2013	Annual	NW	Bellevue, WA	09/01-02/13

109.1 Annual Convention.

109.1.1 Annual Convention. Labor Day weekend each year is reserved for the Annual Convention. No other shows may be held the weekend of the Annual Convention with the following exception. A club may receive permission to hold a show on the Annual weekend upon application to the Board. Application must state specific reasons for the request for exemption and why such a show would have no impact on the Annual.

109.1.1.1 The rotation for the Annual Conventions shall be: Mid Atlantic - 2011, Great Lakes - 2012, Northwest - 2013, Northeast - 2014, International - 2015, Southwest - 2016, South Central - 2017, Southeast - 2018, Mid Pacific - 2019.

109.1.1.2 Proposals to host the Annual Convention in the designated region must be received for the Annual Meeting 3 years prior to the proposed convention.

109.1.1.3 In the event no club submits an acceptable proposal, any club in any region may submit a proposal to host the Annual Convention by the agenda deadline for the Semi-Annual Meeting 2½ years prior to the convention and a notice soliciting such proposals shall be published in the TICA TREND.

109.1.1.4 The subsequent designated order of rotation will remain the same.

109.2 Meetings of the Board.

109.2.1 All Board Meetings shall be scheduled for a minimum of 2 days.

109.2.1.1 Meetings of the Board shall be the fourth full weekend in January (Winter Meeting), the third full weekend in May (Spring Meeting) and the week immediately preceding Labor Day weekend (TICA Annual).

109.2.1.2 The Winter Meeting shall be held in Harlingen TX without a show OR at a location outside the United States in conjunction with a show, approved by the Board.

109.2.1.3 The Spring Meeting shall be held in the United States, rotating from Central to West to East, with or without a show. The meeting venue must be at or near a major international airport at a hotel with adequate meeting space, full restaurant service and airport shuttle.

109.2.1.4 The Winter and Spring meeting locations shall be selected by the Board without consideration of accompanying show.

109.2.1.5 Minutes of all meetings of the Board of Directors shall be completed within 10 working days following the meeting.

FOLLOW-UP REPORT

NO.	ITEM	RESPONSIBILITY	STATUS
1	Report from the Realignment Committee.	Wood	W12 Agenda
2	Revisit the Outstanding Catteries report at the Spring Meeting in 2012.	Fisher	S12 Agenda
3	Blueslips on line.	EO-Report	S12 Agenda
4	Program prefixes and genetics into registration program.	EO-Report	W12 Agenda
5	Make the registration certificate a full page.	EO	W12 Agenda
6	How many registrations are received in the EO where the pedigrees are only signed by the breeder.	EO	W12 Agenda
7	Revise By-Laws 15.5 to allow people in other associations to run for breed committee. Provide two choices : one that allows people to serve and one that does not.	Rules	W12 Agenda
8	The Business Manager was instructed to speak to David Thomas concerning the Show Schedule on the website.	EO	W12 Agenda
9	Pedigrees being issued by clubs outside of North America (we already have a procedure in place for NA clubs). Work with the EO on establishing a procedure to allow registries to become "accepted" registries to the EO, e.g. using criteria like licensing judges and producing shows, if they can establish with you that they have the qualification to run a registry (e.g. letting you know how many years they have been registering cats and how many cats are in their database). Part of the application process should also be a "translation" of their color names / codes to TICA colors and a contact person in case there are questions regarding a pedigree from their registry submitted to you.	Rules	W12 Agenda
10	Steven Savant was appointed to chair the TICA Committee on Mentoring Clubs with Francine Hicks, Susan Adler, Ralph Stadter, Elaine Weitz, Jaime Christian and Jackie Rose appointed to the Committee and with a report furnished at the 2012 Winter Meeting.	Savant	W12 Agenda

Information and Recommendations from Re-alignment Committee

The Board gave direction that the committee focus on the American regions as Europe is still settling down after the last re-alignment. However, the Committee has the following specific recommendations for areas outside the U.S.

1. Spanish-speaking countries (e.g. Mexico, Costa Rica) should be moved to South America region and that the region be renamed "Latin America."
2. Those parts of Russia east of 110 east longitude be moved to Asia Region.

As for the American regions, there are 4 options suggested by the Committee. All 4 of these scenarios have pros and cons - these will be debated by the Board (taking into account any member feedback) but the final decision will be the one which, in the Board's opinion, is in the best interests of TICA.

Option 0: do nothing more

Option 1: As per Ralph's spreadsheet, but new region called (provisionally) "Central Region"

Option 2: ditto

Option 3: new "Central Region" would be comprised of Nebraska, Utah, Colorado, Kansas, Arizona, New Mexico and perhaps Oklahoma

Supplemental Information
Board Regional Alignment Policy Guidelines
(Semi-Annual 2004)

There was consensus that the regions should be somewhat equal in their representation of the TICA membership. It is through regions and their RDs that TICA chooses to be governed. The Board then discussed how to define "somewhat equal".

