more points than non-Finalists.

Cons: All Cats/Alters/HHPs will get titles faster as a result of increasing Finals points - this applies to all shows held and possibly "cheapens" TICA Titles

Option 3: As Option 2 but increase all title thresholds by a suitable percentage (e.g. 25%) to recognise the increase in points values.

Pros: Ensures existing challenge of obtaining TICA titles is maintained for all shows, regardless of count size; Increase in points value means 11 – 15 Finalists will get more points than non-Finalists

Cons: Additional changes to adjust the title thresholds

Option 4: Keep existing points range for Top 10 rings, but in TOP 15 rings only, Finals points are from 250 (AB) or 200 (SP) downwards

Pros: Maintains existing challenge of obtaining TICA titles for the vast majority of shows, yet allows for Top 15 Finals where needed.

Cons: Very complex to implement and administer. May encourage "stuffing" of classes to increase cat count

Option 5: Award 100 points (AB) or 50 points (SP) to each 11th to 15th Best

Pros: Possibly simpler to implement

Cons: Goes against the current TICA ethos of awarding finals and ranking the cats within that Final

Add Standing Rules 907.4 – Therapy Cat Title Program (Board Directive)

Rationale:

The purpose of these titles is to honor the cats and owners for the dedication required in performing as a therapy team. TICA would be the first cat registry that gives actual titles for these special cats and their owners.

Following agreement to establish an official TICA Program at the Spring 2015 Board Meeting, Rules Committee were directed to prepare a suitable set of Standing Rules.

In preparing these rules, the Committee decided that an initial title level (Therapy Cat Novice) was appropriate to encourage participation in the program whilst building up visits to qualify for the other titles.

(At the Annual 2015 meeting, the Board decided to defer consideration of the proposal until the Winter 2016 meeting so that Laurie Patton could work with Rules to address differences between what she originally submitted and the proposed rules below. Rules Committee did not hear from Laurie Patton within the timescales for proposals for this meeting. Rules is therefore re-submitting the proposal originally on the Annual Agenda.

Also, another member has requested the proposal that was on the agenda at the Annual be re-submitted to the Board “as is”)

Rule Additions to Standing Rules:

907.4 Therapy Cat Title Program. The purpose of this title program is to honor cats and their owners for the dedication required in performing as a therapy team. Therapy teams might visit entities including, but not limited to, hospitals, skilled nursing facilities, group homes; schools, after school facilities, or individual's homes for those who are home bound, with the purpose of making a positive difference in peoples' lives.

907.4.1 Eligibility for titles.

907.4.1.1 The Therapy Cat Title Program is available only to TICA members in good standing.

907.4.1.2 Cats participating in the program must

907.4.1.2.1 Be registered with TICA

907.4.1.2.2 Be registered/certified by and affiliated with an approved therapy pet organization

907.4.1.2.3 Complete the required number of visits under the guidelines of the registering/certifying therapy pet organization

907.4.2 Requirements for titles.

907.4.2.1 The title of Therapy Cat Novice (TCN) will be awarded upon a team's completion of 10 visits.

907.4.2.2 The title of Therapy Cat (TC) is awarded after the team has completed 50 visits.

907.4.2.3 The title of Therapy Cat of Excellence (TCX) is awarded after the team has completed 100 visits.

907.4.2.4 The title of Therapy Cat of Distinction (TCD) is awarded after the team has completed 200 visits.

907.4.3 Claiming titles. Upon completion of the required number of visits, titles may be claimed by

907.4.3.1 Completing the official claim for title form, documenting and certifying the required number of visits.

907.4.3.2 Submitting the required processing fee of \$20.

907.4.4 Recognition. Upon successful completion of each title level, the therapy cat will receive the appropriate certificate and badge.

907.4.5 Approved pet therapy organizations.

907.4.5.1 The Executive Office will maintain and publish a list of approved organizations.

907.4.5.2 Generally, therapy animal organizations which are recognized by the AKC (or the equivalent national canine registry) for Therapy Dog titles will be considered approved organizations.

907.4.5.3 Additions to the list may be requested by submitting proof that an organization is an organized therapy animal group, it conducts a screening program for volunteers and their cats, provides educational material on volunteering in therapy situations, and provides for insurance for their volunteers and animals

907.4.6 Members participating in this title program must certify that they understand that this title program is not a Service Animal program and TICA's awarding of titles must not be used to gain any special access or privilege afforded to Service Animals.

Rules Committee Comments:

A) I like it! I think it's a great program! This way cats that do this all the time will get recognition for their work.

B) I like this too. I might even give it a try!

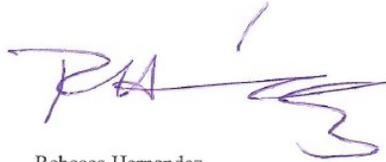

C) I like this a lot, and am glad that we've decreased the number of required visits to earn a title so that it will not be such a daunting process.

