Presented to:                    **Board of Directors - The International Cat Association**

It is my pleasure to recommend a strategic marketing and public relations plan for The International Cat Association (TICA).

The plan I have recommended is built on my first-hand knowledge of and experience with TICA (as a TICA member), the cat fancy as a breeder/exhibitor of regional winners, and my more than 20 years' marketing and public relations experience.

The attached PowerPoint presentation will be presented at the Board Meeting in May 2008. In addition to this presentation the following document provides an overview of the marketing services I would provide to TICA.

Previously with Franklin-Spirko, I am now an independent marketing and public relations professional and have several clients that develop products or provide services for the cat or animal industry ([www.purrsonals.com](http://www.purrsonals.com), Animal Spirit Network, Carla Person, Pop-N-Toss). I also have clients that are outside the animal/pet industry including Trump University, Coccora Press, The Orphan Foundation, Wisdom Wands, Bill Schmick (financial advisor), JJ Childers (tax attorney and author of several best-selling books on asset protection and financial wealth), Military Resume Wizard and Everlife Memorials.

I look forward to working with the Board of Directors, TICA's management team, and the marketing committee; and developing a strategic marketing plan that will continue to build TICA's reputation as the world's largest genetic registry of pedigreed cats.

Sincerely

Debra Decker

Letter to Martin Wood  
TICA Regional Director for Northern Europe

OneforAll Cat Club  
17 April 2008

Dear Martin,

The above recently established UK club (TICA Charter pending) wishes to apply for permission to hold a one-day 2 ring show on Saturday August 30, 2008 in Northern England.

The Club appreciates this date is the same date as the TICA 2008 Annual but this is the only date with any degree of availability within the UK's busy 2008 summer calendar and, as you are aware the clashing of show dates with the UK's GCCF is a major consideration. The date requested presents the minimum competition and is the only date on which the proposed venue is available for hire at an affordable rate.

Anticipated entry for the show is around 80 cats and two judges have been invited neither of whom had intended to attend the Annual.

The club submits that such a small show in Europe would in no way compromise the success of concurrent events in the USA but it is crucial to presenting an opportunity for newcomers to have "a taste of TICA" in the UK's North.

In consideration of your approval the club asks you to take into account of the fact that several UK TICA shows originally designated for the North of Britain were moved to the south causing disappointment.

It is essential to have additional TICA show opportunities within the North of England to enable TICA to establish a firm, nation-wide presence.

We trust this request will meet with your approval and that of the Board and as reservations needs to be made your earliest reply would be appreciated.

Yours sincerely

Secretary  
OneforAll Cat Club UK

Please add the following to the Governance Cycle under the Board Governance Rules

Governance Cycle: An additional cycle is the Governance Cycle, which includes a review of the make up and viability of regions every 3 years.

**ADD:**

***Individual states/countries/areas may not request changes before the scheduled review.***

### **Amend Judging Program 49.1.1 – Guest Judges (Housekeeping)**

Amend Judging Program 49.1.1:

49.1.1 International Guest Judge. A club may apply to the International Judging Committee for approval for a licensed Allbreed judge from a cat association outside of the United States or Canada to judge a TICA show.

Application shall be made on the official TICA Application for Invitation of International Guest Judge **form**.

Rationale:

International is no longer part of the Judging Committee's title.

### **Amend Application Form for Invitation of International Guest Judge**

The form will be amended to include contact details of the Guest Judge, so that the Executive Office can contact the judge directly rather than through the club.

Rationale:

This removes one potential for delay (club contacting the Guest Judge) and will speed up getting corrections to mechanical errors.

### **Amend Judging Program 49.1.4 – Club responsibilities for Guest Judge**

Amend Judging Program 49.1.4:

49.1.4 If the judge is approved by the Judging Committee, the club is responsible for furnishing the International Guest Judge copies of TICA Show Rules and Standards, and working with said judge on interpretation and clarification. ***In particular, Guest Judges must be aware of the need to provide corrections within 10 days when requested to do so by the Executive Office.***

Rationale:

Some guest judges are not providing corrections when requested or in a timely fashion. This holds up processing of automatic titles for shows that weekend and has knock-on effects on the production of title confirmations for all following TICA shows. Guest Judges need to be aware that corrections must be supplied promptly.

## Entry Clerking Program

The following items are being presented for approval to the Board:

Entry Clerking Program Requirements  
Entry Clerking Manual (to form part of existing Clerking Manual, starting at 511)  
Entry Clerk Evaluation Form  
Entry Clerk Contract  
Entry Clerking Program Application Form  
Entry Clerking Program Advancement Form

Rules Committee also proposes that the Board appoint Elaine Hawksworth-Weitz as the Entry Clerking Program Administrator.

