Future Meetings

<u>Year</u>	<u>Meeting</u>	<u>Club/EO</u>	<u>City/State</u>	<u>Date of Meeting</u>
2009	Spring	GL	Chicago, IL	05/15-17/09
2009	Annual	SE	Orlando, FL	09/02-04//09
2010	Winter	AA	Japan	01/20-22/10
2010	Spring			05/14-16/10
2010	Annual	MP	Santa Clara, CA	09/01-03/10
2011	Annual	MA	Philadelphia, PA	08/31-09/02

109.1 Annual Convention.

109.1.1 Annual Convention. Labor Day weekend each year is reserved for the Annual Convention. No other shows may be held the weekend of the Annual Convention with the following exception. A club may receive permission to hold a show on the Annual weekend upon application to the Board. Application must state specific reasons for the request for exemption and why such a show would have no impact on the Annual.

109.1.1.1 The rotation for the Annual Conventions shall be: Mid Pacific - 2010, Mid Atlantic - 2011, Great Lakes - 2012, Northwest -2013, Northeast - 2014, International - 2015, Southwest - 2016, South Central - 2008, Southeast - 2009.

109.1.1.2 Proposals to host the Annual Convention in the designated region must be received for the Annual Meeting 3 years prior to the proposed convention.

109.1.1.3 In the event no club submits an acceptable proposal, any club in any region may submit a proposal to host the Annual Convention by the agenda deadline for the Semi-Annual Meeting 2½ years prior to the convention and a notice soliciting such proposals shall be published in the TICA TREND.

109.1.1.4 The subsequent designated order of rotation will remain the same.

109.2 Meetings of the Board.

109.2.1 All Board Meetings shall be scheduled for a minimum of 2 days.

109.2.1.1 Meetings of the Board shall be the fourth full weekend in January (Winter Meeting, the third full weekend in May (Spring Meeting) and the week immediately preceding Labor Day weekend (TICA Annual).

109.2.1.2 The Winter Meeting shall be held in Harlingen TX without a show OR at a location outside the United States in conjunction with a show, approved by the Board.

109.2.1.3 The Spring Meeting shall be held in the United States, rotating from Central to West to East, with or without a show. The meeting venue must be at or near a major international airport at a hotel with adequate meeting space, full restaurant service and airport shuttle.

109.2.1.4 The Winter and Spring meeting locations shall be selected by the Board without consideration of accompanying show.

109.2.1.5 Minutes of all meetings of the Board of Directors shall be completed within 10 working days following the meeting.

FOLLOW-UP REPORT

No.	ITEM	RESPONSIBILITY	STATUS
1	Develop guidelines for accepting advertising on the website to include pricing NEXT MEETING	WEBMASTER	S09 Agenda
2	Report for the three prepay title options - every meeting	EO-SUP AGENDA	S09 Agenda
3	Business plan should have a spending plan*	EO-Budget	S09 Agenda
4	Change the logo guidelines to include linking to TICA website	Rules	A09 Agenda
5	Change Registration Rules to allow more simplified acceptance of established breeds in other registries. Refer back to rules, for fast tracking the breeds that are in other associations to 1 year in PNB and 1 year in ANB and refer to the Spring meeting.	Rules	S09 Agenda
6	Change Registration Rule 36.9.1	Rules	A09 Agenda
7	Change Standing Rule 307.4.3	Rules	A09 Agenda
8	Add 105.4.3 Breed Committee members for breed groups which have a single Breed Committee (for the breed group) must be a member of ALL breed sections in the breed group	Rules	A09 Agenda
9	Blueslips on line	EO	S09 Agenda
10	Research cost of professional videos for marketing and website use	Hogan	S09 Agenda
11	Standardize and develop a TICA Junior Achievers' Program	Hogan	S09 Agenda
12	Refer By-Law 14.3 back to rules	Rules	S09 Agenda
13	Ask rules to review the qualifications on the breed committees	Rules	S09 Agenda
14	Send breed committee vacancies a notice	EO	S09 Agenda
15	Include the wording for the solicitation of nominees for breed committees for the Board to appoint at the Spring Meeting on the website and cover letter.	EO	S09 Agenda
16	Send notifications to judges who owe money and ask for payments. Inform them that they will not be relicensed if they owe anything	EO	S09 Agenda
17	Add list of debits on judges to annual discussion on relicensing listing credits and debits separately	EO	S09 Agenda
18	Request a Judging Administrator Job Description from rules	Rules	S09 Agenda
19	Program prefixes and genetics into registration program next	EO	S09 Agenda
20	Top 15 final to be deferred to May Meeting discussion	Wood	S09 Agenda
21	Research and develop a more specific proposal to bring to the board relative to insurance in May	Hogan	S09 Agenda
22	Rules to add requirements of genetics instructor reference addition of new Genetics Instructors	Rules	S09 Agenda

23	Provide notices of vacancies on breed committees	EO	S09 Agenda
24	Add the projected expenses for new regions to budget	EO	S09 Agenda
25	Rules to update Hall of Fame and TICA Treasure in the standing rules	Rules	S09 Agenda

Legislative Committee Report

Jay Bangle – Committee Chair

May 2009 Board Meeting

I'm thrilled to report that Kelly Crouch has agreed to come back to the committee as SC liaison, if only temporarily. Kelly will help with the upcoming busy legislative session and many issues in Texas, specifically, and will organize a SC legislative committee. Hopefully, when Kelly is finished, she will also have identified a competent replacement for herself, as well as set up an effective legislative team.

We need a replacement liaison MP. We only have one liaison outside North America. The following are regional reports, in alphabetical order.

The Humane Society of the United States (HSUS) has announced it will introduced "puppy mill bills" in 34 states. While ostensibly trying to shut down substandard breeding facilities, these bills ordinarily make breeding onerous for ALL breeders, substandard or significantly above standard. They need to be defeated in almost all instances.

Great Lakes Region

Liaisons in the GL region have been silent. One (of two) has said she no longer wishes to continue. The other has not responded to my e-mails. I believe that a dedicated replacement needs to be found. I am working with the RD to this end. The following report is mine.

Iowa legislation to permit hybrid cat breeds is being worked on and we hope to have it introduced and passed this year. Anti-dog legislation (which does not affect cats, yet) is being rammed through in Indiana (HB 1468). We fear that cats could be added at any moment. Illinois also is at risk with SB 053 and HB 198

Chicago is contemplating MSN very similar to CA AB 1634. Efforts to defeat this are ongoing.

Mid Atlantic Region

Still, no liaison in Mid-Atlantic region. The following report is mine.

A victory in Maryland, as SB318 was struck down. Potential problems continue to exist in PA, NJ, VA, WV and DC. I have been in contact with CFA's liaison in DC. A new bill has arisen in DE. WV Commercial Breeder Bill HB# 2843 was defeated in committee

Mid-Pacific

A **potential** liaison has been identified. I am working with this new candidate, and the RD to see if she is suitable. The following report is mine.

OR has proposed a couple of anti-breeder ordinance. One is specific to dogs, but we know that it only takes a moment, and a law-maker with the thought, to add cats. We continue to monitor and alert as appropriate.

NV has a "puppy mill bill" in the works. We are working with dog clubs to defeat it.

A bureaucrat in UT imperiously decided that BG, SV and CU were illegal, at all generations. We feel this is a misreading of the rules and are working to get her to realize her error.

CA has several negative bills in the pipeline, including one that could be construed to eliminate cat shows (an extreme interpretation, but we have seen many A/R based animal control agencies do similar things) and yet another incarnation of AB 1634, now called "SB 250"

Northeast Region

No report submitted by liaison.

Northwest Region

A Savannah escape and subsequent recapture has brought the issue of hybrid-derived breeds to the attention of AK Fish & Wildlife. They have perfunctorily ruled that ALL cats with ANY non-domestic ancestors are illegal. This includes SV, BG and CU. We are working with people in AK to plan strategies to fight this threat to TICA registered cats in AK.

In WA state, there are 3 bills:

HB 2202 - Requiring rules for minimum veterinary care for a dog under twelve months of age - died in committee

SB 5651 - "Puppy Mill" bill - revised by the House to limit 50 unaltered dogs at one time; includes all animals "Animal" means any nonhuman mammal, bird, reptile, or amphibian; establishes minimum housing, exercise, and other requirements for 10 or more dogs; exempts retail pet stores, certain facilities, organizations, and other entities. Back to House Rules Committee for second reading - 3/30/09.

SB 5329/HB 1406 - Spay/Neuter Assistance bill - funding to come from purchase of pet food [pet food tax]. SB - no action since a public hearing in the Senate Committee on Agriculture & Rural Economic Development 1/27/09; HB - no action since a public hearing in the House Committee on Agriculture & Natural Resources on 2/6/09.

South Central Region

Arkansas. Has the possible distinction of being first to propose a so called "pro-ownership bill". The purpose of the Freedom to Farm Act is to encourage and protect animal ownership, animals, home food production, direct farm-to-consumer sales, hobby production, off-farm commercial sales, animal exhibition, and businesses that serve animal owners. Due to maneuvering by AR factions, cats and dogs were excluded from this legislation. There was also a state level multipet licensing with exorbitant fees for owners with more than 12 animals. An opposition letter has been sent on behalf of TICA. HB 1406 to create a surcharge on veterinary services was withdrawn by author. Little Rock was contemplating legislation on free roaming cats for licensing, sterilization, mandatory microchipping (believed to be a shoe in). A letter from TICA opposing was sent.

Kansas. HB 2377 appears to be legislation solely to transfer the Pet animal Act duties of the livestock commissioner the secretary of agriculture. There appear to be no substantive changes to note at the present time.

Louisiana. Legislature not in session at this time.

Oklahoma. The big ticket item is Hb 1332 on breeder licensing that would allow substandard breeders to avoid the law while penalizing hobby breeders and rescues. Requires a quality assurance license for anyone placing 35 animals or more in Oklahoma, allowed for warrantless searches by people who were not government trained personnel. requires the drafting of requirements for facilities, care, husbandry, etc to follow the AWA requirements that are not suitable for cats or in home breeding operations. Passed the House with minor amendments. Now rescheduled for the Senate committee hearing for after the HSUS lobby day. 3 letters sent opposing HB 1332.

Texas: There have been 15 bills filed with the state legislature that are consider major by RPOA. Most of them are not within TICA's scope. Despite that I have given notice to the TICA members of one bill that is not within TICA's scope which I feel is particularly important regarding Texas' no appeal law (even if you win you cruelty case on appeal you don't get your animals back - a Texas exclusive). I am very clear on such items that they are outside the scope of the legislative committee and I am not asking for actions on behalf of TICA. Bills we are pursuing include HB 458 that would allow counties of a certain size or above to set limit laws, SB 1845 MSN or \$300 license per intact animal, and HB 3180 Breeder Licensing/lemon Law (the lemon law part would effectively kill breeding, rescue and good Samaritan acts).

Costa Rica and Mexico. No known issues.

Southeast Region

No report submitted.

Southwest Region

Legislative Report – SW Region

Kristine C. Alessio, Esq.

The Southwest Region continues to battle anti-breeder and anti-pet ownership legislation at State and at local levels.