While the Board felt that a number of factors impact the management of a region and its viability and whether or not it should be dissolved or divided, they chose the initial measure as "membership". Equality was then determined by the Board to be a region's membership as a percentage of total TICA membership (plus or minus 3% against the average percentage - being the total TICA membership divided by the number of regions). In addition, the computation of membership would be based upon a rolling 3 year average.

Even if a region were outside the range, it did not necessarily mean it would be split up. The Board decided that the decision to actually split a region was one that needed to consider a number of factors, including the number of cats shown and the number of shows. Primarily, the percentage of membership must be large enough to ensure equality among all the regions upon the split. Geography and culture should be taken into account in designing new regions.

Current Regional Membership vs. "Norm"

Based upon that guide, and using the printouts of total membership data by region (sent out monthly by the EO to RDs), the attached spreadsheet was created which shows where any region comes outside the "norm".

Region		Apr-09	Apr-10	Apr-11	2011 %age per region	3 Year Average *	%age per region	Variance 2011 vs average

INDEPENDENT AUDITORS' REPORT

Board of Directors
The International Cat Association, Inc.

We have audited the accompanying statements of financial position of The International Cat Association, Inc. as of June 30, 2011 and 2010, and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of the Association's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The International Cat Association, Inc.'s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The International Cat Association, Inc. as of June 30, 2011 and 2010, and the changes in its net assets and cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

The International Cat Association, Inc.
NOTES TO FINANCIAL STATEMENTS
June 30, 2011 and 2010

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The International Cat Association, Inc. (known as "TICA") was incorporated October 25, 1982 under the Texas Non-Profit Corporation Act, with its primary purpose being the promotion and dissemination of educational and scientific information on felines to the general public. The Board of Directors, comprised of a President and Vice-President, and Regional Directors, oversees the activities of the Association.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The Association is required to report information regarding its financial position and activities according to three classes of net assets; unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Revenue Recognition

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. Contributions received with donor-imposed restrictions that are met in the same year in which the contributions are received are classified as unrestricted contributions.

All donor-restricted contributions are reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. No activity was temporarily or permanently restricted during the years ended June 30, 2011 and 2010.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Concentrations of Risk

Concentrations of Risk Due to Temporary Cash Investments and Trade Accounts Receivable

Financial instruments that potentially subject the Association to concentrations of risk consist principally of temporary cash investments and trade accounts receivable. The Association places its temporary cash investments with financial institutions and limits the amount of credit exposure to any one financial institution. Concentrations of credit risk with respect to trade accounts receivable are limited due to the large number of members comprising the Association's membership and their dispersion across different geographic areas.

The International Cat Association, Inc.
NOTES TO FINANCIAL STATEMENTS - CONTINUED
June 30, 2011 and 2010

NOTE A - SIGNIFICANT ACCOUNTING POLICIES - Continued

Concentration of Risk Arising from Cash Deposits in Excess of Insured Limits

The Association maintains cash balances with high quality credit institutions. At times such cash and investments may be in excess of the FDIC insurance limit.

Income Taxes

For all periods presented, income taxes are calculated using the liability method in accordance with the provisions set forth in generally accepted accounting standards. Deferred income tax assets and liabilities are computed annually for differences between the financial statement and tax basis of assets and liabilities that will result in taxable or deductible amounts in the future based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. Income tax expense is the tax payable or refundable for the period plus or minus that change during the period in deferred tax assets and liabilities.

TICA has adopted FASB Accounting Standards Codification (ASC) 740-10, *Accounting for Income Taxes*. The accounting standard on accounting for uncertainty in income taxes addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under that guidance, TICA may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities based on the technical merits of the position.

As a result of the implementation of ASC 740-10-50, *Accounting for Uncertainty in Income Taxes*, TICA did not recognize a liability for unrecognized tax benefits.

TICA's Form 1120, *U.S Corporation Income Tax Return*, for the years ending 2009, 2010 and 2011 are subject to examination by the IRS, generally for 3 years after they were filed. TICA is not currently under examination by any federal or state taxing authorities. It is TICA's policy to recognize interest and/or penalties related to uncertain tax positions, if any, in income tax expense. As of June 30, 2011, TICA had no accruals for interest and/or penalties.

Inventories

Inventories of supplies for resale as of June 30, 2011 and 2010, is stated at principally the lower of cost or market. Cost is determined on the first-in, first-out basis.