Rules Committee comments:

(BT) We currently have 3 applicants working with these forms and rules as they are applying at the Annual and must have everything to me for the Annual by May 15th.

(LS) I have not had time to review the proposed contract – I am completely swamped at work and in addition have a number of discipline files to review which have to take priority.

(LS) There needs to be an exemption from the requirement to attend an entry clerking school (as there is for the clerking license), which is not apparent to me from the first document.

Also, I really don't understand why we want to make it yet more difficult and expensive to become a judge (which is, frankly, why anyone would bother with all of this in the first place). I think we are cutting off our nose to spite our face because, as far as I can tell, there is not some huge problem with entry clerks being incompetent.

## **INTRODUCTION**

*The success of any cat show is dependent upon many factors. Perhaps the most important is to have a well qualified, knowledgeable and competent entry clerk. Often, the exhibitor's first contact with the club is with the entry clerk.*

*The entry clerk can make the difference between whether an exhibitor enters the show or not. If the entry clerk is not helpful, or is slow to respond to inquiries, the exhibitor will relate that experience with the show and with the club. In large part, that relationship will determine whether the exhibitor will enter the show, attend a different show, or decide not to participate in any show.*

*There are many prerequisites to being an entry clerk. The skills of Head Ring Clerk and Master Clerk are building blocks to learning the job of entry clerking. An entry clerk must have strong organizational skills and be proficient in basic bookkeeping practices, possess strong word processing skills, and have a good working knowledge of a spreadsheet program.*

*An entry clerk must also be familiar with the current TICA Show Rules, By-Laws, Standing Rules, the breeds accepted in Championship and Advancement Classes (Preliminary New Breeds, Advanced New Breeds, and New Traits), colors and competitive divisions. An entry clerk must be able to answer questions from the novice to the experienced exhibitor.*

- 511.1 Purpose. The purpose of The International Cat Association’s Entry Clerking Program is to provide training to all interested and qualified individuals which will result in confident, competent, efficient and experienced, licensed entry clerks.

The applicant shall send a copy of the DAR to the Entry Clerking Administrator. Upon completion of these requirements the applicant shall be enrolled in the Entry Clerking Program as a Trainee and shall receive a copy of the Entry Clerking Manual from the Administrator.

- 511.3.5.4 The applicant shall return the completed exam within 60 days of the date the exam was mailed or emailed.
- 511.3.5.5 All applicants/Trainees must pass the Entry Clerking examination with a minimum score of 90%.

511.4 Relicensing. All Trainees and Licensed Entry Clerks will be relicensed on an annual basis and upon meeting the following requirements:

- 511.4.2 Completion of the annual relicensing examination with a score of 90% or better.
- 511.4.3 The relicensing examination must be completed and returned to the Entry Clerking Administrator within 60 days of the date the exam was mailed or emailed. Failure to comply with this deadline will result in the Trainee or Licensed Entry Clerk being dropped from the Entry Clerking Program.

511.7 Compensation. Entry Clerks who are in the Entry Clerking Program shall be compensated for their services at a rate mutually agreeable by the Entry Clerk and the Club. Non-licensed entry clerks may be compensated at the discretion of the show management.

511.8.1 Clerking Contracts. Clubs are encouraged to use the TICA Entry Clerking Contract to engage their Entry Clerk(s).

- 512.4.8 Handle exhibitor inquiries – phone calls, emails, etc.
- 512.4.9 Promote the show on-line.

- 512.4.11 Print the entry pages of the catalog. Refer to the 211.1 of the Show Rules (Article 11 – Catalog) for a complete listing of what needs to be included in the catalog. Proof the catalog prior to printing, having another person assist in the proofing process if possible. If the Entry Clerk is to be responsible for printing the catalog, make sure that enough copies are made for each exhibitor, judge, each ring, the master clerk, and any extras for sale to spectators. Note: The Master Clerk's catalog should be printed

one-side only, three hole punched, put in a 3-ring binder, and have the official TICA finals pages.

- 512.4.12 If required, bench the show hall:

  - 512.4.13.4 It is recommended that the pages in the judges' books be numbered in the upper right hand corner. This helps the Ring Clerk and Master Clerk confirm that all pages have been proofed and entered into the Master Catalog.
  - 512.4.13.5 Print judges' books for each judge for each day.

### *THREE – Entry Clerk Mechanics*

513.1 Introduction. It is essential that an entry clerk have a thorough, working knowledge of Color/Division mechanics in order to verify that the entries are correct in the catalog and judges' books. With properly categorized entries in the catalog and judges' books, the show will run much smoother.