California (Southern California) - Currently at the State level, there are several bills which have been introduced in the legislature which have the potential to adversely affect the cat fancy. AB 250 is a mandatory spay/neuter ordinance that purports to be written to reduce shelter populations, but in reality would require licensing, breeding permits and impose fines where dogs or cats are unaltered. It is currently in the Local Government Committee. AB 1122 the prohibiting of sales at cat shows (written to prohibit pet sales at such places as swap meets, flea markets, parking lots, but could be interpreted as prohibiting a number activities related to cat and dog breeding and sales). TICA continues to oppose these issues and continues to update its membership in California on their progress and also urging the membership to call and write in opposition of these bills.

At the regional level, the County of Santa Barbara is currently considering a mandatory spay/neuter and breeder licensing ordinance. This ordinance is in the task force stage where public input is being sought at various hearings on the same.

In Riverside County, Ordinance 630.12, was passed the County of Riverside in January, 2009 and requires mandatory spay/neuter/micro chipping. There are provisions for “intact” permits, but the permits are very expensive. However, the Board of Supervisors bowed to angry cat and dog owners and offered amendments to 630.12, relating to the number of complaints (three instead of two) and to what constitutes a “recognized breeder” for which an exemption may be granted (a committee for each district made up of an opponent and proponent of the proposed ordinance will be studying this). TICA SW members have also been informed via email of animal rights leaning candidates in local elections, most recently in the City of Los Angeles.

Colorado – currently Colorado is not facing any statewide legislation. However, TICA has now formed a working relationship with Linda Hart from the Colorado Federation of Dog Clubs (which employs a full time lobbyist) so that if and when legislation is proposed, both dog and cat fanciers will be immediately networked and working together to fight any legislation. An informational meeting discussing the best ways to fight negative legislation was held with Ms. Hart and TICA Legislative Chair, Jay Bangle at the Colorado Cats show in Denver, CO on March 15, 2009. This is an important step in the coming together between all animal breeders and owners to fight as one.

Hawaii – no new regulations have been proposed.

New Mexico – no new regulations affecting cats have been proposed, however HB 667 which includes BSL for dogs, (specifically Pit Bulls and Rottweilers) has been introduced.

Arizona – no new regulations have been proposed.

The Future

CFA's long-time legislative powerhouse, Joan Miller, has stepped down from her post and has been replaced with the equally competent George Eigenshauser. We have been in contact with George, and look forward to continuing to work with CFA and other organizations regarding negative cat legislation, and animal legislation in general.

In Service to TICA, respectfully submitted,
Jay Bangle

Breed Committee – American Shorthair
Attn Board of Directors

I have bred and shown American Shorthairs since 1998. I have been very fortunate to have bred and shown many colors and won several Regional Awards and an International award. I was appointed to the breed committee when Fate Mays was Regional Director for the SC region. I guess since nothing went on during that time with the breed i.e. standards, I grew a little apathetic and figured it would stay the same standard forever. Now I have heard that a couple of people would like to change that standard and I want to be able to put in my two cents worth.

I think that I have the knowledge of the standards of this breed and will help preserve that standard. The American is supposed to feel like a "sack of oats" and nothing less.
Thank you for your consideration of me for the AS Breed Committee.

Sincerely

Carol S. Hale
Greystoke Cattery
Houston, TX

14.1 Breed Section. A Breed Section(s) shall be established for each breed or breed group and one or more sections for household pets. Each member shall automatically be eligible to apply to belong to one Breed/Breed Group Section as a part of his or her membership.

14.1.1 Any member may belong to additional Breed/Breed Group Sections by applying for and paying an additional fee AND by showing proof of one of the following:

14.1.1.1 Individual registration of a cat of the breed/breed group in the three years immediately preceding application.

14.1.1.2 Registration of a litter of the breed/breed group in the three years immediately preceding application.

14.1.1.3 Showing a kitten, cat, or alter of the breed/breed group in the three years immediately preceding application.

14.1.1.4 Ownership of a kitten, cat or alter of the breed/breed group.

113.1 Qualification. Each member in good standing, one whose dues are paid and who has no outstanding indebtedness to TICA or to any TICA club, and who is not/was not on the Temporary Suspension List on the qualifying date, who was a member in good standing 6 months prior to the first day of the month in which a ballot is to be mailed, shall be eligible to vote.

114.2 Announcement of Candidates. After the initial election, any member who has been a member in good standing for 2 consecutive years immediately preceding shall be eligible to seek office and shall declare his candidacy in writing to the Executive Office not more than 6 months nor less than 2 months before the election month with the filing fee established by the Board of Directors. If no member in the region or no member in the breed section has been a member for the 2 years immediately preceding the election, the 2 year membership requirement shall not apply. This shall entitle the candidate to be listed as a candidate for the office sought in every issue of the newsletter including the newsletter prior to the ballot being mailed to the membership. Each candidate shall be entitled to publish a summary of his/her experience, credentials and platform in accordance with Standing Rules 1014.3. No other advertisement, endorsement or article on any candidacy may be printed in the official newsletter. Candidates who are drafted by write-in vote of the membership shall fulfill all qualifications of those filing for office.

15.4.2 Qualifications for Election to a Breed Committee. Candidates for election to a Breed Committee shall provide documentation of having met the following requirements for election:

15.4.2.1 Have met the eligibility requirement(s) to vote in any TICA election (See By-Laws. 113.1)

15.4.2.2 Have met the requirements for breed section membership (See By-Laws 14.1)

15.4.2.3 Have paid TICA membership dues for the 3 years of the applicable term.

15.4.2.4 Have a TICA Registered Cattery (except for the HHP Breed Committee).

15.4.2.5.1 Have bred and registered with TICA a minimum of two litters of the appropriate breed within the 3 years immediately preceding the election (except for the HHP Breed Committee).

OR

15.4.2.5.2 Have owned and shown a cat of the appropriate breed in a minimum of five shows within the three show seasons immediately preceding the election. (Note: Applicants for Household Pet Breed Committee(s) must meet this requirement to qualify for breed committee election.)

15.4.3 No member shall be a member of more than three breed committees.

15.5 No person shall be eligible to serve as an elected officer of this Association who is an officer of another similar association, or who has any outstanding indebtedness to TICA or to a TICA club.

14.1.1.2 Registration of a litter of the breed/breed group in the three years immediately preceding application.

14.1.1.3 Showing a kitten, cat, or alter of the breed/breed group in the three years immediately preceding application.

14.1.1.4 Ownership of a kitten, cat or alter of the breed/breed group.

113.1 Qualification. Each member in good standing, one whose dues are paid and who has no outstanding indebtedness to TICA or to any TICA club, and who is not/was not on the Temporary Suspension List on the qualifying date, who was a member in good standing 6 months prior to the first day of the month in which a ballot is to be mailed, shall be eligible to vote.

114.2 Announcement of Candidates. After the initial election, any member who has been a member in good standing for 2 consecutive years immediately preceding shall be eligible to seek office and shall declare his candidacy in writing to the Executive Office not more than 6 months nor less than 2 months before the election month with the filing fee established by the Board of Directors. If no member in the region or no member in the breed section has been a member for the 2 years immediately preceding the election, the 2 year membership requirement shall not apply. This shall entitle the candidate to be listed as a candidate for the office sought in every issue of the newsletter including the newsletter prior to the ballot being mailed to the membership. Each candidate shall be entitled to publish a summary of his/her experience, credentials and platform in accordance with Standing Rules 1014.3. No other advertisement, endorsement or article on any candidacy may be printed in the official newsletter. Candidates who are drafted by write-in vote of the membership shall fulfill all qualifications of those filing for office.

15.4.2 Qualifications for Election to a Breed Committee. Candidates for election to a Breed Committee shall provide documentation of having met the following requirements for election:

15.4.2.1 Have met the eligibility requirement(s) to vote in any TICA election (See By-Laws. 113.1)

15.4.2.2 Have met the requirements for breed section membership (See By-Laws 14.1)

15.4.2.3 Have paid TICA membership dues for the 3 years of the applicable term.

15.4.2.4 Have a TICA Registered Cattery (except for the HHP Breed Committee).

15.4.2.5.1 Have bred and registered with TICA a minimum of two litters of the appropriate breed within the 3 years immediately preceding the election (except for the HHP Breed Committee).

OR

15.4.2.5.2 Have owned and shown a cat of the appropriate breed in a minimum of five shows within the three show seasons immediately preceding the election. (Note: Applicants for Household Pet Breed Committee(s) must meet this requirement to qualify for breed committee election.)

15.4.3 No member shall be a member of more than three breed committees.

15.5 No person shall be eligible to serve as an elected officer of this Association who is an officer of another similar association, or who has any outstanding indebtedness to TICA or to a TICA club.

Debra E. Decker

Now I'd like to go more into detail about the reasons why I'd like to be considered for the open seat on the Havana breed committee:

Experience Showing Cats

Success and Accomplishments

Havanas

Siddhis OE Kavanaugh Rinn (aka Bud) – bred by Debra Decker

- 2006-2007 18th Best Kitten SC Region
- 2006-2007 Best Havana Kitten SC Region
- 2006-2007 Best Havana Kitten International
- 2007 – Supreme Grand Champion Alter – obtained in 2 ½ shows (Orange TX – Saturday 2007) – was just 9 ½ months old
- From June 2007 to August 2007, Bud was the # 1 alter International in total points – he was 1st or 2nd during September, and at his last show in October 2007 he was still in the top 5 alters International. He remained in the Top 20 alters for the 2007-2008 season until March 2008. He finished 39th despite not showing since October 2007. Bud was the first Havana to hold the top spot International at that young age.
- Best of the Best Alter 2007 SC Regional Show
- 2007 - Best of the Best at several other SC shows
- 3rd Best of the Best Alter at the 2007 Annual Cat Show, Albuquerque NM
- 2007-2008 -5th Best Alter SC Region
- 2007-2008 – Best Havana Alter SC Region
- 2007-2008 – Best Havana Alter International

Susitna Ladys Gwendolyn Rose – bred by Hal and Elaine Law, Susitna Havanas

- 2005 – Supreme Grand Champion
- 2005- 2006 – Best of Breed Havana SC Region
- 2005-2006 – 15th Best Shorthair Cat SC Region
- 2007-2008 – 3rd Best Havana Alter SC Region
- 2009 – Supreme Grand Champion Alter
- 2008-2009 – In the top ten SC region alters (at the time of writing this letter we have one more show to attend – as of today she is 3rd in the region; Best Havana alter SC; and Best Havana Alter International)

Debra E. Decker

Siddhis OE Buddha Boy (aka Mikey) – bred by Debra Decker

- 2007 - Grand Champion
- 2007-2008 – 2nd best Havana Championship Cat SC Region
- 2007-2008 – 2nd best Havana Championship Cat International
- Was shown by another breeder in CFA to his Grand Championship title and 2nd best Havana Brown Championship Cat Gulf Shore Region 2007-2008

Fullapurr Hershey of Siddhis – bred by Ivan Muennink, Fullapurr Havanas

- 2002-2003 – SC Region Best Havana Kitten

Kapalua Coconut Grove of Siddhis – bred by Sheila Ullmann, Kapalua Havana Browns

- Registered in TICA but not shown. Was shown solely in CFA. She was named:
- Best Havana Alter Gulf Shore Region 2004-2005
- 2nd Best Havana Alter Overall International Show – Houston TX
- 2nd Best Havana Alter International Havana Brown Society (IHBS)

Non-Havanas

Rum Tum Timmy – HHP – achieved Quadruple Grand Master (got too fat and fussy before getting his last best HHP). He enjoyed showing and it was the perfect cat to learn the ropes with as a TICA exhibitor and member.