Property, Plant and Equipment

Property, plant and equipment acquisitions have consistently been recorded at cost if purchased or fair value at date of gift if donated. Major renewals and improvements which extend the life of an asset or benefit one or more subsequent periods are capitalized. Replacements, maintenance, and repairs which do not extend or improve the life of existing assets are charged against income in the period incurred. When properties or equipment are retired or otherwise disposed of, the property and related accumulated depreciation accounts are relieved of the applicable amounts. Gains or losses from normal retirements or sales are credited or charged to income.

The International Cat Association, Inc.
NOTES TO FINANCIAL STATEMENTS - CONTINUED
June 30, 2011 and 2010

NOTE A - SIGNIFICANT ACCOUNTING POLICIES - Continued

Depreciation

Equipment and furniture are being depreciated using the straight-line method over their estimated useful lives, ranging from 3 to 10 years. Depreciation expense totaled \$25,378 and \$29,920 for the years ended June 30, 2011 and 2010.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Association considers all highly liquid debt instruments with a maturity of three months or less to be cash equivalents.

Certificates of Deposit

Certificates of deposit, totaling \$170,195 and \$169,336 at June 30, 2011 and 2010, are presented on a separate line on the accompanying financial statements. The certificates bear interest ranging from .55% to .78% and have maturities ranging from three months to one year, with penalties for early withdrawal. Any penalties for early withdrawal would not have a material effect on the financial statements.

Non-Profit Status

The Association has adopted the policy that no member shall personally profit from the operations of the Association except for reasonable compensation for services actually rendered by officers and employees of the Association.

Prepaid Expenses

Prepaid expenses are advance payments for products or services that will be used in operations at some future period.

Credit Memos

Credit memos are generated when customers overpay for services or remit payment for registrations that are pending approval or required documentation. The credits are reduced when customers are refunded or once required documentation is received and the registration is granted.

NOTE B - NOTES PAYABLE

The notes payable are related to capital leases. The notes are payable to Pitney Bowes, Inc. and the implied interest rate on both notes is 7%. The capital leases ended in April 2011. See Note C relating to the capital leases.

The International Cat Association, Inc.
NOTES TO FINANCIAL STATEMENTS - CONTINUED
June 30, 2011 and 2010

NOTE C - CAPITAL LEASES

As of September 7, 2005, TICA entered into a seventy-two month lease with Pitney Bowes, Inc. for a folding machine. The lease has been classified as a capital lease because the lease term exceeds 75% of the estimated economic life of the assets. Therefore, the present value of the monthly lease payments has been capitalized as a fixed asset with an associated note payable. The implied interest rate is 7%. The monthly payments on the lease are \$655.

As of June 23, 2005, TICA entered into a sixty-nine month lease with Pitney Bowes, Inc. for a postage machine. The lease has been classified as a capital lease because the lease term exceeds 75% of the estimated economic life of the asset. Therefore, the present value of the monthly lease payments has been capitalized as a fixed asset with an associated note payable. The implied interest rate is 7%. The monthly payments on the lease are \$675.

The capital leases ended in April 2011 and the folding machine and postage machine were returned to Pitney Bowes, Inc.

NOTE D - OPERATING LEASES

On March 1, 2007, TICA entered into a five year operating lease for office space. The monthly payments on the lease are \$2,490.

On January 28, 2011, TICA entered into a sixty-six month operating lease for a postage machine. The monthly payments on the lease are \$532.

The following is a schedule by years of future minimum payments required under the lease agreements as of June 30:

Year Ending June 30:	
2012	\$26,304
2013	6,384
2014	6,384
2015	6,384
2016	6,384
2017	<u>532</u>
	<u>\$52,372</u>

NOTE E - EMPLOYEE BENEFIT PLAN

TICA has a defined contribution retirement plan covering all employees who have worked there longer than one year. Under the plan, TICA will match an employee's salary deferral contributions up to a maximum of 3% of the employee's compensation. Under the Internal Revenue Code, the plan is referred to as a Savings Incentive Match Plan for Employees.

The International Cat Association, Inc.
NOTES TO FINANCIAL STATEMENTS - CONTINUED
June 30, 2011 and 2010

NOTE F - FEDERAL INCOME TAXES AND DEFERRED INCOME TAXES

As discussed in Note A, the Association was organized and incorporated under the Texas Non-Profit Corporation Act and filed an application for exempt status. The Association had originally intended to be exempt from federal income taxes under the provisions of Section 501(c)(6) of the Internal Revenue Code. However, the application originally submitted to the Internal Revenue Service in 1993 for consideration as a not-for-profit, exempt organization under Section 501(c)(6) of the Internal Revenue Code was denied. As a result, TICA has filed federal income tax returns as a for-profit corporation with applicable provisions made for federal income taxes. Deferred income taxes are computed by applying statutory rates to temporary differences between the recognition of income and expense for financial statements and income tax return purposes based upon the expected period in which the differences will reverse. The principal difference arises from the use of different methods of depreciation for financial reporting and tax return purposes. The provision for federal income taxes is computed on pre-tax accounting income at statutory rates.