513.2 Championship Competitive Divisions. There are twenty color divisions for championship competition (kittens, cats, and alters) in TICA. These are determined by combining four color categories with five pattern divisions. The four categories are: Traditional, Sepia, Mink, and Pointed. The following table lists the colors for each category:

| TRADITIONAL | SEPIA         | MINK      | POINTED   |
|-------------|---------------|-----------|-----------|
| White       |               |           |           |
| Black       | Sable or seal | Seal      | Seal      |
| Blue        | Blue          | Blue      | Blue      |
| Chocolate   | Chocolate     | Chocolate | Chocolate |
| Cinnamon    | Cinnamon      | Cinnamon  | Cinnamon  |
| Lilac       | Lilac         | Lilac     | Lilac     |
| Fawn        | Fawn          | Fawn      | Fawn      |
| Red         | Red           | Red       | Red       |
| Cream       | Cream         | Cream     | Cream     |

If the term “sable”, “sepia” or “mink” is not mentioned in the color, the color is not a Sepia or Mink category color. The term “point” will be part of the color name for all cats in the Pointed Category. The five pattern divisions are: Solid, Tortoiseshell, Tabby, Silver/Smoke and Particolor. When combined with the four categories of color, the result is the twenty competitive divisions.

|                           |                       |
|---------------------------|-----------------------|
| Traditional Solid         | Sepia Solid           |
| Traditional Tortoiseshell | Sepia Tortoiseshell   |
| Traditional Tabby         | Sepia Tabby           |
| Traditional Silver/Smoke  | Sepia Silver/Smoke    |
| Traditional Particolor    | Sepia Particolor      |
|                           |                       |
| Mink Solid                | Pointed Solid         |
| Mink Tortoiseshell        | Pointed Tortoiseshell |
| Mink Tabby                | Pointed Tabby (Lynx)  |
| Mink Silver/Smoke         | Pointed Silver/Smoke  |
| Mink Particolor           | Pointed Particolor    |

513.3 Household Pet Competitive Divisions. There are ten competitive divisions for the household pets (both kittens and cats). They are:

|                        |                   |
|------------------------|-------------------|
| Solid                  | Solid and White   |
| Tortoiseshell (Tortie) | Tortie and White  |
| Tabby                  | Tabby and White   |
| Shaded                 | Shaded and White  |
| Pointed                | Pointed and White |

Note: There are no “categories of color” for household pets as there are for championship cats. The following “rules of thumb” should be used for determining household pet divisions (adults only, HHP Kittens do not compete in divisions).

- 1) All pointed cats (without white), including silver or shaded pointed cats, are judged in the POINTED division. Pointed cats are not separated into solid points, tabby points, tortie points, etc. If it has points AND blue eyes, it is judged in the POINTED division.
- 2) Chinchilla, shaded or smoke cats (including goldens) are judged in the SHADED division.
- 3) All tabbies, including silver and non-silver, are judged in the TABBY division. Don't forget that TORBIES are TABBIES, not Tortoiseshells. If it looks like a tabby, it is judged as a TABBY.
- 4) Cats appearing to be solid except for a white locket are judged in the SOLID division (not the Solid and White division).

Note: For complete information on categories, division and colors, refer to the TICA Uniform Color Descriptions (UCD).

## Registration Rule 39.9.2 – Clarification of Process

Registration Rules 39.9.2 “Be accompanied by a minimum three-generation pedigree, stating the color and pattern and the registering association's assigned registration number for each ancestor listed. This pedigree must be signed by the breeder of the cat for which application is being made and include a statement that this pedigree is true and correct to the best of the breeder's knowledge, and a statement as to whether the cat may or may not breed. In addition, a photocopy of a registration certificate from the association is required, showing proof that this cat is owned by the person making the application and asking to be named the owner of this cat.”

Executive Office comments:

This is the registration rule for individually registering a cat. If the owner of the cat to be registered is also the breeder, can prove they are the breeder (either they own the TICA registered dam OR provide a certificate of registration from another association proving they own the dam) we consider them to be the owner of the kitten and would not request any other proof of ownership.

If we did require additional proof of ownership, then we would be making them spend money with another association to prove they are the owner of the cat. We have always done this although the rule doesn't specifically state this. The rule doesn't specifically state it because when the rule was being developed it was thought that although we would take this as proof of ownership, we would prefer to have the documents if they had them.

We have updated the individual registration form on the website as Martin suggested, however, we would still allow the proven breeder to be the owner of the kitten with no further proof.