Cocoa Pebbles of Siddhis (aka Beaner) – Beaner—a Havana OSH outcross that Little Orphan Angels picked up from a local shelter --has shown for five years, keeping my other cats company. She has ended up in the Top 25 HHP during the years, and finally while achieved her SGM in 2006, and her RW for the 2007-2008 show season. She currently is in the Top 20 HHP for the 2008-2009 show season. Beaner is finally being officially retired as she has kept five cats company during the years while on the road, in the hotels and at the show hall. I know she'll miss the LaQuintas!

Knowledge

I used to study and work with pedigrees, bloodlines and genetics when I showed Arabian horses. I also am a conformation fanatic, and understand that you have to build the house before you paint it. So I have taken that knowledge and use it while working with my cats.

Debra E. Decker

I also was blessed to have met Sheila Ullmann, who was the leading breeder of Havana Browns in CFA (with many National and Regional winners to her cattery's name) for over 30 years and is THE person that people still say had the biggest impact on the breed as it is today. When I bought my spay from her, I asked if she would mentor me and she took me under her wing. She taught me about the many old bloodlines going back to the '70s and provided me with more materials to read and study than I thought anyone would have on hand. Because she also is a horse person and the top breeder of Thoroughbreds in California, she too looks at conformation and studies pedigrees and bloodlines. She never has worked in the outcross program in CFA, so her cats are 100% Havana Brown. It is thanks to Sheila that I know the bloodlines, and what works with what.

I have also worked with Hal and Elaine Law, Ivan Muennink, Kathi Hoos (CFA), Diane Mounib (CFA) and Karen Rodgers (CFA).

Working Relationships

I have built and maintain great working relationships with several breeders in TICA, in addition to CFA-only breeders. The two TICA breeders I have worked with includes Hal and Elaine Law (Gwendolyn was sired by their RW stud who just missed making the Top 20 International a few years ago) and Ivan Muennink.

I have had offers from several of the breeders to sell me breeding females and males to build my breeding program. While a few CFA breeders do have some of the more traditional Havanas in their breeding programs, and older bloodlines, many do not and their cats are much more extreme. I do not like the extreme Havanas, and have opted to work with the breeders who have preserved the older bloodlines, and the traditional look to the Havana. I currently am on two waiting lists for breeding females that come out of diverse breeding programs, and will provide a solid foundation.

Desire

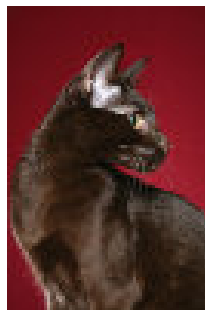

The most important thing that every member of the Havana breed committee should have is a heartfelt love for the breed. Not only LOVE the breed—but love it so much to ensure the future of the Havana. Still a minority breed, it's so important that the members of the committee work together not only to preserve this wonderful brown cat, but improve upon the breed's temperament and health. Without the committee members working together, the Havana's gene pool can quickly become diminished, impacting the health—and future—of the breed.

Debra E. Decker

Greatest Accomplishment

I never dreamed that I would be able to say this....but my greatest accomplishment really wasn't "mine". "My" greatest accomplishment was Bud's.

Bud loved to show – he was a true showman in every sense. A gentleman, he was respected by the judges, and he was admired by other exhibitors and breeders. Even spectators loved to meet Bud as he sat on the grooming area and entertained them. For those who did not know, Bud died from liver failure as the result of the tainted kitten food that was included in the Menu Food recall. I did due diligence upon his performed, and the vet's report clearly other disease. While many cats tested fine consuming the tainted foods, many cats today dying from liver failure. When I passing, I received calls, letters and emails sadness for the loss of such a "gentleman", Havana I've ever met". What several judges told me is that Bud helped turn them around about the Havana – which they can be sweet cats, and can not only be rich on the outside, but on the inside too. One person summed it up: he was an ambassador for the breed.

death by having a necropsy showed liver failure, and no for kidney failure after unfortunately like Bud are still informed people about Bud's expressing their heartfelt "showman" and "the best

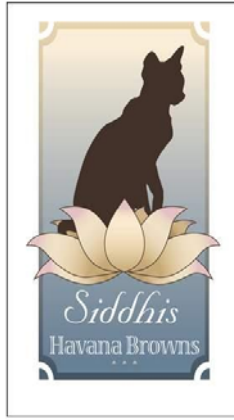

Yes Bud did incredible things title wise – but in my opinion, THAT was his greatest accomplishment: being the ambassador for the Havana breed.

So that is what I want to do as a member of the Havana committee. I want to have a breeding program that along with the other committee members helps to preserve the breed, and improve the temperament, health and quality of the Havana.

Thank you for considering me for the seat on the Havana breed committee.

Regards

Debra Decker

Re: Havana Breed Committee

To The Board of Directors:

I am approaching TICA's Board of Directors to request consideration for the open seat on the Havana breed committee.

Why should the Board consider me for a seat on the Havana Breed Committee? There are many reasons why I should be considered for the open seat on the Havana committee, including my:

- Experience showing cats in the cat fancy
- Success and accomplishments with the Havana both as an exhibitor and breeder
- Knowledge about the breed, bloodlines, genetics and breeding programs
- Working relationships with other Havana breeders (TICA and CFA)
- Desire to preserve and improve the Havana cat
- My greatest accomplishment: Bud

Before I get into more detail on the outlined reasons above, let me provide you with a quick recap about myself and my cattery:

- Cattery: Siddhis – registered in 2002 (www.siddhishavanabrowns.com)
- # of TICA registered Havanas owned and shown: 5
- # of litters bred, TICA registered and shown: 1
- # of years in the cat fancy: 7
- Other cats shown in TICA: 2 (household pets)
- # of years a TICA member (currently a paid member for five years): 7
- Member of the Havana and Household Pet Breed Committees
- Member of Havana Brown Fanciers (CFA breed club)

To Whom It May Concern,

This letter is to inform TICA of my interest in filling the vacant seat on the Peterbald Breed committee.

At the time of the elections, I was ineligible to run for the office, due to a very brief lapse in my membership two years ago. My payment for the renewal of my membership was, unfortunately, just a few days past the cutoff deadline.

I have paid my dues ahead 3 years, as required for serving in this position, and have discussed my interest with both my MP regional Director and the two breed section members who currently are serving on the PD breed committee.

Enclosed please find a letter of support from Gail Bercher, the current Peterbald Breed Chair.

Thank you for your consideration,

Kate Mabry
TICA member # R-3014-MP

INDEPENDENT AUDITORS' REPORT

Board of Trustees
The International Cat Association, Inc.

We have audited the accompanying statement of financial position of The International Cat Association, Inc. as of June 30, 2008, and the related statements of activities and cash flows for the year then ended. These financial statements are the responsibility of the Association's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The International Cat Association, Inc.'s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The International Cat Association, Inc. as of June 30, 2008, and the changes in its net assets and cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The International Cat Association, Inc.
NOTES TO FINANCIAL STATEMENTS
Year Ended June 30, 2008

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The International Cat Association, Inc. (known as "TICA") was incorporated October 25, 1982 under the Texas Non-Profit Corporation Act, with its primary purpose being the promotion and dissemination of educational and scientific information on felines to the general public. The Board of Directors, comprised of a President and Vice-President, and Regional Directors, oversees the activities of the Association.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards (SFAS) No. 117, *Financial Statements of Not-for-Profit Organizations*. Under SFAS No. 117, the Association is required to report information regarding its financial position and activities according to three classes of net assets; unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Revenue Recognition

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. Contributions received with donor-imposed restrictions that are met in the same year in which the contributions are received are classified as unrestricted contributions.

All donor-restricted contributions are reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. No activity was temporarily or permanently restricted during the year ended June 30, 2008.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Concentrations of Risk

Concentrations of Risk Due to Temporary Cash Investments and Trade Accounts Receivable

Financial instruments that potentially subject the Association to concentrations of risk consist principally of temporary cash investments and trade accounts receivable. The Association places its temporary cash investments with financial institutions and limits the amount of credit exposure to any one financial institution. Concentrations of credit risk with respect to trade accounts receivable are limited due to the large number of members comprising the Association's membership and their dispersion across different geographic areas.

The International Cat Association, Inc.
NOTES TO FINANCIAL STATEMENTS - CONTINUED
Year Ended June 30, 2008

NOTE A - SIGNIFICANT ACCOUNTING POLICIES - Continued

Concentration of Risk Arising from Cash Deposits in Excess of Insured Limits

The Association maintains cash balances with high quality credit institutions. At times such cash and investments may be in excess of the FDIC insurance limit.

Income Taxes

For all periods presented, income taxes are calculated using the liability method in accordance with the provisions set forth in Statement of Financial Accounting Standards (SFAS) No. 109. Deferred income tax assets and liabilities are computed annually for differences between the financial statement and tax bases of assets and liabilities that will result in taxable or deductible amounts in the future based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. Income tax expense is the tax payable or refundable for the period plus or minus that change during the period in deferred tax assets and liabilities.

Inventories

Inventories of supplies for resale as of June 30, 2008, is stated at principally the lower of cost or market. Cost is determined on the first-in, first-out basis.

Property, Plant and Equipment

Property, plant and equipment acquisitions have consistently been recorded at cost if purchased or fair value at date of gift if donated. Major renewals and improvements which extend the life of an asset or benefit one or more subsequent periods are capitalized. Replacements, maintenance, and repairs which do not extend or improve the life of existing assets are charged against income in the period incurred. When properties or equipment are retired or otherwise disposed of, the property and related accumulated depreciation accounts are relieved of the applicable amounts. Gains or losses from normal retirements or sales are credited or charged to income.

Depreciation

Equipment and furniture are being depreciated using the straight-line method over their estimated useful lives, ranging from 3 to 10 years. Depreciation expense totaled \$32,785 for the year ended June 30, 2008.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Association considers all highly liquid debt instruments with a maturity of three months or less to be cash equivalents.

Certificates of Deposit

Certificates of deposit, totaling \$164,499, are presented on a separate line on the accompanying financial statements. The certificates bear interest ranging from 3.11% to 3.75% and have maturities ranging from three to one year, with penalties for early withdrawal. Any penalties for early withdrawal would not have a material effect on the financial statements.

The International Cat Association, Inc.
NOTES TO FINANCIAL STATEMENTS - CONTINUED
Year Ended June 30, 2008

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Non-Profit Status

The Association has adopted the policy that no member shall personally profit from the operations of the Association except for reasonable compensation for services actually rendered by officers and employees of the Association.

Prepaid Expenses

Prepaid expenses are advance payments for products or services that will be used in operations at some future period.