Federal and state income taxes for the fiscal year ended June 30 consisted of the following:

	<u>2011</u>	<u>2010</u>
Current		
Federal	\$ 1,152	\$12,762
State	<u>7,358</u>	<u>6,512</u>
	8,510	19,274
Deferred		
Federal	<u>(5,952)</u>	<u>7,127</u>
Provision (benefit) for income taxes	<u>\$ 2,558</u>	<u>\$26,401</u>

The components of the deferred tax as of June 30 are as follows:

	<u>2011</u>	<u>2010</u>
Deferred tax liability		
Depreciation	<u>\$ 5,315</u>	<u>\$ 8,150</u>
Deferred tax asset		
Net operating loss carryforward	<u>\$ _____</u>	<u>\$ _____</u>

NOTE G - SUBSEQUENT EVENTS

For purposes of reporting subsequent events, management has considered events occurring up to August 31, 2011; the date the report was available to be issued and the date the report was issued.

Helping New Clubs - TICA Ad Hoc Committee Report

Our group has discussed various ways in which to assist new clubs and new show managers.

We have a sample show budget available.

We are currently working on a show manual for first time (and other) show managers. This will include tips on finding a show hall, dealing with vendors, advice for dealing with rescues, scheduling a show, etc.

There is no Show Manager mentoring program but perhaps this is a possibility. In the meantime, over the past few years, several yahoo groups' lists have cropped up – these include groups for TICA show managers and entry clerks. It is recommended that new show managers subscribe to these lists, as they will be able to benefit from others' experience.

We are discussing the possibility of requesting that TICA examine the issue of customer service for clubs. Major revenue items for TICA include the show licenses that clubs purchase to produce the cat shows that serve the TICA membership. As the economy slowly moves through the current downturn, our clubs are feeling the effects through more expensive airfares, increased fares for pet travel, fewer hotels with pet friendly policies, and greatly reduced show entries. Some customer centered suggestions:

1. Utilize email notifications to clubs for charter renewals, license fees, show supply tracking
2. Allow online charter renewals
3. Develop online show application processes through TDS
4. Use FTP for uploading master catalogs
5. Create club/show section specific to club and show needs on the TICA website
6. Encourage development of new clubs and new markets by subsidizing or discounting license fees
 - a. New Clubs 1st show license complementary
 - b. Existing Clubs in New Market, discounted show license

Respectfully submitted by the committee.

Committee Members: Steven Savant, Susan Adler, Sue Hansen, Ralph Stadter, and Jackie Rose

Add Standing Rule 105.4.3

105.4.3 New breeds advanced to Championship shall elect a Breed Committee at the next regular Breed Committee election. In the interim the Working Group Committee of the breed section shall serve as the Breed Committee.

105.4.3.1 If the breed section requests to elect a Breed Committee in the interim, this will be done at the expense of those making the request.

Rationale: It is currently unclear when a breed committee is elected for breeds advancing to Championship between breed committee elections. This proposed standing rule serves to make clear when a breed committee will be elected for new breeds advancing to Championship.

Amend Standing Rule 209.1.1.4 Marked Catalogs (Farley)

Amend 209.1.1.4 as follows:

209.1.1.4 The show committee is required to forward (via first class mail or better) one completely marked catalog to the Executive Office of TICA, the regional reporters and the appropriate regional director within 48 hours after the close of the show. As an alternative to mailing, clubs are encouraged to submit a copy of the marked catalog via email in an electronic format known to be readable by the Executive Office, within 72 hours after the close of the show. The show committee is required to forward one completely marked catalog to the judging administrator, to each judge, **to each trainee**, the master clerk and to any person who ordered a marked catalog **NO LATER THAN 7 DAYS AFTER THE SHOW**. The show committee shall also send a catalog marked with the finals page(s) and the appropriate breed awards to each certified ring clerk within 7 days after the show.

Rationale:

After the show, trainees can benefit by reviewing their judging results with both the training judge's and other judges' awards. A copy of the marked catalog would best facilitate the reviews, and allow the trainee to self-evaluate their own progress and consistency during the show. The added requirement of providing another (or a few) additional marked catalog(s) would be minimal, especially since most clubs are increasingly providing the copies electronically.

Rules Comments:

LS: I think it's probably pretty difficult for a club to keep track of who was training and who wasn't, especially since this often changes on the fly. It's easy to know who the judges, etc were; that information is all in the catalogue. The trainees aren't, and this is yet another task for someone that is underpaid and under-appreciated to add to their list. I feel very strongly that the trainee should hunt down a copy if they want it - this would be easily accomplished by emailing a judge, etc. - rather than adding to the work required of the show committee.