Rules Committee comments:

(MW) The danger in allowing an individual cat to be registered purely because the breeder owns the dam is that it bypasses the safeguards of insisting that the sire's owner signs the litter registration form. In my view this rule is solely for cats being imported into TICA's registry when they are already registered with another association.

The registration of an individual kitten should continue to require the consent of the owner of the sire as well as the owner of the dam (unless the kitten is already registered in another association – it can then be treated as an “import”)

(BT) I agree with your comments Martin...there needs to be a safety net

Add Standing Rule 105.4.3 Breed Group Committee Members (Clarification of procedure)

15.4 Breed/Breed Group Committee.

15.4.1 The members of each Breed/Breed Group Section shall elect a Breed Committee, each member to serve a term of 3 years or until a successor is duly elected or appointed in the event of a vacancy.

*105.4.1 Breed Committees. The number of breed Committee members shall be determined by the number of Breed Section Members as of April 30<sup>th</sup> of the election year as extracted from the membership program. The following formula will be applied:*

*Under 75 Breed Section Members: 3 Committee Members  
75-150 Breed Section Members: 5 Committee Members  
Over 150 Breed Section Members: 7 Committee Members*

*105.4.2 The filing fee for election to Breed Committees is \$10.*

**Add:**

*105.4.3 Breed Committee members for breed groups which have a single Breed Committee (for the breed group) must be a member of ALL breed sections in the breed group.*

## Amend Standing Rule 202.4.2 – Issuing Show Licenses

Amend Standing Rule 202.4.2:

202.4.2 Show Licenses. Licenses are issued upon payment of license fees provided **any Guest Judges have been approved**, club charter renewal fees have been paid and a current list of club officers names and addresses has been provided to the Executive Office. Once applied for, no changes may be made to the number and type of rings without 1 weeks' written notice to the Executive Office. The time limit on the exemption from license fees for newly chartered clubs is 1 year.

Rationale:

There is a disconnect between the process of approving Guest Judges and issuing of show licenses. Show licenses should not be issued unless any Guest Judges have been approved by the Judging Committee.

## **Amend Standing Rules 901.4.3.5 – Top 25 International Winners**

901.4.3.5 International Awards. International Awards will be presented to the **25** cats, kittens, alters, and household pets, household pet kittens; and **25** longhair cats and **25** shorthair cats having the highest aggregate points of all cats, kittens, alters, household pets, and household pet kittens, as applicable, in the association during the applicable show year. All awards earned during the show year will be listed accordingly for every region or recognized area and internationally.

901.4.3.5.1 The Top **25** Cats, Kittens, Alters, Household Pets and Household Pet Kittens, are featured in a visual media presentation at the Annual Awards Banquet and in the TICA YEARBOOK in color, free of charge.

901.4.3.5.2 The Top **25** longhair and shorthair cats, and the Best Cat in each breed are honored at the Annual Awards Banquet.

Rationale:

As TICA has grown, the number of exhibits worthy of an International level award has grown. Now is the time to move to a Top 25 format at International Level.

Rules Committee comments:

## Clarification of Procedure for Polling Breed Section(s) Members

118.2 Amendment of Existing Standards. Proposed Standard amendments including but not limited to the addition or deletion of colors or the adoption of a new Standard for a recognized breed shall be submitted by the Breed Committee Chairperson to the Genetics, and Rules Committees 120 days prior to the Board meeting at which the changes are to be considered. The Genetics and Rules Committees shall act on the proposal within 15 days of receipt. **Upon approval of the Genetics and Rules Committees, the Executive Office shall issue a ballot to all bona fide voting members of the Breed/Breed Group Section(s) no less than 100 days prior to the Board Meeting at which the changes are to be considered, to be counted by the official TICA Ballot Judge.** Financial responsibility for said poll shall rest with the requesting party(ies).

*1018.2 Amendments. Proposals to amend Standards shall be considered by the Board of Directors at regularly scheduled meetings and must be in writing and received in accordance with ARTICLE EIGHTEEN, 118.2 of the TICA By-Laws. Proposals must be received by the Genetics and Rules Committee no later than 120 days prior to the opening day of the meeting. Proposals received after the 120-day deadline will be placed on the following meeting agenda.*

*1018.2.1 Proposals must be on the approved form, R-4010 Proposal to Amend Standards (available from the Executive Office or [www.ticaeo.com](http://www.ticaeo.com)).*

*1018.2.1.1 Notification. Members are to be notified of action taken at the Board Meeting on proposals submitted by them with a target date of 10 working days after completion of the minutes.*

**QUESTION: Does the sentence in red (bold) mean that if a person is a member of more than one breed section within a breed group, they receive a ballot for each breed section they belong to within the group? If not, we need to clarify the language to reflect this. It can be done through a Standing Rule.**

**If a Standing Rule is needed, the following is proposed:**

**Add 1018.3 A member who is a member of more than one breed section within a breed group shall receive a ballot for each breed section belonged to within the group.**

## Amend Show Rule 210.2 – ownership of entries (Elektra Hammond)

Show Rules:

210.2 An exhibitor shall not, in any way, *in person or via the public address system*, make known to an officiating judge which entry(ies) belong to him/*her OR any other exhibitor*.