Credit Memos

Credit memos are generated when customers overpay for services or remit payment for registrations that are pending approval or required documentation. The credits are reduced when customers are refunded or once required documentation is received and the registration is granted.

NOTE B - NOTES PAYABLE

The notes payable are related to capital leases. The notes are payable to Pitney Bowes, Inc. and the implied interest rate on both notes is 7%. See Note C relating to the capital leases.

NOTE C - CAPITAL LEASES

As of September 7, 2005, TICA entered into a seventy-two month lease with Pitney Bowes, Inc. for a folding machine. The lease has been classified as a capital lease because the lease term exceeds 75% of the estimated economic life of the assets. Therefore, the present value of the monthly lease payments has been capitalized as a fixed asset with an associated note payable. The implied interest rate is 7%. The monthly payments on the lease are \$655.

As of June 23, 2005, TICA entered into a sixty-nine month lease with Pitney Bowes, Inc. for a postage machine. The lease has been classified as a capital lease because the lease term exceeds 75% of the estimated economic life of the asset. Therefore, the present value of the monthly lease payments has been capitalized as a fixed asset with an associated note payable. The implied interest rate is 7%. The monthly payments on the lease are \$675.

The following is a schedule by years of future minimum payments required under the lease agreements as of June 30, 2008:

Year Ending June 30:	
2009	\$13,334
2010	14,298
2011	13,977
2012	<u>19,212</u>
	<u>\$43,551</u>

The International Cat Association, Inc.
NOTES TO FINANCIAL STATEMENTS - CONTINUED
Year Ended June 30, 2008

NOTE D - EMPLOYEE BENEFIT PLAN

TICA has a defined contribution retirement plan covering all employees who have worked there longer than one year. Under the plan, TICA will match an employee's salary deferral contributions up to a maximum of 3% of the employee's compensation. Under the Internal Revenue Code, the plan is referred to as a Savings Incentive Match Plan for Employees.

NOTE E - FEDERAL INCOME TAXES

As discussed in Note A, the Association was organized and incorporated under the Texas Non-Profit Corporation Act and filed an application for exempt status. The Association had originally intended to be exempt from federal income taxes under the provisions of Section 501(c)(6) of the Internal Revenue Code. However, the application originally submitted to the Internal Revenue Service in 1993 for consideration as a not-for-profit, exempt organization under Section 501(c)(6) of the Internal Revenue Code was denied. As a result, TICA has filed federal income tax returns as a for-profit corporation with applicable provisions made for federal income taxes. Deferred income taxes are computed by applying statutory rates to temporary differences between the recognition of income and expense for financial statements and income tax return purposes based upon the expected period in which the differences will reverse. The principal difference arises from the use of different methods of depreciation for financial reporting and tax return purposes. The provision for federal income taxes is computed on pre-tax accounting income at statutory rates.

Federal and state income taxes for the fiscal year ended June 30, 2008 consisted of the following:

Current	
Federal	\$10,498
State	—
Total income tax expense	<u>\$10,498</u>

A reconciliation of the differences between the Association's expense for income taxes and taxes at the statutory rate for fiscal year ended June 30, 2008 are as follows:

Statutory federal income taxes	\$12,901
Adjustments (temporary differences) - depreciation	<u>(2,403)</u>
Federal income tax expense	<u>\$10,498</u>

DUTIES OF THE JUDGING ADMINISTRATOR

1. Liaison between TICA Board of Directors and TICA Judges, Trainees and Applicants
2. Oversee all aspects of the Judging Program including but not limited to:
 - Keep records on all active Judges, Trainees, Applicants
 - Oversee all examinations for admission and advancement within the TICA Judging Program
 - Oversee all refresher exams and relicensing requirements
 - Troubleshoot complaints about and issues with judges
 - Counsel judges regarding appropriate conduct, appearance and other issues
 - Write all reports for Board Meetings regarding active Judges, Trainees and Applicants
 - Oversee Newsletters to Judges and non-Judge Board Members
 - Review applications for Guest Judges to judge a TICA show

Revise By-Law 14.3

Referred Back to Rules Winter '09 Meeting

By-Law 14.3.1 For those breed sections that have been merged into a breed group section, membership in only one breed of the breed group is sufficient to allow the member to vote on any ballot concerning the breed group section. 14.3.2 For those breed sections that have not been merged into a single breed group section, membership in any breed section of the breed group is sufficient to allow the member to vote on any ballot concerning the breed group, but a member must be a member of the specific breed section to vote on any ballot that concerns that specific breed only, and not the entire breed group.

14.3.3 For those championship breed sections or breed group sections that consist of breeds whose only difference is the hair length, a member who is qualified to vote on issues concerning either hair length of the breed may also vote on any ballot concerning the entire breed sections or breed group sections. Members whose section membership is only for a non-championship breed, trait and/or hair length may not vote on issues that affect the championship breed, trait and/or hair length, including acceptance of non-championship breed for championship competition.

(AR) Meanwhile, 15.4.2.5.3 already says that one need only belong to one breed in a breed group in order to serve on the committee. And we are taking out (I hope) all the mish-mash in the middle so everybody can see it.

(LS) Except the second part addresses a big issue -- the office is requiring people to be eligible in both hairlengths to vote. As far as the new traits go, this is not a big deal; there is no way someone could "pad" the Maine coons, for example, to get the pollys passed without a majority of the breed section. If you want to clarify, just add something about "championship eligible" cats to the qualifying cats. Or a section that says "all qualifying cats must be eligible for championship competition", so that takes care of that whole issue instead of having to change each section.

(MW) Perhaps the best route is to go back to basics and forget the existing wording which is cumbersome and pretty much impossible to understand.

Q1 What are we trying to accomplish with ballots within breed committees?

Q2 Hence what are the fairest rules for deciding who can vote on a ballot and for what?

Q3 How do we incorporate that into a set of rules to replace all or part of the existing 14.3?

Q1 is, in my opinion, for the Board to discuss and set policy. Once that is clear, Rules can then tackle Q2 and Q3

Minutes of Winter '09 Meeting

22. Unanimous consent to refer the addition of By-law 14.3 back to the Rules Committee with comments and add to agenda of the 2009 Winter Meeting. Without objection.

By-Law 15.4.2
Election to a Breed/Breed Group Committee
Rules Approved

Amend By-Law 15.4.2

15.4.2 Qualifications for Election to a Breed/Breed Group Committee.

Candidates for election to a Breed/Breed Group Committee shall provide documentation of having met the following requirements for election: 15.4.2.1 Have met the eligibility requirement(s) to vote in any TICA election (See By-Laws 113.1).

15.4.2.2 Have met the requirements for Breed/Breed Group Section membership (See By-Laws 14.1)

15.4.2.3 Have paid TICA membership dues for the 3 years of the applicable term.

15.4.2.4 Have a TICA Registered Cattery (except for the HHP Breed Committee).

~~15.4.2.5.1 Have bred and registered with TICA a minimum of two litters of the appropriate breed within the 3 years immediately preceding the election (except for the HHP Breed Committee). OR 15.4.2.5.2 Have owned and shown a cat of the appropriate breed in a minimum of five shows within the three show seasons immediately preceding the election. (Note: Applicants for Household Pet Breed Committee(s) must meet this requirement to qualify for breed committee election.)~~

15.4.2.5.32 Breed Group Membership. For those breed sections that have been merged into a breed group, membership in only one breed of the breed group is sufficient to allow the member otherwise qualified to seek membership on the breed group committee.

Comments:

AR: This removed the impediments to seasoned TICA breed section members who may no longer be actively breeding or showing, but still have an interest in the breed and have valuable experience and historical knowledge to contribute

The following is the problem with this proposal (that only removes requirements):

This revision will no longer require a person to own a cat of the breed, or have EVER breed a cat of the breed, or any other activity that would qualify them for any leadership position within a breed.

This is not what the board asked us to do, which was to come up with something that would allow people that had made significant contributions to a breed, but were no longer actively breeding or showing, to be on a breed committee.

Laurie Schiff

By-Law 19.2.7 Proxies - Linda Ferguson

Rules Approval 4/2/09

19.2.7 In the event any Regional Director becomes unable to attend a meeting of the Board of Directors due to illness of the Director or the immediate family of the Director, that Director may designate, in a properly executed proxy, some other member of that Region to attend the meeting in his or her place. The proxy will assign all the rights, duties and responsibilities of the Regional Director to the designee for that meeting only, including the right to vote on all matters brought before the Board.

Rationale: The above addition to the By-Laws would insure that each Region would be represented, thereby preventing the disenfranchisement of said Region due to matters beyond their control. This would provide relief for Directors who may feel compelled to attend a meeting to represent the Region at peril of their own health. The Board would be acting in the best interests of TICA, the Region, and for the volunteer members of the TICA Board.

Rules Comments:

BT: Having attended many meetings while in the capacity of Judging Administrator over the years and being present when a proxy was at the meeting in place of the Regional Director I have misgivings regarding this procedure. I'm not sure that the Proxy has the background knowledge to vote on some of the issues and I feel that the entire Board represents all of TICA so the Region where the Regional Director is not able to attend is represented. There are times when a discussion at the meeting may bring things to light that people were not aware of and if the Proxy was told to vote a certain way by their Regional Director they may feel conflicted in voting what is "right" rather than how they were advised to vote prior to the meeting.

NP: I agree 100%

MW: The pros and cons for this measure were listed in the October 2006 ballot and the members voted to remove the proxy provision then. I'm not convinced that the situation has changed significantly since then. In my view, if the absence of a director means that a vote passes by a narrow margin, perhaps it would be better to look at which decisions should be made by a two-thirds majority of the Board rather than simple majority vote. I think that would be more productive than re-introducing proxies.

AR: We tried this for several years and only recently removed it. I see no reason to put it back.

LS: I agree with Bobbie. In addition, this was removed from the bylaws by membership vote just a short while ago. One of the major reasons that a proxy is not a good idea is that someone sitting as a proxy does not have same fiduciary duty to the organization as an elected board member, and there are many issues relating to confidentiality, closed sessions, etc. Additionally, there may be insurance issues. Finally, it is highly unusual in organizations of TICAs size to allow proxy votes on the board of directors; I believe that ROBERT'S rules specifically recommends against use of a proxy on a board.

1. Board members have a "fiduciary duty" - the highest duty there is to TICA. A non-board member does not have the same level of duty.

2. Board members have in-depth knowledge of the business of TICA, as well as the business of their own regions, including a large knowledge of base of confidential information and material. A proxy does not, and does not have the same duty regarding use and disclosure of that information.

3. Almost all other Boards do not allow proxies - proxies are generally used to vote shares of stock - not for board votes - simply because of the preparation required of board members to intelligently use their votes.

4. If a Board member cannot attend a meeting, it does not leave a region "unrepresented". A duty of a member of a board is to TICA itself, not one region. Board members must act in the best interest of TICA as a whole, even if an action would not be in the best interest of a specific region.

5. Continuity is very important; difficult for the board to have to back up and "explain" what has gone on before to a new person (necessary for newly elected directors, which occurs once a year, but a problem if required at every meeting).

6 Roberts Rules specifically recommends that proxies NOT be used on boards of directors.

Amend Standing Rule 106.4 - Ferguson
Rules Approval 4/02/09

All appointments by the President will be subject to Board approval.