EC: I have no problem with this if the clubs are doing it electronically - it can add significant expense if hard copy has to be mailed (and the proposal as written does not exclude that possibility)...perhaps an easier way to handle this is for the trainee to request one of the judges s/he trains with to forward their electronic copy on to the trainee.

KS: I also do not think this should be required. Nice to get, yes, but should not be required. The trainee can always ask the master clerk/show management to email them a copy.

KV: I think that it shouldn't be a problem for any club to add the 1-3 email-addresses and mailing the catalog. I would be against sending a hard-copy!

Add Standing Rules 303.6.2.1 and 303.7.3.1 (Tullo/Parkinson)

Add:

303.6.2.1 Having met the requirements for and upon advancement to Preliminary New Breed (PNB) status, a cat in PNB may be shown immediately upon advancement by the Board.

303.7.3.1 Having met the requirements for and upon advancement to Advanced New Breed (ANB) status, a cat in ANB may be shown immediately upon advancement by the Board.

Rationale: PNB and ANB cats are not scored or titled, so there is no reason to have to wait until May 1 to begin showing.

Add Standing Rules 2015.2 & 2015.2.1

2015.2 It is the responsibility of the exhibitor to inform the ring clerk when a cat is presented in the ring as Presentation Only, including calculation of the end of the six-month time period if the judge was in possession of the cat.

2015.2.1 Any points earned by a cat that should have been Presentation Only in any ring are void.

Rationale: At the CEU Fest in San Antonio in June 2011, there were some concerns about exhibitors putting their cats in judges' rings within the six-month period after possession or ownership. The consensus of the group was that the responsibility for keeping track of the six months should be the exhibitors. After all, judges might be affected by several exhibitors, making it harder to keep track of it all.

Proposal to Accept the Amber Colors for Registration (Parkinson)

I believe that we have reached the time that TICA should recognize the amber colors for registration. Amber colors are recessive and denoted by the genetic code "e/e". The amber colors are already programmed into TDS so there are no programming issues. Amber is programmed in for solids, torties, tabbies, silvers/ smokes...plus "with white". To maintain consistency with our genetic registry with no designer colors, "amber" is programmed as "black amber" and "light amber" is programmed as "blue amber".

The amber colors should be programmed into all entry clerking programs for showing in New Traits and for future championship showing of Norwegian Forest Cats, the only breed in which amber has occurred. Programming should allow for showing of amber Household Pets.

1) Accept the following amber colors for registration including "with white":

<u>Solid</u>	<u>Tortie</u>	<u>Tabby</u>	<u>Silver and/or Smoke</u>
Black amber	Black amber tortie	Black amber * tabby	Black amber smoke
Blue amber	Blue amber tortie	Blue amber * tabby	Blue amber smoke
		Black amber * torbie	Black amber smoke tortie
		Blue amber * torbie	Blue amber smoke tortie
			Black amber silver * tabby
			Blue amber silver* tabby
			Black amber silver * torbie
			Blue amber silver* torbie

2) Add the following amber color descriptions to the UCD: (descriptions to be provided prior to May 1)

- Black Amber:
- Blue Amber:
- Black Amber Tortie:
- Blue Amber Tortie:
- Black Amber Tabby:
- Blue Amber Tabby:
- Black Amber Torbie:
- Blue Amber Torbie:
- Black Amber Smoke:
- Blue Amber Smoke:
- Black Amber Smoke Tortie:
- Blue Amber Smoke Tortie:
- Black Amber Silver Tabby:
- Blue Amber Silver Tabby:
- Black Amber Silver Torbie:
- Blue Amber Silver Torbie:

Amend UCD 74.2.2 Golden Tabbies

74.2.2 One tabby variation seen is the golden. Golden are shaded tabbies, *regardless of degree of expression of the wideband gene*, showing a preponderance of the ground color rather than the marking color. Golden come in all of the basic colors *in all tabby and torbie patterns in the shaded or chinchilla pattern, including shaded or chinchilla golden torbies.* A high degree of rufousing giving apricot or golden tones to the undercoat is considered desirable. Golden are genetically agouti (A/-), ~~with any underlying tabby pattern~~, with a high degree of rufousing polygenes. Shaded and chinchilla golden are characterized by ~~and~~ wideband (Wb/-) polygenes which “erase” the underlying tabby pattern, leaving the basic color only on the tips of the hair shafts. The chinchilla pattern is the most extreme expression of the wideband gene. Golden compete in a separate color class within the tabby division.