D) This is a welcome addition to the range of awards open to TICA-registered cats

Dear TICA Board Of Director:

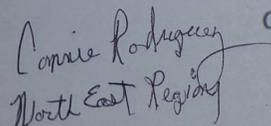

Thank you so much for taking your time to consider the advance of the Minuets to the Championship. Since I started first acquiring and then breeding the Minuets, I felt in love how wonderful, intelligent and loving cats they are. When I started with this breed, there wasn't a lot of breeder and now I can see a lot of minuets breeders because all of them love and trust them. They are interested in the development of this breed working, learning and mentoring new breeders no matter that we are in different places in the world. I am the first Minuet breeder in Puerto Rico and the people here are responding so well with this breed that most of them are planning to show them and become a breeders too. The veterinarians here love the breed and they told me that their body composition is well distributed and they don't see dangerous risk in their body throughout their life. If you let us show you we can demonstrate that the minuets have all the characteristic for the consideration of the advance of these adorable breed and that they meet the proper structure and each year we are progressing to meet all the expectations that the BOD requires to the advance. This breed capture all the attention of all cat lovers, even the ones who are breeding other breeds. This breed are an easygoing temperament and they don't have health problems based on what its founder created and they can live the same time as other breed can even when they come in short legged too. Please consider and take a little more time and watch that this wonderful, gorgeous, intelligent, healthy breed. We can demonstrate that they have the rights to be part of the championship since they have the standard to be a good quality breed. Thanks for your attention of this matter and looking forward in your good judgement to take the opportunity to the Minuets for advance to Championship.

Hello, My name is Connie Rodriguez. I am a TICA member and use Minuets in my breeding program. I have fallen in love with this breed, not just for their captivating looks, but for their amazing personalities. These wonderful cat greet our company at the door and demand attention. They have absolutely no fear of strangers and prefer to be in the lime light. I have a beautiful Minuets that meets the current standard and am anticipating that the Minuets, make Championship soon. I have a very extensive list of people waiting for kittens and all of our kittens leave our home TICA registered. When the Minuets make Championship, their will surely be an out pour of people seeking these beauties! If you have any questions at all, please do not hesitate to call me.

Yours
Truly,
Connie Rodriguez

Greetings to the board of directors:

My name is Gloria Owens. I am a AKC judge and breeder. I have finished 70 Champion dogs since 1973, most of which I bred under my Windjammer prefix. I focus on health, soundness and beauty. When I judge, people whisper that I am a "head hunter". Yes, they do need a pretty head but also must be structurally sound.

I also have a passion for Minuet cats and breeding and perfecting them. These cats are very important to me. I love the temperaments and overall look of them. I feel that they are the best cat for my taste, with their short little legs and their bold expressions and beautiful heads. They act like little dogs by the way that they meet and greet strangers.

All that being said, I have a wonderful vision for these Minuet cats in the future of TICA!

I have attended a few shows so far and have shown 7 different Minuets so far and plan to show more!
I Have a few Minuets that have been placed in show homes and plan to show or have been shown so far!

I want to make TICA proud of our great breed. Thank you TICA for all that you have done for our breed.

Humbly yours, Gloria Owens

Hello, TICA Board Members,

My name is Jennean Warren a TICA breed member and small time breeder of the Minuet breed group. I am planning and looking forward to showing my kittens next show season. I one new show kitten I look forward to showing but sadly there are not enough shows in my area for me to get to. So I can only show once a year.... I am located in Joplin MI and plan to attend next year's shows in the area with my kitten. I look forward to showing my new kitten next show season even if it is only in anb but showing in championship would be a lot of fun as well. Thank you again for your time in considering this breed for championship.

My Name is Lisa Martin and I have the registered Cattery, NapTimeNapoleon that is in the GL Region. Years ago, I didn't know what it meant to be a good breeder. I had been breeding one pair for several years to produce Minuets. I didn't understand how important it is to have registered cats, to promote the breed, to have written contracts, and so much more. I just knew what a Minuet was and I was having a litter or two a year because I love the breed and I love having the ability to help other people get the chance to love them as much as I do.

Then I came across a Minuet breeder who explained to me what a good breeder is and invited me to join the Facebook groups. I quickly was taken into the family of Minuet breeders who have taught me so much! I can never express my gratitude to David Hodge and Joe Smith for teaching me so much along with all of the other breeders in these groups. Now I know what a good breeder is and what it means to the breed as a whole, I have worked hard to create an excellent cattery that produces healthy, beautiful kittens.

The breeders I know are very dedicated to seeing this breed get to Championship status. We are going to as many shows as possible and spreading the word about this amazing breed. I can say for myself that I am willing to do everything I can to advance Minuets.

I hope that T.I.C.A. has the faith I have in this breed and will allow us to advance.

Thank you for considering Minuet for Advancing,

Lisa Martin *Lisa Martin*

Dear TICA Board Of Directors:
My name is Lisa Stahl,
I live in MA again and I have shown once back before we where in PNB I showed a kitten as HHPK. His name was Jake a LH white Napoleon at the time. I feel in love with showing then and sadly do to family matters, I had to stop breeding for a while.... I am now breeding and planning on showing in the summer of 2016 with my new kittens.
If the Minuets do advance to Championship I will look even more forward to showing in TICA. My daughter and myself look forward to showing again. I thank you in advance for your consideration of our beloved breed!