RATIONALE: Appointments are subjective and need to be discussed. The Board should have the opportunity for comment and to offer possible alternative recommendations.

Current Rule:

106.4 Standing Committees. The President, with the advice of the Board of Directors, shall appoint persons knowledgeable in the fields specified to serve on the following standing committees, and such other committees that from time to time may be necessary and proper for the effective and efficient operation of the Association.

Each committee shall have budgets as needed which shall be provided annually with the approval of the Board of

Directors. Each committee shall have a chairperson, members as needed and a Board Member who works with the committee as a Liaison Director. It is the duty of the Chairperson to formulate the committee goals, to communicate the policy of the committee to the committee members, to direct the work of the committee and to seek information and guidance from the Board through the Board Liaison, and information from the Executive Office as needed. It is also the duty of the Chairperson to provide progress reports of the committee to the Board annually. The duties of the Board Liaison shall be to serve as a channel of communication between the Committee and the Board, to provide encouragement and incentive for activity of the committee and to be available for consulting and mentoring as needed or requested by the Committee Chairperson. These standing committees shall be as follows

Rules Comments:

BT: I feel the President should have the final say in who is appointed to the various working committees. I don't have a problem with Board input but do not feel the Board needs to approve who is appointed. It should not become a popularity contest - people should be appointed by their ability to work with present committee members and present administration. Appointment with Board approval will only muddy the waters.

NP: agree 100%

LS: agree with Bobbie

MW: Standing Rule 106.4 already mentions that the Board may advise on appointments and I think it should remain just that - advice. Should a President make an unwise decision, then I can see nothing in the existing rules that forbids the Board from voting to overrule that decision. If a President really screws up (heaven forbid !), Article 15 in the By-Laws (Recall) provides an additional control mechanism to deal with it.

DL: I agree with Martin's comments

AR: I agree. The President appoints and the Board advises.

Add Standing Rule 303.9.1 & 2017.7.3
Judging New Traits
Rules Approved 4/03/09

Standing Rule to Registration Rules 303.9.1 and
Standing Rule to Show Rules 2017.7.3

At the option of the judge, any New Traits Class cat(s) may be called to the ring with cats of the parental breed.

Comments:

(BT) This was inadvertently removed with other rules that were in both Registration Rules and Show Rules in 2006 but was not added to Show Rules. Adding to both Registration Rules and Show Rules as a Standing Rules covers both places it would be looked for.

(MW) I agree that the rule proposed should be in Standing Rules. To me, 2017.7.3 is the logical place for it.

I am uncomfortable with the same rule being in two places in the same document. There is a risk of one instance being missed if the rule is changed in the future.

(AR)I'm fine with it being in two places. OR we could put it in one place and reference it in the show rules.

Standing Rules 903.8.1 - 903.8.3 & 903.9.1 - 903.0.2

Hall of Fame and TICA Treasure

Rules Approved 4/01/09

903.8.1 From time to time the International Cat Association Board of Directors shall select certain individuals, who have contributed immeasurably to the success of the International Cat Association, for membership in the TICA Hall of Fame. This honor may be awarded to persons living or deceased. Nominees' contributions for consideration at the next Winter meeting must be submitted to the Regional Director by October ~~November~~ 15th and to the Executive Office by November ~~December~~ 15th.

903.8.2 The Regional Director shall discuss the names of the nominees at the Winter meeting of the BOD in Executive Session. If no names are submitted for the Winter meeting then they may be submitted to the Regional Director by February 15 and to the Executive Office by March 15 for the Spring Meeting. There shall be no limit to the number of names submitted by any Regional Director. It is not required that every Regional Director submit nominees every year.

903.8.3 Nominees shall be voted on at the Winter meeting, except if there are no nominees, nominees shall be voted on at the Spring meeting. Each Board member will have 3 Hall of Fame votes and may not cast more than one vote per nominee. The two nominees receiving the greatest number of votes will be inducted into the Hall of Fame. A nominee must receive a minimum of a 2/3 vote of the Board. No more than two persons per year may be inducted; however, it is not required to induct anyone. 903.8.4 New inductees shall be highlighted and pictured in the TICA Yearbook. All members of the TICA Hall of Fame shall be listed each year in the Yearbook and the TICA TREND. 903.8.5 Inductees to the TICA Hall of Fame shall be awarded a plaque at the TICA Annual and a perpetual trophy will be kept at the Executive Office.

90.9 TICA Treasure.

903.9.1 From time to time the Board of Directors of The International Cat Association may select a member to be honored while living and whose title will be "TICA Treasure" in keeping with an old Japanese custom of honoring those who have contributed beyond measure to their chosen art, craft or profession. The official Yearbook of The International Cat Association shall devote a page (or section) titled "Our TICA Treasures", which shall include pictures and accomplishments of the recipients. Those persons selected for this honor may not be selected while holding elected office in this association and may only be so named by an affirmative vote of not less than two-thirds of the Board of Directors present and voting at the Winter meeting.

903.9.2 Nominations shall be submitted by letter to the Regional Director for presentation to the Board of Directors for consideration. Letters of nomination must outline in detail the contributions and accomplishments of the individual nominee. The Regional Director must receive letters of nomination no later than November 30th for consideration at the Winter meeting, or February 15 for consideration at the Spring meeting. Nominees must have been members of The International Cat Association for a minimum of 20 years.

903.9.3 A Regional Director shall make no more than one nomination per year. All voting shall be done by secret ballot and names shall be kept confidential until the announcement is made at the Annual Awards Banquet. Only one TICA Treasure may be awarded in any given year however, there may be years with no TICA Treasure nominated.

903.9.4 TICA Treasures shall be awarded a plaque at the TICA Annual and a perpetual trophy will be kept at the Executive office.

Amend Standing Rule 307.4.3
Breed Group Outcross
Rules Final Approval, May 30, 2008

Current Rule

307.4.3 A breed requesting an outcross that is part of a breed group must specify whether it wants to include only that breed, or the entire breed group.

Suggested Change

307.4.3 Breeds using one breed in a breed group must allow all breeds in the breed group as permissible.

Comments From Rules:

(DB) I see no reason to make a change in a policy that was just adopted by the Board. I fail to see any compelling reasons for this change,

(AR) I fail to see any point in this change

(BT) I am very much against changing this rule. Breeds have chosen their outcrosses based on a breed for the most part and not a breed group. While I understand that the recessives may pop up, there is no reason to actually make them permissible when the breed does not want them as a part of the standard. (i.e. long hair in a short hair only breed or pointed in a non-pointed breed).

(LS) The rule was just changed a short while ago to clarify that only one breed in a breed group could be specified.

I believe this rule change far-reaching implications that need to be considered, including the effect that allowing such outcrosses will have on the ability of cats being born in and sold to international areas, especially those where TICA is still emerging, as such a rule change could substantially affect the ability of people in those areas to cross-register their cats.

(FY) I would add the comment that even if other breeds within the breed group are not allowed as outcrosses they can very well be in the background of the cat being used because the breeds within a breed group are allowed to inter breed freely therefore if it becomes a problem with other assns. then the BOD can handle the problem as they did with the Thai and BS.

(MW) I am against this amendment. It is reversing a change made at the Winter 2007 meeting, and I can't see what has changed to justify the alteration.

(NP) I am totally opposed to this change. Breeds are in breed groups because of like conformation. That is no reason to require every breed in the group to be accepted as an outcross. For example, I am sure the Tonkinese breeders DO NOT want Oriental Shorthairs and Longhairs or Balinese. The breed specifically is a Burmese/Siamese cross and should be able to remain as such.

From Minutes of Winter 2007 Meeting

"61. Motion was made by Crockett and seconded by Fisher to add Standing Rules 307.4.3, 307.5.1 and 307.6.1 to read: A breed requesting an outcross that is part of a breed group must specify whether it wants to include only that breed, or the entire breed group. Motion carried

unanimously."

Rules' comments in the Agenda for that meeting were:

"Each breed in a breed group is a separate breed. The breed group concept is to allow breeds of like type to breed together without having to deal with permissible or non-permissibles...and to accept the progeny as what they look like...i.e. pointed, non-pointed, longhair, shorthair, etc. It is perfectly logical to accept one breed from a group without having to accept the entire group. A single breed may be just what is needed...not the whole group package. TICA has many breeds where something is carried that is not accepted for showing. We don't require everything to be accepted for showing just because it may appear in a litter."

Amend Standing Rule 701.4.5
Names & Abbreviations for Experimental Breeds
Rules Approval 4/04/00

SR701.4.5 “The following is a list of the names and official abbreviations for experimental breeds”.

Amend to:

"The following is a list of the names and current abbreviations for experimental breeds"

Rationale:

The wording of the current Rule contradicts Registration Rule 33.3.1.2.1 ("The proposed breed name used for registration in the Experimental Registry is not in any way to be considered an official breed name accepted or approved by TICA and may be changed, removed or revoked at any time").

(AR) okay with me.

(BT) Fine with me as well.

1.

**Amend Registration Rules 32.1, 32.3, 36.7.1 – Experimental Breeds
Rules Approved 4/05/09**

The Board directed the Rules Committee at the Winter 2009 meeting to review the wording on the Experimental Registry and perhaps re-name it to Experimental Tracking System.

There are a number of places where the Experimental Registry is referred to in the Registration Rules and Standing Rules (see Annexes). A simple “cut and paste” rename is feasible, but the purpose of the Experimental Registry also needs clarifying. Additional amendments are therefore set out below.

The current designation in the Standing Rules (307.7) of certain Registration Only breeds as Category VI (i.e. Experimental) needs review. It would not necessarily be in those breeds’ best interests if unrestricted outcrossing (as permitted by RR 37.7.1) was allowed.

Amend Registration Rule 32.1

32.1 The association shall maintain a data base (Studbook and Foundation, and Experimental Registry) for purposes of registration or recording of all cats which qualify for registration or recording as defined within these rules. The Experimental Registry is referred to as an "Experimental Tracking System" in all documents published by TICA.

Rationale:

The Experimental Registry is purely for recording lineage should the breed need to progress beyond the Experimental stage. By referring to it as a Tracking System, it minimizes any public perception of "recognition" by TICA of the Experimental breeds.

Amend Registration Rules 32.3:

32.3 The registration certificates for cats registered in the Foundation or the Experimental Registry shall be distinguished from those registered in the Stud Book to avoid potential confusion regarding the status of a given cat or breed within the association. Experimental Registration Tracking Certificates shall clearly state, "Not Eligible for Exhibition" and that the breed and breed name are not recognized or approved by TICA.

Rationale:

Makes explicit that experimental breeds are not recognized or approved by TICA. By removing the words "Registration" from printed documents, it also reinforces the message that Experimental breeds are not registered with TICA.

Amend Registration Rules 36.7.1

36.7.1 Purpose. The Experimental Registry is for ~~registering~~ recording the parentage of cats not yet recognized in TICA for the Stud Book or Foundation Registries. Recording ~~Registration~~ of these proposed breeds will provide a precise chronicle of the proposed breed's progress and development. Records will include analysis of any genetic problems inherent in a particular breeding program thus proving or disproving its future acceptance as a viable, healthy breed

Rationale:

Reinforces that it is a tracking system not a registration record.