Rationale: There are many cats that are, in fact, not shaded or chinchilla golden tabbies/torbies, but patterned golden tabbies/torbies (i.e. classic, mackerel, etc.). It is time that we allowed these cats to be registered and shown correctly. In the past patterned golden were registered and shown until the UCD was amended in the early 2000s (for whatever reason).

In 2009 when programming was done for the 32-color divisions, golden patterned tabbies were programmed in as future colors, so there will be no new programming requirements. A partial page of the master code is included for reference.

3	1	BROWN (BLACK) * TABBY
3	2	BLACK * TABBY
3	1 FUTURE-	BLACK AMBER * TABBY
3	1 FUTURE-	BLACK GOLDEN * TABBY
3		BLACK GOLDEN SHADED
3		BLACK GOLDEN CHINCHILLA
3	a	RUDDY TICKED TABBY
3	b	BRONZE SPOTTED TABBY
3	1	BLUE * TABBY
3	2	BLUE * TABBY
3	1 FUTURE-	BLUE AMBER * TABBY
3	1 FUTURE-	BLUE GOLDEN * TABBY
3	1 FUTURE-	BLUE CARAMEL * TABBY

3	2	CINNAMON * TABBY
3	1 FUTURE-	CINNAMON GOLDEN * TABBY
3		CINNAMON GOLDEN SHADED
3		CINNAMON GOLDEN CHINCHILLA
3	1	LILAC * TABBY
3	2	LILAC * TABBY
3	1 FUTURE-	LILAC GOLDEN * TABBY
3	1 FUTURE-	LILAC CARAMEL * TABBY
3	1 FUTURE-	LILAC CARAMEL GOLDEN * TABBY
3		LILAC GOLDEN SHADED
3		LILAC GOLDEN CHINCHILLA
3	1	FAWN * TABBY
3	2	FAWN * TABBY
3	1 FUTURE-	FAWN GOLDEN * TABBY

Amend UCD to reflect the following:

- 1) ALL cats registered as “brown (black) * tabby/torbie” shall be changed to “black * tabby/torbie”.
- 2) ALL cats registered as “lynx (tabby/torbie) point” shall be changed to “tabby/torbie point”.

Rationale: In the rest of the cat world the terms “black tabby” and “tabby point” are used. As an international association, and as the world’s leading genetic registry, TICA needs to use terminology that is genetically accurate and consistent with the rest of the cat fancy.

This change can be made to the database with a global substitution requiring a matter of seconds. In fact it was done in 2009 when working on the 32-division changes. It was changed back due to a very unhappy Board member, no longer on the Board. Responses to the change from the membership were very positive in favor of the terminology change.

October 11, 2011

To the Board of Directors:

I am writing on behalf of the Kurilian Breed Group. We are asking for advancement to championship status at the upcoming January meeting of the BOD.

Below is a new list of the breed group. As you can see, we now have 10 breeders.

HOGAN	CHERYL	8800 SUMMIT POINT CT	FORT WORTH	TX
HOUZELOT	CATHERINE	1 RUE PIERDON	VAUCOULEURS	
LISOV	ALEXANDR	4719-B EAST CARDINAL COURT	HENRICO	VA
MADISON	DONNA	3 JORDAN ST	PORTLAND	ME
MCKENZIE	DEBORAH ANN	8616 JESSICA LN	PERRY HALL	MD
PARADIS	SHARON ANN	29 WHITE ST	AUGUSTA	ME
QUIMBY	DEBORAH	PO BOX 7	LONG BEACH	WA
WAGNER	LYNDA	2707 E GONZALEZ ST	PENSACOLA	FL
			RICHMOND	
ZAKHAROVA	SVETLANA	606 ELGIN MILLS RD W	HILL	ON
ZARUBINA	OLGA	ATAKOY 7-8KISIM GAZI SITESI L-10F D.66	ISTANBUL	

Attached is our breed standard.

The \$50.00 application fee has been paid. DAR pending.

Notification was in at least two issues of the trend and those would have preceded the Annual Meeting. September 2011

Attached you will find the necessary forms and documentation.

- a. List of shows - Please note at the time of this letter, there will be more KB/KL being shown between now and January.
- b. List of judges who have seen and judged the breed.
- c. List of registered cats.

I have resent this information again to the rules committee and the genetic committees.

Also, please see separate letter for an exception of the rule for advancement to championship.

Of note, is that the reports supplied by the EO are still dated as of 06/2011.

The KB/KL breed group and other individuals are currently showing in shows in the upcoming months. The most recent in the NW is included. There will be KB/KL at some upcoming Russian Shows, as well as Westchester. Also, of note there will be 24 KB/KL at the March 2012 NauTICAts show which is after your vote, but they will be attending.