Dear TICA Board Members,

I am a member of the Minuet Breed Group and a member of TICA in good standing and having met all requirements to do so, I am in favor of the NP/NL advancing to Championship.

I plan to breed Minuets and produce show quality kittens based on the breed standard created by our group.

To the members of the TICA Board of Directors:

As a member of the Working Breed Group of the TICA Minuet (more commonly known throughout the world as the Napoleon cat), I am writing to express my sincere desire that this wonderful breed will be advanced to Championship status as soon as possible. I presently show them in ANB and am very much looking forward to showing my cats in Championship class in TICA, and not only in the other registries where they are already competing in Championship class as Napoleons. This well-established breed has a great deal to offer the Fancy and the many cat lovers who have already found a deserving place for them in their hearts.

Thank you for your kind attention.

Respectfully,

My name is Sandy Groleau and I breed and plan to show Minuet Cats. I am hoping they are advanced at the board meeting.

I am a former Persian breeder, but have fallen in love with the Minuet cats. I started with a few nice Munchkins and bred them with my Persians. Terri Harris encouraged me to try showing my cats and it was so exciting to talk with her and other breeders at my first shows.

My goals include starting with the best foundation stock I can afford and keeping the best kittens to show and use to advance this wonderful breed. I am a small breeder with limited income, but I plan to show my Minuets because I believe that is the best way to evaluate my breeding program. I will listen to the judge's comments and those comments will make me look objectively at what I need to do to improve the quality of my kittens.

I have gathered a few cat breeders in Minnesota in the hope of having a TICA show in this area. Our hope is to create more interest in showing cats. All the breeders in Minnesota would benefit.

Sincerely,

Sandy Groleau

My name is Sherri McConnell.
I breed & show Munchkins & Minuets that are TICA registered. As a Munchkin breeder I have noticed the difference in the look of both breeds. The Munchkins breed will always be my dream but I enjoy showing with my daughter and she has opened my world to the Minuets. I hope that they advance to Championship so that we can show both our Munchkins and Minuets together. I also have Napoleons I plan to show later next season.

33.8 10.1- Breeders must Submit Evidence of Sufficient Activity of Interest
several breeders have been working with Dr. Leslie Lyons, Formerly of UC Davis.
They are working on locating the Gene(s) located with the dwarfism in cats.
Several breeders have sent in DNA samples to help locate this gene(s).
Our breed group is also working on getting the public aware of our name change.
This year our breed group has come together and wrote a new updated standard that we
hope will help the judges understand what we are looking for in our cats better.

Here is a copy of our current standard that has not been changed
From the TICA website.

MINUET BREED GROUP (MNT/MNL)

The Minuet and the Minuet Longhair are short legged, medium to substantially boned cats. They are distinguished only by the appearance of the coat with the shorthair having a plush all weather coat and the longhair a long silky coat with britches and a plumed tail.

PERMISSIBLE OUTCROSSES: Persian Breed Group, Munchkin Breed Group.

HEAD:
Shape: Round, broad, with well rounded contours when viewed from any angle. Cheeks moderately full, top head rounded but not domed.
Ears: Medium with preference given to slightly smaller ears but not extreme. Rounded tips. Set wide apart.
Eyes: Large and round, wide open but not protruding. No brow ridge. Deep brilliant eye color is preferred which conforms to coat color.
Chin: Rounded and moderate
Muzzle: Moderately short and broad with well rounded whisker pads.
Nose: Moderately short, broad and with an obvious stop, but no break; not snub. Top of the nose leather should not

come above the lower edge of the eye.
Profile: Gentle curve to a moderate stop
Neck: Head should blend into moderately short neck.

BODY:
Torso: Semi-cobby, well rounded. Straight top-line preferred, slight rise from the shoulders to tail is acceptable.
Legs: Short, well developed, firm musculature. Outer upper thigh boning and musculature may be thick and pronounced due to short legs. Inner leg straight with little to no bowing though slight bowing is acceptable.
Feet: Rounded and neat, tufts on longhairs.
Tail: In proportion to body length or longer, not short. Long hairs should be plumed and flowing
Boning: Medium to substantial. In front, legs should be short and straight from the breadth of the chest adding to sturdy appearance.
Musculature: Substantial, firm and noticeable on front legs, not to be confused with bowing

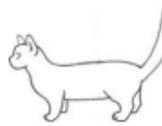

COAT/COLOR/PATTERN:
Length (MNT): Short Dense but slightly longer than other shorthairs; standing away from body.
Length (MNL): Semi-long, guard hairs long and straight. Stands away from the body. Noticeable ruff but not extreme. Seasonal variations in coats shall be recognized. Britches are shaggy.
Texture (MNT): Short, plush double coat preferred, all weather, not lying flat.
Texture (MNL): Soft, slight undercoat gives the coat body but coat still falls smoothly. Not cottony. Possible curls on underbody.

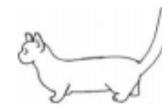

CONDITION AND BALANCE: Good muscle tone; well-muscled, but not fat.