Rules Comments:

(LS) Well, I think the disclaimer is sufficient. We aren't going to stop the few "bad apples" that are in business of creating new breeds to profit (and, from a certain point of view, I'm not sure why we think we should be taking a moral position regarding the "goodness" or "evilness" of trying to make a few bucks from breeding cats, especially since we would be out of business if the people that breed cats to make money were all gone).

(NP) I don't think we have to do anything. This is a job for the EO

(BT) While I agree with calling it a Tracking System - the cats are registered with TICA, they are registered in order to be tracked. I Agree with Linda K's comment from the Winter Meeting the more I think about it. TICA's "job" is to register cats and in the case of the Experimental Registry we register cats in order to track them. The name and code are not actually approved by the Board until a developing breed is accepted as Registration Only.

(MW) I understand that we are a registry, however using the word "registering" in the context of Experimental breeds implies some level of approval by TICA. I guess what I was trying to say was that even if we think of it as registering internally, the external perception of Experimental's should be "tracking".

(AR) I agree with Nancy. And also with Martin; no matter what we call it, the people will say their cats are TICA registered

Annex 1: References to Experimental Registry in Registration Rules

32.1 The association shall maintain a data base (Studbook and Foundation, and **Experimental Registry**) for purposes of registration of all cats which qualify for registration as defined within these rules.

32.3 The registration certificates for cats registered in the Foundation or the **Experimental Registry** shall be distinguished from those registered in the Stud Book to avoid potential confusion regarding the status of a given cat or breed within the association. **Experimental Registration Certificates** shall clearly state, "Not Eligible for Exhibition".

33.1.1 Experimental New Breed - New breeds which are in development and which do not have an approved breed name. Experimental New Breeds are registered in the **Experimental Registry**. Formal approval of the Board of Directors is NOT REQUIRED

33.3.1 Experimental New Breed. The Experimental New Breed shall be registered in the **Experimental Registry** by making application to the TICA Executive Office. The following information must be included in the application for breed recognition:

33.3.1.1 A brief description of the proposed breed. (This is to enable the office to identify the breed. It could be a paragraph written by a breeder, a standard from another association, or another means for identifying the cats included in the breed.)

33.3.1.2 A proposed breed name that is unique.

33.3.1.2.1 The proposed breed name used for registration in the **Experimental Registry** is not in any way to be considered an official breed name accepted or approved by TICA and may be changed, removed or revoked at any time.

33.3.3 Advancement from Experimental New Breed to Registration Only New Breed. An Experimental New Breed may apply for approval of the Board of Directors as a Registration Only Breed upon completion of the following:

33.3.3.1 At least 1 year has passed since the initial registration of the breed in the **Experimental Registry**.

33.3.4.2 At least 10 cats of the breed have been registered in the **Experimental Registry**.

33.4.4 Experimental breeding programs which do not have an approved breed name shall be designated by the code EX.

33.4.4.1 Cats registered in the **Experimental Registry** shall be designated with EX preceding the proposed two-digit breed prefix.

36.1 Determination of Status. The registration of a cat shall be based upon ancestry as evidenced by a three generation pedigree. A cat shall be classified as eligible for the studbook, ancestry record, hybridization record, foundation registry or **experimental registry**

36.7 Experimental Registration.

36.7.1 Purpose. The **Experimental Registry** is for registering cats not yet recognized in TICA for the Stud Book or Foundation Registries. Registration of these proposed breeds will provide a precise chronicle of the proposed breed's progress and development. Records will include analysis of any genetic problems inherent in a particular breeding program thus proving or disproving its future acceptance as a viable, healthy breed

36.7.2 Requirements for Preliminary New Breed or Advanced New Breed Status. Any proposed breed registered in the **Experimental Registry** as Category VI must declare intent for registration status in Category I, II, III, IV or V prior to acceptance for recognition in Preliminary New Breed Class or Advanced New Breed Class. Registration in the **Experimental Registry** does not in any way imply or assure that the proposed experimental breed will advance to one of the more restrictive categories or will be accepted into Preliminary New Breed or Advanced New Breed any time, now or in the future.

36.8.5 **Experimental Registry** Codes:
EB - The proposed experimental breed has no cats which are unknown, unregistered, or of another breed or breed group within a standard three generation pedigree. (NOTE: Ancestry and Hybridization codes may be used as applicable.)

37.7 Category VI: Experimental (Developing) Breeds.
37.7.1 Purpose. This category is for new breeds which are still in active development. Use of both hybrid crosses and outcrosses to cats of unknown or unregistered parentage is permitted. There are no limitations or restrictions on the breeding programs for such breeds.

37.8.1 At the time of recognition for registration in either the Stud Book, the Foundation Registry, or the **Experimental Registry**, each breed or proposed breed shall be provisionally assigned to one of the six registration categories based upon size of the established gene pool within the breed or proposed breed and the necessity of outcrosses outside the breed. Initial assignment shall be at the discretion of the Board of Directors and the Genetics Committee using the information in the proposed breeding program submitted by the breeders.

37.8.2 A proposed breed which is accepted for the Foundation Registry or **Experimental Registry** may be assigned to any of the six categories, however a breed must be provisionally assigned to Categories I-V only prior to acceptance for Preliminary New Breed.

Annex 2: References to Experimental Registry in Standing Rules
303.3.3 There will be no formal breed committee or breed section for cats in the **Experimental Registry**.
303.3.3.1 The Executive Office will maintain statistics from the **Experimental Registry**: the number of litters registered, the number of individual cats registered, the names and addresses of owners and breeders of the experimental breed. Such statistics will be made available should a petition for advancement to Registration Only status be submitted.

307.7 Category VI Breeds. The following breeds are included in Category VI:

701.4.5 The following is a list of the names and official abbreviations for experimental breeds registered in the **Experimental Registry** (ER) effective 05/01/09:

Asian LH (Tiffanie)	Chantilly	Safari
Asian Shorthair	Chinese Harlequin Copper	Tennessee Rex
Burmilla LH	European Shorthair	Tiffany
Burmilla SH	European Burmese	Vienna Woods
Australian Mist	German Rex	York Chocolate
Bristol	Mandalay	
California Spangled	Ragamuffin	
Ceylon	Ruffle	

701.4.5 The following is a list of the names and official abbreviations for experimental breeds registered in the **Experimental Registry** (ER) effective 05/01/09:

TRANSFER NEW BREEDS (Registration Rules 33.10)
Breeds Championship in other Registries
Rules Approval 4/05/09

The Board instructed Rules Committee at the Winter 2009 meeting to provide a “fast track” process for the progression of breeds new to TICA but at Championship level already in other associations.

Add new:

33.5.3 Part Three outlines the requirements for advancement of breeds recognized by at least two other World Cat Congress members at Championship level.

Add new:

33.10 Advancement of Transfer New Breeds

Breeds that are Championship status in at least two full members of the World Cat Congress may apply to the TICA Board of Directors for acceptance in TICA at a higher level, or for a reduction in the time required to progress to the next level in the New Breed program. The Board of Directors will address applications on a case-by-case basis.

The Board of Directors may approve, disapprove or impose additional requirements on the Breed, including, but not limited to, appointing a different Working Group Chair and requiring changes to the standard and/or breed name, or any other modification which the Board of Directors, entirely in their discretion, may require.

33.10.1 The breed must have been at Championship status for a minimum of 5 years in at least 2 full members of the World Cat Congress.

33.10.2 A minimum of 10 cats of the breed (50 in the case of advancement to Championship) must have been registered in TICA during the 12 months preceding the application.

33.10.3 Submission of an electronic Application for Advancement to each member of the Genetics Committee and each member of the Rules Committee at least 90 days prior to the board meeting at which approval is sought. Any proposed modifications to a previously approved standard must be submitted with the application. Following approval of proposal by the Genetics Committee and Rules Committee, the application must be submitted by the proposed Working Group Chair to the TICA Executive Office at least 60 days prior to the Board Meeting for inclusion in the agenda. Any comments of the Genetics Committee or Rules Committee must be included. The application must include the following: (applications available from the TICA Executive Office or at www.tica.org).

33.10.3.1 A letter of intent to apply for Advancement, signed by at least five TICA members in good standing;

33.10.3.2 A proposed breed standard, approved by the Genetics and Rules Committees, including any permissible outcrosses.

33.10.3.3 An indication that the breed is to be categorized as an Established Breed, a Natural Breed, a Mutation Breed or a Hybrid Breed and the rationale for the proposed category. (See RR 37.1.2).

33.10.3.4 A proposed Working Group Chair for the breed

33.10.3.5 A processing fee of \$50.

33.10.3.6 Statistics from the other organizations showing number of cats registered and shown during the last 5 years. If official statistics are not available, then copies of pages from show catalogues may be provided to demonstrate that sufficient cats have been shown and bred in other organizations to ensure it is a viable breed within TICA.

33.10.4 A Notice of Intent to Apply for Advancement must be published in the TICA TREND at least 120 days prior to the meeting at which the application for advancement will be heard, and which invites comments about the breed to be forwarded to the Executive Office.

33.10.5 Make a formal presentation at the meeting of the Board of Directors.. Information presented should include photographs, illustrations, statistics, health and breeding reports, representatives of the breed and any other relevant material.

Rules Committee Comments:

(LS) Well, I think that if people are unwilling to take the time to assemble some sort of statistics, they aren't that interested in the fast track, and the breed should go the way of other breeds. Perhaps they could compile either show statistics or registration statistics. I think it is vital that we have some sort of picture as to how many cats are actually in the picture, let we wind up with something like Spain's version of the LaPerm (nothing against those cats at all, but there are hardly enough of them to have advanced).

I am very opposed to the number 10. 10 does not show sufficient interest in TICA. If they only have 10 cats, again, they can go the way of all the other breeds. I would think we'd need a number somewhere around 50 (I'd prefer the 100 number that we require of ANBs).

(MW) We have a difficult balancing act - making the entry barrier too high will stop people joining up. And it's a minimum level - we have to cater for everything from a Reg Only breed to one at ANB status. I think 10 is a good starting point.

(BT) I approve of this change to Transfer New Breeds for breeds already recognized as Championship in other registering bodies.

(AR) I think this is a solid beginning for this process

Genetics Committee Report
3/17/2009

Khaomane – The consensus of the committee is that the application is in order and that the breed should be given Registration Only status.

Elf – While the committee agreed that the application was in order, there was concern that hybrid breeds need to be more clearly defined to distinguish those breeds that are true hybrids of two (or more) existing breeds (such as the Ocicat as a Siamese/Aby/American hybrid that resembles none of the parental breeds) and those that are simply new traits of existing breeds (which the Elf seems to be – a SX with curled ears OR an American Curl with no hair). The recommendation is to deny advancement pending clarification of terminology.

Leopold – There was no specific concern with the Leopold application to Registration Only. Any previous concerns with the proposed standard were addressed and the application is in order.