Rationale:

In order to maintain the impression that TICA judges do not know which cats are associated with which exhibitors, we need to prohibit announcements in the show hall that clearly associate cats and owners. These announcements are usually not made by the owners of the cats, and made with the best of intentions, but they do identify the cats and therefore should be prohibited.

Rules Committee comments:

(LS) This is micromanaging, and is also so vague as to be much more confusing than the original rule. Additionally, trying to restrict "speech" is always a bad idea and almost impossible to enforce

(BT) I'm assuming she's talking about Supreme Parties and saying "come join us for \*\*\*'s Supreme Party in row \*". I think what she is proposing will take a much needed element of fun out of the shows. People enjoy their Supreme Parties and if a person on the microphone makes the mistake of naming the cat.....oh well. When judging we seldom hear announcements anyway! I always say I am the world's worst exhibitor as I tend to tune out the microphone.

Also I guess maybe someone might announce for an owner to come to the ring and pick up a cat they left behind.

**Amend Show Rules 27.2 and Standing Rules 207.1.1 – Restore Minimum number of Judges for GRC/GCA/GRM (Elektra Hammond)**

Show Rules 27.2 GRAND CHAMPION/GRAND CHAMPION ALTER/GRAND MASTER: An eligible male or female cat registered in TICA shall be entitled to the prefix "GRAND CHAMPION", an eligible neuter or spay cat registered in TICA shall be entitled to the prefix "GRAND CHAMPION ALTER", and an eligible, TICA registered household pet shall be entitled to the prefix "GRAND MASTER" when it has won a minimum of 1,000 points, and acquired a minimum of 6 finals *from four different judges*, three of which are within the Top 5 Cats in a specialty ring or Top 10 Cats in an allbreed ring. However, in such isolated areas as defined in Standing Rules 1012.3, cats will be entitled to Grand Champion, Grand Champion Alter or Grand Master status by being awarded no less than 500 points *by two different judges*, and acquired a minimum of 3 final awards, one of which is within the Top 5 Cats in a specialty ring or Top 10 cats in an allbreed ring.

Standing Rules 207.1.1 Requirements for Titles.

All points earned are cumulative. After earning the points required for one title, any remaining points apply to the next title.

207.1.1.1 Champion HHP Requirements for Titles (Points are cumulative)

CH CHA MS 300 points from 4 different judges, plus one final

GRC GCA GRM 1000 points with 6 finals/*4 different judges*, 3 in Top 5 SP or Top 10 AB etc.

207.1.1.2 Isolated Areas: Champion HHP Requirements for Titles (Points are cumulative)

CH CHA MS 150 points from 2 different judges, plus one final

GRC GCA GRM 500 points with 3 finals/*2 different judges*, 1 in Top 5 SP or Top 10 AB etc.

Rationale:

The change removing the requirement of finals from 4 different judges (2 different judges in isolated areas) to achieve GRC/GCA/GRM (as of 1 May 2008) was packaged with several other changes to bring the show rules in line with how titles are scored in the EO. To eliminate this requirement cheapens the title, and creates a possible situation where a cat might, through persistence and careful selection of shows, go as far as QGC or even SGC, while only receiving finals from a single judge. While unlikely, is this something we want to allow for in our rules?

Now that titles are being calculated via computer, it should be a simple programming change to implement this check.

Rules Committee comments:

The consensus of the Rules Committee was that By-Law 113.4.2 (All issues once submitted to a membership vote shall not be resubmitted for a period of 1 year.) did NOT apply to this proposal and that the proposal should be submitted to the Board together with comments.

(LS) This is to change a rule that was just changed by the membership. Also, the reason that rule was changed was that practically it is almost impossible to score using that rule, and the office informed us that they never used the rule anyway. Frankly, if, for example, I am the only judge that ever finals a specific cat, having that cat's owner follow me around to collect the necessary finals only benefits clubs and other exhibitors as entries increase.

(MW) There is some feeling in my region that titles have become "cheaper" through relaxing the 4 different judges requirements for qualifying finals. However, as an organization, we haven't given it time to see the effect of the recent rule change.

(BT) The rule change was only after the last ballot and has not had time to see the results.