Revised 1/23/15 Minuet Breed Group Standard, 05/01/2012

Legs disproportionately short but no more than 1/3 shorter than the body length to avoid overly short legs.

GENERAL DESCRIPTION: The Minuet is a hybrid of the Persian Breed Group and the Munchkin breed group. The desired result is a cat that resembles the Persian of earlier eras with the shortened legs of the Munchkin. The ideal Minuet is an active cat with a playful attitude, medium sized and strong with noticeable boning and musculature, especially on the short hair group. The cat should have a very open and round face with a sweet expression and large eyes that do not tear. The coat should be non-matting

PROPER LEG LENGTH

TOO SHORT

LOCKETS: Allow

PENALIZE: Brow dome, snub nose, wedge shaped head, thin muzzle, large pointed ears, small and close set eyes, tearing, inadequate nose, tiny nares, protruding sternum, tail fault, crossed eyes. Legs that are too short, less than 1/3 the length of the body.

DISQUALIFY (DQ): Nose break, severe malocclusion, non-standard leg length, severe tail fault.

▼▼▼▼▼
Temperament must be unchallenging; any sign of definite challenge shall disqualify. The cat may exhibit fear, seek to flee, or generally complain aloud but may not threaten to harm. In accordance with Show Rules, ARTICLE SIXTEEN, the following shall be considered mandatory disqualifications: a cat that bites (216.9), a cat showing evidence of intent to deceive (216.10), adult whole male cats not having two descended testicles (216.11), cats with all or part of the tail missing, except as authorized by a board approved standard (216.12.1), cats with more than five toes on each front foot and four toes on each back foot, unless proved the result of an injury or as authorized by a Board approved standard (216.12.2), visible or invisible tail faults if Board approved standard requires disqualification (216.12.4), crossed eyes if Board approved standard requires disqualification (216.12.5), total blindness (216.12.6), markedly smaller size, not in keeping with the breed (216.12.9), and depression of the sternum or unusually small diameter of the rib cage itself (216.12.11.1). See Show Rules, ARTICLE SIXTEEN for more comprehensive rules governing penalties and disqualifications.

Revised 1/23/15 Minuet Breed Group Standard, 05/01/2012

Below is our new standard – we ask that the Board vote to approve this standard effective 5/1/16

Proposed Standard Changes:

COAT/COLOR/PATTERN:

Length (MNT): Short: Dense, but slightly longer than other shorthairs; standing away from body.

Length (MNL): Semi-long, guard hairs long and straight. Stands away from the body. Noticeable ruff but not extreme. Seasonal variations in coats shall be recognized. ~~Britches are shaggy. Dense, full, allowing for seasonal variations.~~

Texture (MNT): Short; Plush double coat preferred. all-weather, not tying flat.

Texture (MNL): Soft, slight undercoat gives the coat body but coat still falls smoothly. Not coltony. Possible curls on underbody.

CONDITION AND BALANCE: Good muscle tone; well-muscled, but not fat. Legs disproportionately short but no more than 1/3 shorter than the body length to avoid overly short legs.

GENERAL DESCRIPTION: The Minuet is a hybrid of the Persian Breed Group and the Munchkin breed group. The desired result is a cat *that should be medium in size and strong, with noticeable boning and musculature, resembles the Persian of earlier eras with the shortened legs of the Munchkin.*

This cat should have a very open and round face with a sweet expression and large eyes that do not tear. The ideal Minuet is an active yet laid back cat with a playful attitude. medium sized and strong with noticeable boning and musculature, especially on the short hair group. The cat should have a very open and round face with a sweet expression and large eyes that do not tear. The coat should be non-matting

ALLOWANCES: Lockets, nose bump

PENALIZE: Brow ridge dome; snub nose; wedge shaped head, thin pinched muzzle, large pointed ears, small and close set eyes, & tiny nares. tearing, inadequate nose, tiny nares; protruding sternum; tail fault, crossed eyes. Legs

~~that are too short, less than 1/3 the length of the body.~~

WITHHOLD ALL AWARDS: Excessive tearing

DISQUALIFY (DQ): Nose break, crooked nose, excessive bowing, severe malocclusion, non-standard leg length, severe tail fault.

(Drawings removed.)

Rules Comments on Minuet Advancement – ANB to Championship

The Rules Committee has reviewed the application for Advancement of the Minuet from Advanced New Breed to Championship, and believes that it meets the criteria set out in Registration Rules 33.8 for advancement.

THE INTERNATIONAL CAT ASSOCIATION, INC.
ADVANCED NEW BREED ADVANCEMENT TO CHAMPIONSHIP

Name of Breed: Donskoy

33.8 Championship Status Requirements. An Advanced New Breed may apply for Championship Status upon completion of the following:

33.8.1 At least 1 year has passed since the breed was first advanced to Advanced New Breed status. The Board of Directors at its discretion may reduce the time required of Transfer New Breed.

Date (meeting) advanced to ANB: Winter Meeting 2015 - 23-25th January

33.8.2 A minimum of 200 adults registered in any full member association of the World Cat Congress (WCC) of which a minimum of 50 are registered in TICA at a level potentially eligible for championship competition.

Attach Addendum A.