It has been very difficult in these bad economic times, to get exhibitors out to shows. With job losses, increased costs of gas and oil, exhibitor's have felt a definite crunch in their budgets. Also, some of the KB/KL have not been out because of job requirements. Some of our exhibitors are now working weekends and are not able to get time off.

Yours sincerely,

Donna L. Madison

Donna L. Madison

Working Breed Group Chair

LETTER OF EXCEPTION FOR THE KB/KL FOR CHAMPIONSHIP STATUS

To the Board of Directors:

I am writing on behalf of the Kurilian Bobtail Breed Group on the advancement of the Kurilian's to championship Status as of May 2012.

There is a rule on the ballot which is yet to be voted on. If this ballot question passes, then it would steam-line established breeds to championship status.

However, we are writing for an exception to the rules in case the KB/KL does not meet the requirements set forth in the present rules or the new rule if it passes.

As you know the KB/KL is an established breed in now 3 organizations (previous 2). The rule states 2. There is a considerable number of KB/KL registered in these organizations (as for a request for how many, I am sure you realize that this information is not being made available to us). I am sure that TICA would not release such information for other competing organizations to profit from.

In any case, there is still a great deal of interest in TICA by the KB/KL group and I am sure that once they are advanced to championship status, that you will see significant growth in TICA. Most of this growth will come to Europe but there are more interested parties in other regions as well.

These are difficult economic times, and it is essential to TICA as a whole to advance any established breed to further the growth and ensure the future for TICA.

So, I am asking for an exception to the rules by the BOD of TICA to advance the KB/KL to championship status starting May 2012.

Yours sincerely,

Donna L. Madison

Please find the following attachments of the Savannah Advancement Packet for your consideration in the advancement of the Savannah to Championship status as a Category I breed. This packet is being sent to the Rules and Genetics Committee Members as listed on the TICA website. If there is anyone missing from the addresses above who should also be receiving this packet please forward it on to them.

1. Addendum A: Individually Registered Savannahs
 - Listed by code then alphabetically with SBT listed first, then C, B, A, and OIT
2. Addendum B: Shows where Savannahs have been exhibited, including regions and judges
 - Listed chronologically starting with the TICA year 2007 and ending September 2011
 - Please note the color coded legend to the right to help easily recognize the regions – this is the same legend that is used in all subsequent relevant documents
3. Addendum C: Individual Savannahs that have been shown including registration numbers and regions shown
 - Please note there are two tabs on this document
 - The first tab is a list of Savannahs by alphabetical order
 - The second tab is a list of Savannahs by region.
4. Addendum D: Judges who have judged the breed
 - Please note there are three tabs on this document
 - The first tab lists the active judges who have judged the breed
 - The second tab lists ALL active judges, courtesy of Marylou Anderson
 - The third tab lists previous and guest judges who have judged the breed
5. Addendum E: North American Regions that are represented by Savannah breeders in good standing with TICA and actively breeding the breed
 - Please note there are three tabs on this document
 - The first tab lists the breeders by region:
 - the first group includes membership numbers as requested by the advancement form on the TICA website

- the second group includes breeders who were unwilling to share their private membership numbers so instead are listed with their membership expiration dates
 - The second tab lists the breeders in alphabetical order
 - The third tab lists international breeders in good standing with TICA
- 6. Addendum F: Unique Savannahs shown in the Advanced New Breed Class including entries shown in at least two-thirds of the North American regions and two unique cats shown in each of two non-North American regions
 - Please note there are two tabs on this document
 - The first tab lists the Savannahs alphabetically
 - The second tab lists the Savannahs by region shown (some Savannahs have been shown in more than one region so are listed twice on this page)
- 7. Letters of Intent
 - The first page of this file lists on the left the members by alphabetical order and on the right the members by region; the actual signed letters follow this cover page
- 8. Savannah proposed breeding program
- 9. Savannah Breed Standard with modifications
 - The first document shows the edited changes
 - The second document has the changes incorporated into the Standard
- 10. DAR of the processing fee for the advancement procedure
- 11. Published intent to apply for advancement to Championship status in the TICA Trend

Patti Struck
 Carol Streit, Working Savannah Breed Chair

COAT/COLOR/PATTERN ..20 points

Texture	8
Pattern	8
Color	4

CATEGORY: Traditional.

DIVISIONS: Solid, Tabby and Silver/Smoke Division.

COLORS: Black, Brown (Black) Spotted Tabby, **Black** Silver Spotted Tabby, Black Smoke.

PERMISSIBLE OUTCROSSES: ~~Egyptian Mau, Oriental Shorthair, Ocicat, Domestic Shorthair~~ **None.**

HEAD: Shape: ~~The head, excluding the ears, is shaped like an elongated triangle.~~ The face forms an equilateral triangle: ~~the top of the triangle is formed by the brow line over the eyes; and the sides follow down the jaw bone meeting at the chin~~ **with a rounded finish at the muzzle. Above this triangle the forehead and ears form a rectangle from the brow line to the tops of the ears.** The head is small in proportion to the body.