Introduction to the Elf Cat

The Elf breed came about around Christmas time a couple years ago. Two friends and long time sphynx breeders were coming up with ideas for a new breed of cat that would incorporate the hairlessness of the Sphynx and the curled ear of the American Curl breed. The goal was to create a cat that was both hairless and had curled ears. Being around Christmas time when the idea for this breed came about the name "Elf" seemed fitting.

The Elf breed in general is a very inquisitive, easy going, friendly breed. Like both foundation breeds Elf's depend very much on their human owners. We as Elf owners and breeders feel they own us and not the other way around. Elf cats are unique in the fact that they are the only breed that has both curled ears and is hairless. They feel velvety soft like a chamois or a peach.

The first generation of Elf cats is created when a Sphynx is bred to an American Curl. Since the gene that causes hairlessness is recessive and the gene that causes the curled ear is dominant not all of the resulting kittens will always have curled ears however all of the resulting kittens will be coated. The best coated kittens with curled ears are kept from this first generation as they carry the hairless gene. These kittens/cats are very crucial to the foundation of the breed.

The coated kittens that are kept for the breeding program can then be bred to other F1 Elf's to create the second generation that statistically will be 50% coated, 50% hairless, and also be 50% curled ears and 50% straight ears. We hope to keep the best kittens from these second generation breedings that have both hairlessness and curled ears. The other option is to breed the first generation elf's back to a Sphynx which will also create an F1 litter however 50% of this litter is hairless. The resulting kittens phenotypically are the same as an F2 litter created breeding F1 elf to F1 elf.

The process to obtain these hairless cats with curled ears is not always an easy one and it is a labor of love. It definitely takes time to get the desired look for the breed. Along with the two original founding breeders (Karen Nelson and Kristen Leedom) there are several other breeders who have joined in the journey to breed these magnificent, unique cats. Many Elf breeders come from other breeds and have the knowledge and experience to make the dream of Karen and Kristen to see this breed succeed a reality.

Enclosed here for review is our application for advancement to Registration Only status from Experimental Status. We hope to have this heard at the Spring board meeting in May 2009.

The Elf Cat

The Elf is being developed using foundation cats from Sphynx and American Curl breeds. Each of these two breeds have a single trait that makes them distinct from all other breeds. The Elf combines these traits to create a unique breed of cat that is different from each of the contributing foundation breeds. These two traits are independent of each other and when combined pose no harm to the health and well being of the new breed Elf.

HEAD:

Shape: The head is slightly longer than it is wide with prominent cheek bones and a distinctive whisker break with prominent whisker pads. The skull is slightly rounded with a flat plane in front of the ears.

Eyes: Shaped as a walnut, oval on top and round on the bottom. Placement should be at a slight angle between base of ear and tip of nose . Wide set with a minimum of one eye width apart. Color should be clear and brilliant with no relation to cat color, except that blue eyes are required on all pointed cats.

Ears: The ears are moderately large, wide at the base and open, curving back in a smooth arc when viewed from the front, side, or rear. Curl maximum of 90 degree arc. Firm cartilage from ear base to at least 1/3 height. When viewed from the front, the outer base of the ear should begin at the level of the eye, neither low set nor on top of the head. Ears have more of a vertical crimp than a horizontal one. Having this vertical crimp makes the ears stand tall and open. The ears should not fold back into a tight curl.

Muzzle and Chin: Full, wide, strong with a definite break. Prominent whisker pads should make muzzle appear squared.

CATEGORY: All.

DIVISION: All.

COLOR: All.

PERMISSIBLE OUTCROSSES

Sphynx, American Curl,

Domestic Short Hair

Profile: Rounded back skull, sloping forehead, change of direction at the nose bridge, slight curve to nose.

Nose, muzzle and chin form a blunt look in profile

Neck: Medium in length, rounded, well muscled, with a slight arc from the base of the skull to the shoulders. Allowances to be made for heavy musculature in adult males.

BODY:

Torso: Medium to large in size with noticeable depth. Rectangular in shape. Straight back with hips higher than shoulders. Overall muscled, athletic appearance. Males are proportionally larger than females, full abdomen as if just finished a meal.

Legs: Medium in proportion to the body. Sturdy well muscled with rear legs being slightly longer than the front. Front legs widely set.

Feet: Medium in size, oval shape with long slender toes. The paw pads are thick giving the appearance of walking on cushions.

Tail: Slender, flexible and long while maintaining proportion to body length.

Musculature and Boning: Moderately heavy and substantial, Well-muscled, Females may have slightly finer boning.

COAT/COLOR/PATTERN:

Length: Appears hairless. Short fine hair may be present on feet, ears, nose, tail and scrotum. The remainder of the body can range from completely hairless to a covering of down-like fur whose length doesn't interfere with the appearance of hairlessness. Whiskers if present are sparse and very short.

Texture: Can be chamois-like to smooth skin. A feeling of resistance may be felt when stroking the skin of some cats. The skin is very wrinkled in kittens. Adults should retain as many wrinkles as possible, especially on the head.

Color and Pattern: Any color or pattern genetically possible

General Description:

The Elf is a medium to large size cat with sturdy boning and good muscle development and should have a bit of a belly as if they just finished a meal. Whiskers and eyebrows may be present but sparse. Males can be up to 25 percent larger so long as proper proportions are maintained. The most distinctive features of this cat is it's appearance of curled ears and hairlessness, although it is not truly hairless. The skin may be covered with a fine down which is almost imperceptible to both eye and touch. The Elf by nature is very people-oriented and affectionate. They are extremely inquisitive and love to be the center of attention. They are active and alert with gentle and even dispositions.

PENALIZE:

Hair: other than described Delicate or frail appearance. Should not resemble the Oriental body type. Lack of wrinkles on the head. Ears: Interior surface which appears corrugated. Ears that are not open or wide based, ears too small or low set. Tips of ears not visible from frontal view in adults. Non-amenable disposition.

ALLOWANCES: Locketts.

DISQUALIFY (DQ):

Any evidence of debilitating, plucking, shaving or clipping or any other means of hair removal. Inability to handle. Kinked or abnormal tail. Extreme curl in adult where tip of ear touches back of ear or head. Ears that are straight, severely mismatched, thick or having inflexible tips. Lack of firm cartilage in base of ear. Ears in which the lower portion of the ear is abnormally flattened, has compressed ridges of cartilage and does not have a normal, visible ear cavity. Inability to handle.

Elf Standard, 07/17/2008

THE INTERNATIONAL CAT ASSOCIATION, INC.
ADVANCEMENT FROM EXPERIMENTAL NEW BREED TO
REGISTRATION ONLY NEW BREED

33.3.3 Advancement from Experimental New Breed to Registration Only New Breed. An experimental New Breed may apply for approval of the Board of Directors as a Registration Only Breed upon completion of the following:

33.3.3.1 At least 1 year has passed since the initial registration of the breed in the Experimental Registry.

Date of initial registration of the breed: June 14, 2007

33.3.3.2 At least 10 cats of the breed have been registered in the Experimental Registry.

List cats by name and registration number.

Please see attached

33.3.3.3 At least 5 litters of the breed have been registered.

List litter registration numbers below. Attach copies of litter registration certificates.

1. A2P 112006 V	Date of Birth: 11/20/2006
2. AOP 22407 EE	Date of Birth: 02/24/2007
3. AOP 30707 BB	Date of Birth: 03/07/2007
4. A3P 121007 S	Date of Birth: 12/10/2007
5. A3P 12227 P	Date of Birth: 12/22/2007
6. B3P 123107 M	Date of Birth: 12/31/2007
7. AOP 010608 K	Date of Birth: 01/06/2008
8. A3P 021608 BB	Date of Birth: 2/16/2008
9. A3P 040108 JJ	Date of Birth: 04/01/2008
10. AOP 042008 J	Date of Birth: 04/20/2008

33.3.3.4 At least 3 TICA members in good standing from 2 different regions are on record.

List member, region, and membership number.

1. Karen Nelson R-3312-SW South West
2. Julie Folks R-2932-NW North West
3. Angela Orton R-3296-SW South West
4. Jennifer Herr R-3630-SE South East
5. Tracy Brennan R-3045-NA North Atlantic
6. Kristen Leedom R-3631-GL Great Lakes
7. Janelle Nystrom R-3633-GL Great Lakes
8. Patti Soule R-3212-GL Great Lakes
9. Nancy Raber R-3265-GL Great Lakes
10. Megan Guillory Paperwork sent to TICA waiting for #

33.3.3.5 Submission of an electronic Application for Advancement to Registration Only Breed 90 days prior to the Board Meeting at which recognition is sought to each member of the Genetics Committee and each member of the Rules Committee. Following approval of the application by the Genetics Committee and the Rules Committee, the application will be submitted by the Chair of the Rules Committee to the TICA Executive Office at least 60 days prior to the Board Meeting for inclusion in the agenda. Any comments of the Genetics Committee or Rules Committee must be included. (applications available from the TICA Executive Office or at www.ticaeo.com)

THE INTERNATIONAL CAT ASSOCIATION, INC.
ADVANCEMENT FROM EXPERIMENTAL NEW BREED TO
REGISTRATION ONLY NEW BREED

Breed Contact People:

Karen Nelson Falmari@elfcats.com (480)988-2665 and

Jennifer Herr ambrielelfs@ambrielelfcats.biz (336)793-1547

33.3.3.5.1 Application must include the following: (application available from the TICA Executive Office or at www.ticaeo.com)

- A brief description of the breed distinguishing it from other breeds recognized by the Association

Attach to application:

- A proposed breed name that is unique: Elf
- A proposed two-letter registration code: EF
- A proposed breeding program: Please see Attached
- A proposed designation of Breed Classification (See RR 33.2) Hybrid
- A proposed provision Working Group Chair Karen Nelson and Jennifer Herr

33.3.4 A Notice of Intent to Apply for Advancement to REGISTRATION ONLY Breed status must be published in the TICA TREND at least 120 days prior to the meeting at which the application for advancement will be heard, and which invites comments about the breed to be forwarded to the Executive Office

Date submitted for publication in the TREND: January 9, 2009

FOR INFORMATION ONLY:

33.3.5 Upon official acceptance by the Board of Directors as a Registration Only Breed, cats will be registered in the Stud Book of Foundation Registry. (See 36.2, 36.3, 36.4, 36.5, and 36.6) The approved two-letter registration prefix will be used (without EX)

33.3.6 It is understood that acceptance for advancement to Registration Only implies only that TICA agrees to provide registration facilities for development of the breed in question. There is no explicit or implied guarantee that TICA will accept the breed for championship either simultaneously or at any time in the future.

The International Cat Association, Inc.