33.8.3 List of at least 35 shows licensed by WCC organizations of which at least 10 must be TICA shows where cats have been exhibited, including region/countries and judges. A Show shall be defined as a "show catalog" for this purpose.

Attach Addendum B.

33.8.4 List of 25 unique individual cats that have been shown, including registration numbers (code + six digits) and region/countries shown.

Attach Addendum C.

33.8.5 List of judges who have judged the breed.

Attach Addendum D.

33.8.6 A minimum of 5 regions are represented by a minimum of fifteen breeders who are TICA members in good standing actively breeding the breed.

Attach Addendum E.

33.8.7 At least 25 unique cats shown in the Advanced New Breed Class including entries shown in at least five regions during the year preceding the application.

Attach Addendum F.

33.8.8 Submission of an electronic Application for Advancement to Championship to each member of the Genetics Committee and each member of the Rules Committee at least 90 days prior to the board meeting at which approval is sought. Any proposed modifications to a previously approved standard must be submitted with the application. Following approval of the proposal by the Genetics Committee and Rules Committee, the application must be submitted by the ANB Working Group Chair to the TICA Executive Office at least 60 days prior to the Board Meeting for inclusion in the agenda. Any comments of the Genetics Committee or Rules Committee must be included. The application must include the following: (applications available from the TICA Executive Office or at tica.org)

33.8.8.1 A Letter of Intent to apply for approval as a Championship Breed, signed by at least ten TICA members in good standing;

33.8.8.2 A proposed breed standard; (See 33.8.8) Include as a separate document in the application packet.

33.8.8.3 A proposed breeding program;

33.8.8.4 A processing fee of \$50. Include copy of DAR or other proof of payment (i.e. PayPal receipt, credit card receipt) in application packet.

33.8.9 A Notice of Intent to Apply for Advancement to Championship Status must be published in the TICA TREND at least 120 days prior to the meeting at which the application for advancement will be heard, and which invites comments about the breed to be forwarded to the Executive Office.

At the meeting of the Board where application is made:

33.8.10 Make a formal presentation at the meeting of the Board of Directors, including photographs, illustrations, statistics, health and breeding reports, examples of the breed and any other relevant material.

FOR INFORMATION ONLY:

33.8.12 No breed may recognize for championship cats which are phenotypically indistinguishable from an already established breed; that is, each breed recognized for championship must be unique. However, this restriction does not apply to registration. Such cats are acceptable for registration and breeding purposes.

33.8.13 If the breed is approved for Championship, a Breed Committee shall be elected in the next regular election.

33.8.14 Meeting the requirements set forth in these rules does not guarantee advancement. The Board of Directors shall judge each request for advancement on a case by case basis.

33.8.15 Every NEW breed must meet the following requirements in each of the next three show years following acceptance in order to retain championship status:

33.8.15.1 Register a minimum of 25 additional cats of the breed.

33.8.15.2 Exhibit a minimum of 10 individual cats of the breed in at least 15 rings in at least 3 regions.

THE INTERNATIONAL CAT ASSOCIATION, INC.
ADVANCED NEW BREED ADVANCEMENT TO CHAMPIONSHIP

33.8.15.3 Have at least 5 TICA members in a minimum of 3 regions who are actively breeding the breed.

33.8.16 It is the responsibility of the Breed Committee to document that all requirements have been met by providing a report to the Genetics Committee, the Rules Committee and the Executive Office. Failure to meet the requirements of 33.8.15 will result in the breed being returned to Advanced New Breed status.

ADDENDUM A.

33.8.3 A minimum of 200 adults registered in any full member association of the World Cat Congress (WCC) of which a minimum of 50 are registered in TICA at a level potentially eligible for championship competition. List the 50 TICA registered cats first.

Rules Comments on Donskoy Advancement – ANB to Championship

Rules Committee considers that the application for Advancement of the Donskoy from Advanced New Breed to Championship does not meet the requirements of Registration Rules and recommends that the Board takes no action on the advancement request.

The Committee believes that the Donskoy group should reapply at the next appropriate meeting once they have met the criteria in 33.8 (probably the Annual 2016 since the Spring meeting is held electronically)

The reasons are:

Firstly, they have not submitted their Intent to Apply for Advancement to the TICA Trend in a timely manner. TICA's Rules require this to be published 120 days prior to the board meeting where advancement will be considered. The Notice was only published in the Oct/Nov Trend (i.e. only some 60 days prior to the meeting date).

The application process requires proof of payment with the application. While Rules has no reason to suspect that payment has not been paid, proof of payment has not been supplied despite several requests.

The application as submitted did not meet the criteria in 33.8.7 (number of cats shown in ANB) although we understand that this would have been met by the time of the Board meeting.

Letters of Support, as originally submitted, were emails rather than signed letters as required by TICA's Rules.

LETTER OF INTENT

The Aphrodite Longhair and Shorthair would like to offer this letter of intent to go before the Board at the January 2016 Meeting to request advancement from Registration Only to Preliminary New Breed. We are requesting a waiver from the two year requirement because the Aphrodite is not a new breed. It is an established breed in Europe, Asia and Australia. It is accepted for championship in two WCF organizations. The only reason we did not go for an accelerated program is that Australia just accepted the Aphrodite for Championship in August, 2014 and does not meet the five year requirement.

Rules Comments on Aphrodite Advancement – RO to PNB

Rules Committee considers that the application for Advancement of the Aphrodite from Registration Only to Preliminary New Breed does not meet the requirements of Registration Rules and recommends that the Board takes no action on the advancement request.

The reasons are:

The Registration Rules clearly state that the progression from RO to PNB requires an elapsed time of 2 years (33.6.1). The Board has discretion to reduce this time only for Transfer New Breeds that have been at Championship status with a minimum of 2 WCC members for at least 5 years (33.10.1). The Aphrodite does NOT meet that criterion.

There were only nine litter registrations - actually only six litter registrations and three litter applications for registration – not the required 10 in the packet. Although they make mention of two additional litter registrations on their application form there is no evidence of these having been submitted.

Similarly they only have 12 individual cats registered when the application requires 15 individually registered cats at the time of the application, with a comment of eight additional registrations “in the works”.

Finally, they have not submitted their Intent to Apply for Advancement to the TICA Trend in a timely manner. The Rules require this to be published 120 days prior to the board meeting where advancement will be considered. Their Notice was only published in the October/November TICA Trend - two months shy of the required time for the notice to be published.

SHOW RULES

23.6.6 The entry is prohibited by law.

23.6.7 The last entry day is past. The last entry day is the last day and time that entries are accepted, notwithstanding any advertised "closing date". The show committee shall accept entries in the order received, however, may give preference to entries accompanied by payment.

23.6.7.1 In the event that a show committee has declined any entry pursuant to 23.6.7, no further entries may be accepted for any reason whatsoever.

SHOW RULES

33.8.3 List of at least 35 shows licensed by WCC organizations of which at least 10 must be TICA shows where cats have been exhibited, including regions/countries and judges. A show shall be defined as a “show catalog” for this purpose.

In particular, whether in 33.8.3, the 10 shows referred to, should be clarified as 10 shows whilst the breed iw in QNB. At the moment it is a grey area.

Championship Advancement Criteria (Rules)

Now that Rules Committee has some experience of the revised rules for advancement to Championship, Rules has identified an ambiguity in the advancement criteria.

In 33.8.3, the requirement is to provide a “List of at least 35 shows licensed by WCC organizations of which at least 10 must be TICA shows where cats have been exhibited, including regions/countries and judges.”

For the 10 shows referred to, should this be clarified as 10 TICA shows whilst the breed is in ANB?

(Additional TICA shows could be listed as part of the 35 – but these need not be at ANB level).

If the Board agrees that clarification is required, Rules will then prepare appropriate rule changes in time for Board approval to be placed on the 2016 ballot.

SHOW RULES:

22.1.2 Show Dates. When a club desires a show date from the Regional Director, they may request that date in writing. After 30 days, there being no response from the Regional Director, the club may proceed with the show date, scheduling it through the Executive Office by providing the Executive Office with a copy of the written request.

22.1.2.1 The Regional Director may deny a club a specific show date if there is a previously scheduled TICA show within 500 miles (805 kilometers) or in the *same* region on the requested weekend.

22.1.2.2 If there are **multiple** show requests for the same show weekend, shows may be held within 500 miles (805 kilometers) of each other **only with both A and B below**:

A. Written permission from the show managers, and

B. Written permission of the regional director or regional directors if the show requests are from multiple regions. The first club that requests a show date is authorized to have the show.

Reciprocity Agreement

This Reciprocity Agreement is between The International Cat Association (herein after called "TICA"), and The International Feline Foundation (herein after called "TIFF").

WHEREAS, it is recognized that TICA

- Promotes the preservation of pedigreed cats and the health and welfare of all domestic cats. (Mission Statement)
- Disseminates information to the cat fancy regarding breeding, exhibition, improvement of breeds, the care and welfare of all cats, and provides materials and information regarding feline issues of regional, national, or international importance. (Mission Statement)
- Encourages research on feline health issues and to provide readily available lists of resource materials on health issues to its members.

WHEREAS, it is recognized that TIFF

- Funds studies in feline health.
- Educates the public and breeders about feline health issues.
- One of only two organizations worldwide that is devoted solely to feline health.
- Is a funding source for breed related health studies.
- Funds studies of benefit to breeders.
- As a non-profit organization, TIFF gets free, positive publicity.
- Can be a positive influence with cat breeders and the public.

WHEREAS, the purpose of this Reciprocity Agreement is to establish a mutually beneficial relationship to promote the welfare of domestic felines,

WHEREAS, the respective Board of Directors are authorized by their Bylaws to enter into this Reciprocity Agreement,

WHEREAS, in consideration of the matters described herein, and of the mutual benefits and obligations set forth in this Reciprocity Agreement, the Parties hereby agree and covenant as follows:

1. TICA will recognize TIFF as its partner in the promotion and support of scientific research programs relating to feline diseases and health,
2. TIFF will recognize TICA as its partner in the dissemination of information related to feline health and welfare.
3. This Reciprocity Agreement is contingent upon and shall only remain effective as long as the respective statutory authority in each organization authorizing the reciprocal privileges remains effective.
4. This Reciprocity Agreement shall become effective upon the execution of the authorized Parties' signatures.