Advancement from Experimental New Breed to Registration Only New Breed_____

33.3.3 An Experimental New Breed may apply for approval of the Board of Directors as a Registration Only Breed upon completion of the following:

33.3.3.1 At least 1 year has passed since the initial registration of the breed in the Experimental Registry.

Date of initial registration of the breed: July 25, 2007 (see email in EO's breed files under "Khaomane")

33.3.3.2 At least 10 cats of the breed have been registered in the Experimental Registry.

List of cats by name and registration number:

1. Jao Phu of Odyssey, 01T 041407, owner Janet Poulsen
2. Buimem of Odyssey, 01T 053107, owner Janet Poulsen
3. Lukpeir of Odyssey, 01T 032107, owner Janet Poulsen
4. Odyssey Akchanohk, 01T 011907, owner Janet Poulsen
5. Odyssey Baojai, 01T 050408, owner Janet Poulsen
6. Pornchai Varuna of Sarsenstone, 01T 091007, owner Cristy Bird
7. Arunsri of Sarsenstone, 01T 093008, owner Cristy Bird
8. The Great Leslie of Sarsenstone, 01T 073108, owner Cristy Bird
9. Si-Am Busaba of Odyssey, 01T 012706, owner Janet Poulsen
10. Si-Am Busaraktam of Odyssey, 01T 030806, owner Janet Poulsen
11. Sootsawaat of Odyssey, 01T 082207, owner Janet Poulsen
12. Odyssey CheeWa of Katsnjazz, 02T 062908, owners Janet Poulsen and Kathryn Amann
13. Odyssey ChaWee of Ayshazen, 02T 062908, owners Janet Poulsen and Chrissy Russell

Note: We have not given the last three digits of the registration numbers, as per Executive Office practice, to preserve confidentiality. This application will be public record (posted in the agenda and online).

33.3.3.3 At least 5 litters of the breed have been registered.

List of litter registration numbers below:

1. 01T 011907 Z, bred by Janet Poulsen
2. 01T 050408 HH, bred by Janet Poulsen
3. 01T 062908 AA, bred by Janet Poulsen
4. 01T 110808 G, bred by Janet Poulsen
5. 01T 110808 H, bred by Janet Poulsen

Note: Yes, we realize the prefixes of the litter registrations should probably begin with 02T, but these are the numbers as they have been issued by the Executive Office at this time. We sent copies of the litter registration certificates to Nancy Parkinson and Bobbie Tullo at their request.

33.3.3.4 At least 3 TICA members in good standing, from 2 different regions, are on record.

List of members, regions, and membership numbers:

1. Janet Poulsen of Odyssey Cattery, Great Lakes Region, TICA # R-355X-GL
2. Chrissy Russell of Ayshazen Cattery, Europe North Region (soon West Europe), TICA # RI-164X-EN
3. Cristy Bird of Sarsenstone Cattery, Southwest Region, TICA # R-225X-SW
4. Kathryn Amann of Katsnjazz Cattery, Mid-Pacific Region, TICA # R-247X-MP

NOTE: We have put an X in place of the last numerical digit of each membership number, above, in order to preserve privacy, as per Executive Office policy, when this document is posted in the agenda and online. Complete membership numbers are available separately upon request.

NEW BREED PROPOSAL “LEOPOLDS”

This document is part of the application for advancement of the new breed, known as Leopolds, from Experimental New Breed to Registration Only status.

According to Registration Rule 33.1.2, the Leopold is considered a “hybrid breed”, as it is being developed from a deliberate cross between two existing breeds.

The name “Leopold” is being proposed as the name for this new breed. This breed will be a medium/medium long-haired breed and is being developed to mimic a miniature version of the snow leopard. (NO pure exotic/wild cat outcross will be used in the development of this breed.)

The breed is being developed through the use of the Siberian crossed with the Bengal. The only other permissible outcrosses are DSH and/or DLH cats.

Per rule 33.2.1 – Attached is a proposed Breed Standard which will serve to describe the new breed in full.

The suggested two-letter designation for this new breed is **LD**.

The breed contact person will be Arden P. Morley, who may be reached at 928-757-1437 (home) or 951-640-5293 (cell).

Included with this package are the litter registrations for the existing Leopold litters, as well as copies of the registration certificates for the individual kittens/cats that have been registered in this new breed.

Leopold Standard derived from the following description of the Snow Leopard:

In appearance, the snow leopard is strikingly different from the common leopard. Although it has similar rosettes and broken-spot markings, they appear less well defined and are spaced further apart. The fur is long and woolly and helps protect the cat from the extreme cold of its generally mountainous habitat. The general ground coloration of the cat is predominantly grey with brownish/yellow tinges on its flanks and lighter, often white fur on its belly, chest and chin. The head, which sports small ears and a distinctive heavy brow, is rounded and comparatively small for its body size, which can be up to 1.3 meters length and weigh up to around 70kg. The long tail, which can measure as much as 900cm, helps the cat balance as it moves over rugged and often snowy terrain. The powerful limbs of the snow leopard are relatively short for its body size and are supported by large, powerful paws.

DESCRIPTION:

Well known for its beautiful fur, the snow leopard has a soft grey coat, covered with ringed spots of black on brown. Its tail is heavy with fur and the bottom of its paws are covered with fur for protection against snow and cold.

SIZE:

The snow leopard is 47 to 59 inches in length, while its tail is 31 to 39 inches long.

Furry feet help snow leopards stay on top of the snow by providing a greater surface area -- like snow shoes! The fur keeps snow leopard paws warm and dry, and provides some snow-traction too!

Responding to the extreme cold encountered within its range, the snow leopard's coat is exceptionally long, thick and tremendously insulating. The background coloration varies from a pale gray or light cream/pale yellow to a light brownish-gray. Solid dark to charcoal-gray to black spotted markings occur on the face, neck and legs, blending into open rosettes or irregular circles, with darker grey to spotted centers, on the flanks and back. The arrangement of the markings along the back area often results in two to three rows of elongated spots and rings, parallel to the backbone, running to the base of the tail. Two rows of rosettes continue down the tail to end in thick solid dorsal bars on the dorsal part of the last third of its length. The tail is exceptionally long and thickly furred, when compared to other felids, and often equals the length of the body. The thickness and length of the tail appears to increase its overall usefulness in maintaining balance, in its wintry mountainous habitat, where great leaps are required to negotiate the often rocky terrain. The paws are proportionately large, with the front much larger than the rear, and heavily covered between the pads with long thick insulating fur, giving this felid excellent traction in its snowy habitat.

In addition to the evolutionary development of the luxuriant thick coat and very long tail, the snow leopard skull has evolved to become depressed at the top of a relatively wide nasal area. This expansion and distortion of the forehead has resulted in the enlargement of the upper nasal chamber and sinuses, probably in response to the extreme cold and oxygen depleted environment of the high elevations of its natural habitat.

Pattern	7
Color	7

CATEGORY: Traditional.

DIVISIONS: Silver/Smoke Division.

COLORS: Silver Spotted Tabby ONLY.

HEAD:

Shape: The upper portion of the head is fairly round. The muzzle is quite elongated. The brow is very prominent. The overall impression of the head is trapezoidal. The head is small in proportion to the body, but the jowels are quite prominent and round.

Ears: Ears are small and set slightly off to the side, with a good distance between them. They are wider at the base than at the top, and the tips are rounded.

There are significant ear furnishings present, but these rarely extend beyond the edge of the ear. Light colored, horizontal bars (i.e., ocelli) on the back of the ear are desirable.

Eyes: The top of the eye is quite flat, and because of the prominent brow, may appear to be hooded. The eyes are small in relationship to the rest of the face. And are in line with the “stop” formed where the bridge of the nose meets the brow. The corner of the eye slopes down along the line of the nose. The bottom half of the eye has an almond shape. The eyes are set directly underneath a prominent brow. The eyes are moderately deep set and low on the forehead, one and a half to two eye widths apart. (Relatively wide set eyes) Tear stain markings may be present along and between the eye and the nose. Eye color is considered independent of coat color, with any natural color acceptable..

Chin: From the frontal view the chin is very pronounced, especially in proportion to the whisker pads which are not pronounced. In profile, the chin is very deep and almost bulbous in appearance, forming a perpendicular line from the tip of the nose to the bottom of the chin.

Muzzle: The muzzle is an elongated tapered muzzle, with a definite lack of protruding whisker pads.

Profile: The forehead is a straight line from the tip of the nose to the “stop”, where the nasal bone meets the brow. This stop aids in the appearance of a prominent brow.

Nose: Viewing from the front, the nose is wide and rounded across the top with low set nostrils. In profile, the end of the nose should be slightly rounded, as well. The nose leather is slightly convex and should not look flat or form a perpendicular line to the chin.

Neck: Short and thick. Muscular and well toned.

BODY:

Torso: Long in relationship to the legs, with a full deep rib cage and muscular shoulders. Although slightly narrowing in the midsection, the haunches should be almost equal in musculature to the shoulders. The hip and thigh are full and muscular and somewhat heavy in proportion to the rest of the body.

Legs: Short in relationship to the rest of the body, with strong boning.

Feet: Large and rounded, with elongated toes, with fur tufts between the toes.

Tail: Extreme length and thickness, reaching the floor when standing and extending well beyond the hind legs, and tapering only very slightly with a blunt end; very articulated and expressive.

Boning: Heavy, strong boning with bone density adding to the overall weight of the cat.

Musculature: Firm, and very well-developed. The body builders of the cat world.

COAT:

Coat: Medium in length with a slightly coarse, yet plush, feel to it; a coat that has remarkable substance and texture. Coarser guard hairs cover a softer undercoat. The coat is thick and does not lie flat against the body.

COLORS:

Silver spotted tabby ONLY. The only color variations allowed are due to the tarnishing that normally accompanies the silver color. There should be bold dark markings and extreme contrast. In any variation the lips are black, as are the black tear duct lines on the inner sides of each eye.

The nose leather can be either brick red, solid black or black with a light red or pink line running down the center. Paw pads should be deep charcoal black.

PATTERN: The Leopold pattern is bold, dark-brown to black with large rosetting preferred, but with some mackerel striping allowed. Rosetting can extend all the way down the length of the tail. There should be extreme contrast between the bold dark marking and the light silver background color. The chest and belly should be almost white. Tarnishing is allowed on the muzzle, legs, and feet. However, the bold markings should extend all the way to the toes. Smaller spots may be found on the head, legs, and feet.

TEMPERAMENT: The Leopold must be confident, alert, curious and friendly.

GENERAL DESCRIPTION: The overall impression of the Leopold is a large bodied, but graceful cat with striking, large, dark spots and/or other bold markings on a silver background. The cat should resemble the large boned, muscular snow leopard in structure, but may carry some of the markings of a white tiger on the snow leopard structure. The Leopold must be affectionate and outgoing, with long muscular body, wide neck, large boned legs and small ears, as well as an extreme length of tail which is the hallmark characteristic of the breed. The Leopold must have a striking color and pattern that sets it apart from any other breed.

PENALIZE: Spots that are any color other than dark brown to black. Any distinct locket on the neck, chest, abdomen or any other area not provided for in the standard. Large ears. Short tail. Fragile boning.

WITHHOLD ALL AWARDS: Extra toes.

Temperament must be unchallenging; any sign of definite challenge shall disqualify. The cat may exhibit fear, seek to flee, or generally complain aloud but may not threaten to harm."

Evidence of intent to deceive the judge by artificial means, cats with all or part of their tail missing (except those breeds whose standard calls for this feature), totally blind cats, cats having more or less than five toes on each front foot and four on each back foot (unless proved to be the result of an injury or as authorized by a Board approved standard), male cats in the adult championship class which do not have two descended testicles, and, at the discretion of the judge, tail faults (visible or invisible) and/or crossed eyes shall be disqualified from championship competition.