5. This Reciprocity Agreement may be terminated by either Party or their successor upon (30) days written notice.

This Reciprocity Agreement is not intended to limit or restrict the statutory authority of either Party.

ANFI (FIFE) is no longer the only stud book in Italy. There is already a new club affiliated to WCF which deliver pedigrees. A new association created recently will get soon the agreement from the Ministry to open a stud book. This association wishes to work with TICA (pedigree, ...)

What is the requirements needed?

It could be a good opportunity for us to put a foot in the door in Italy.

Thanks in advance

DONSKOY BREED REPORT

The Donskoy Breed achieved ANB status in January of 2015. The breed is continuing to grow inside and outside of the United States and there has been a notable increase in breeders showing with TICA. We are planning to present our data to the Board of Directors in January of 2016 with our recent petition to advance to Champion status.

To date we have shown in:

Europe North,
Europe West,
North East,
South Central,
South East

Over 200 cats are registered with TICA

The cat has been shown in the required 35 shows licensed by WCC

25 individual cat's shown requirement has been met.

We are continuing to encourage breeders to register their kittens and promote showing the cats to new owners to increase our presence in TICA.

There is a resparked interest in a possible black dilution color mutation in the breed long thought to be chocolate color. Kathryn Eden produced one of these rare colored kittens from black parents and had it's DNA tested by UCDAVIS and ORIVET. The color could not be identified. more information can be found here:

<http://donskoydiscovery.blogspot.com/p/unverified-color-mutation-in-donskoy.html>

The DNA and hair samples are currently being tested in France by Dr Marie Abitbol and her team at Alfort School of Veterinary Medicine in France ,interested in the possible color mutation that may have existed years ago but never found and sequenced.

The Donskoy cat was featured in the premier May/June 2015 issue of CATSTER (formally Cat Fancy). The Donskoy (Doneden Anastasia Atefa) was on the cover (bottom right), the owner TICA Breed Chair Kathryn Eden. Her cats were also featured on the inside pages of the article.

DONSKOY BREED REPORT

We are pleased and excited with our progress this past year and continue to work hard to advance the breed and maintain a healthy cat that meets the TICA standard.

Respectfully submitted for the Donskoy,

Kathryn Eden
Breed Group Chair

33.8.1 At least 1 year has passed since the breed was first advanced to Advanced New Breed status. The Board of Directors at its discretion may reduce the time required of Transfer New Breed.

Date (meeting) advanced to ANB: Winter Meeting 2015 - 23-25th January

33.8.2 A minimum of 200 adults registered in any full member association of the World Cat Congress (WCC) of which a minimum of 50 are registered in TICA at a level potentially eligible for championship competition.

Attach Addendum A.

33.8.3 List of at least 35 shows licensed by WCC organizations of which at least 10 must be TICA shows where cats have been exhibited, including region/countries and judges. A Show shall be defined as a "show catalog" for this purpose.

Attach Addendum B.

33.8.4 List of 25 unique individual cats that have been shown, including registration numbers (code + six digits) and region/countries shown.

Attach Addendum C.

33.8.5 List of judges who have judged the breed.

Attach Addendum D.

33.8.6 A minimum of 5 regions are represented by a minimum of fifteen breeders who are TICA members in good standing actively breeding the breed.

Attach Addendum E.

33.8.7 At least 25 unique cats shown in the Advanced New Breed Class including entries shown in at least five regions during the year preceding the application.

Attach Addendum F.

33.8.8 Submission of an electronic Application for Advancement to Championship to each member of the Genetics Committee and each member of the Rules Committee at least 90 days prior to the board meeting at which approval is sought. Any proposed modifications to a previously approved standard must be submitted with the application. Following approval of the proposal by the Genetics Committee and Rules Committee, the application must be submitted by the ANB Working Group Chair to the TICA Executive Office at least 60 days prior to the Board Meeting for inclusion in the agenda. Any comments of the Genetics Committee or Rules Committee must be included. The application must include the following: (applications available from the TICA Executive Office or at tica.org)

33.8.8.1 A Letter of Intent to apply for approval as a Championship Breed, signed by at least ten TICA members in good standing;

33.8.8.2 A proposed breed standard; (See 33.8.8) Include as a separate document in the application packet.

33.8.8.3 A proposed breeding program;

33.8.8.4 A processing fee of \$50. Include copy of DAR or other proof of payment (i.e. PayPal receipt, credit card receipt) in application packet.

33.8.9 A Notice of Intent to Apply for Advancement to Championship Status must be published in the TICA TREND at least 120 days prior to the meeting at which the application for advancement will be heard, and which invites comments about the breed to be forwarded to the Executive Office.

At the meeting of the Board where application is made:

33.8.10 Make a formal presentation at the meeting of the Board of Directors, including photographs, illustrations, statistics, health and breeding reports, examples of the breed and any other relevant material.

FOR INFORMATION ONLY:

33.8.12 No breed may recognize for championship cats which are phenotypically indistinguishable from an already established breed; that is, each breed recognized for championship must be unique. However, this restriction does not apply to registration. Such cats are acceptable for registration and breeding purposes.

33.8.13 If the breed is approved for Championship, a Breed Committee shall be elected in the next regular election.

33.8.14 Meeting the requirements set forth in these rules does not guarantee advancement. The Board of Directors shall judge each request for advancement on a case by case basis.

33.8.15 Every NEW breed must meet the following requirements in each of the next three show years following acceptance in order to retain championship status:

THE INTERNATIONAL CAT ASSOCIATION, INC.
ADVANCED NEW BREED ADVANCEMENT TO CHAMPIONSHIP

33.8.15.3 Have at least 5 TICA members in a minimum of 3 regions who are actively breeding the breed.

33.8.16 It is the responsibility of the Breed Committee to document that all requirements have been met by providing a report to the Genetics Committee, the Rules Committee and the Executive Office. Failure to meet the requirements of 33.8.15 will result in the breed being returned to Advanced New Breed status.

ADDENDUM A.

I am sorry this is late for the Annual. Being a new Chair I only found out recently that this was my responsibility to submit a yearly report. Can you please be sure Leslie Bowers receives this before she leaves for Austria? I hope it can be added to the yearly reports.

Respectfully submitted,
Kathryn Eden

DONSKOY BREED REPORT

The Donskoy Breed achieved ANB status in January of 2015. The breed is continuing to grow inside and outside of the United States and there has been a notable increase in breeders showing with TICA. We are planning to present our data to the Board of Directors in January of 2016 with our recent petition to advance to Champion status.

To date we have shown in:

Europe North,
Europe West,
North East,
South Central,
South East

Over 200 cats are registered with TICA

The cat has been shown in the required 35 shows licensed by WCC

25 individual cat's shown requirement has been met.

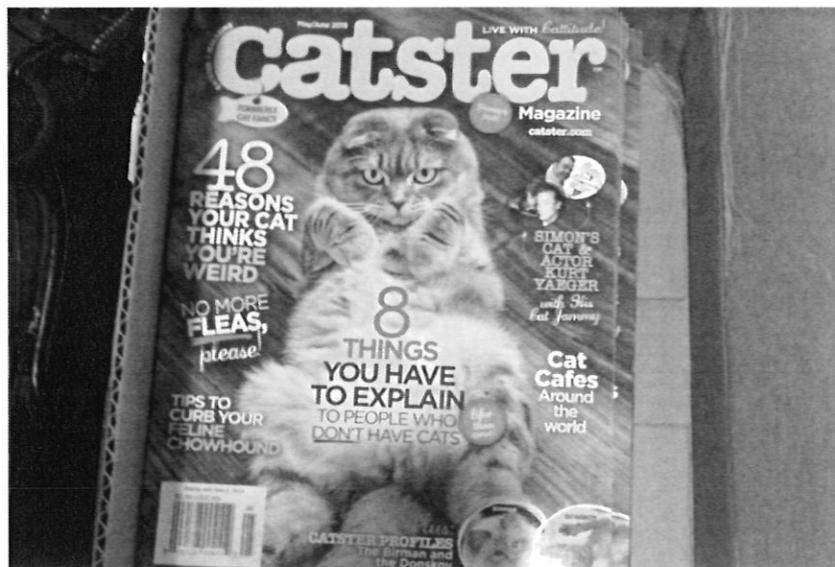

We are continuing to encourage breeders to register their kittens and promote showing the cats to new owners to increase our presence in TICA.

There is a resparked interest in a possible black dilution color mutation in the breed long thought to be chocolate color. Kathryn Eden produced one of these rare colored kittens from black parents and had it's DNA tested by UCDAVIS and ORIVET. The color could not be identified. more information can be found here:

<http://donskoydiscovery.blogspot.com/p/unverified-color-mutation-in-donskoy.html>

The DNA and hair samples are currently being tested in France by a geneticist interested in the possible color mutation that may have existed years ago but never found and sequenced.

The Donskoy cat was featured in the premier May/June 2015 issue of CATSTER (formally Cat Fancy). The Donskoy (Doneden Anastasia Atefa) was on the cover (bottom right), the owner TICA Breed Chair Kathryn Eden. Her cats were also featured on the inside pages of the article.

DONSKOY BREED REPORT

We are pleased and excited with our progress this past year and continue to work hard to advance the breed and maintain a healthy cat that meets the TICA standard.

Respectfully submitted for the Donskoy,

Kathryn Eden
Breed Group Chair

LETTER OF INTENT

The Aphrodite Longhair and Shorthair would like to offer this letter of intent to go before the Board at the January 2016 Meeting to request advancement from Registration Only to Preliminary New Breed. We are requesting a waiver from the two year requirement because the Aphrodite is not a new breed. It is an established breed in Europe, Asia and Australia. It is accepted for championship in two WCF organizations. The only reason we did not go for an accelerated program is that Australia just accepted the Aphrodite for Championship in August, 2014 and does not meet the five year requirement.