Ears: Ears are ~~exceptionally~~ **remarkably** large and high on the head. They are wide with a deep base. They should be very upright and have rounded tops. The outside base of the ear should start no lower on the head than at the height of the eyes, but may be set higher. The inside base of the ears is set close at the top of the head; ideally a vertical line can be drawn from the inner corner of the eye up to the inner base of ear. Ear furnishings may be present; pronounced

ocelli are desirable.

Eyes: Medium sized and set underneath a slightly hooded brow. The top of the eye resembles a boomerang, which is set at an exact angle so that the corner of the eye slopes down the line of the nose. The bottom half of the eye has an almond shape. The eyes are moderately deep set, low on the forehead, and at least one eye width apart. Tear stain markings are present along and between the eyes and the nose. All eye colors are allowed and are independent of coat color.

Chin: From the frontal view the chin tapers to follow the triangle of the head. In profile, the nose is slightly protruding so that the angle from the nose to the chin slants back, which may cause the chin to appear recessed.

Muzzle: The muzzle is tapered with no break. It falls within the bottom portion of the facial triangle that runs from the brow to the point of the chin. Whisker pads are not pronounced.

Profile: The forehead is a straight to slightly convex curve from the top of the head to the ridge just above the eye, where there is a slight change of direction and a straight to very-slight concave curve from that ridge to the tip of the nose. In profile, the face also forms a triangle from the top of the eye to the tip of the nose, turning to follow the jaw line and back up to the eye.

Nose: Viewing from the front, the nose is wide across the top with low set nostrils. In profile, there is a slight downward turn at the end, giving a rounded appearance. Nose leather is slightly convex, and wraps up over the nose.

Neck: Long and lean.

BODY: **Torso:** The torso is long, lean, and well muscled with a full deep rib cage, prominent shoulder blades, a slight, but not extreme tuck-up, and a rounded rump. The hip and thigh are full and long, and somewhat heavy in proportion to the rest of the body.

Legs: Longer than average, well muscled, without appearing heavy or overly delicate. The back legs are slightly longer than the front legs.-

Feet: Oval, medium in size.

Tail: Medium to thick in width. Medium in length, ending between the hock and just above ground level when standing, with preferred length just below the hock. Tail should taper slightly to a blunt end. Whippy tails are not desired.

Boning: Medium boning with density and strength.

Musculature: Firm and well developed. Athletic yet not bulky. Lean but not delicate.

COAT: **Coat:** Short to medium in length, moderately dense and loose. It has a slightly coarse feel to it and lacks resilience. Coarser guard hairs cover a softer

undercoat. The spots have a notably softer texture than the texture of the ground color hairs. Glitter is not desired.

COLORS: Brown (Black) Spotted Tabby, Black Silver Spotted Tabby, Black, Black Smoke. No preference is given to ground color on the Brown (Black) Spotted Tabby. Bold solid markings are preferred on all tabbies. ~~ghost markings preferred on solid blacks and a visible pattern on black smokes~~

In any variation the lips are black, and the tear duct lines are prominent. On the spotted Savannahs the nose leather can be pink to brick red surrounded by liner, solid black, or black with a pink to brick center or stripe. In black Savannahs, the nose leather must be solid black. Paw pads in any color variation should be deep charcoal or brownish black.

PATTERN: SPOTTED PATTERN ONLY. The spotted Savannah pattern is made up of bold, solid dark ~~brown to black~~ spots which can be round, oval, or elongated. A series of parallel stripes, from the back of the head to just over the shoulder blades fan out slightly over the back. The spotting pattern follows the line of the stripes from the shoulders and continues along the length of the body. Vertically aligned spots are not desired. Smaller spots may be found on the legs and feet, as well as on the face. ~~The black Savannah is solid black,~~ **In the black Savannah** ghost spotting may occur. ~~The spots should conform to the spotted Savannah's description. The smoke pattern should conform to the spotted Savannah's description.~~ **A visible spotting pattern on the smoke Savannah is preferred. In all divisions, any visible pattern must be spotted.**

TEMPERAMENT: The ideal Savannah is confident, alert, curious and friendly.

GENERAL DESCRIPTION: The overall impression of the Savannah is a tall lean graceful cat with striking dark spots and other bold markings, on a background color of any shade of brown, silver, black or black smoke. The Savannah cat is a domestic breed which closely resembles its ancestral source the African Serval, but is smaller in stature. Affectionate and outgoing, with exceptionally long neck, legs, and tall ears, as well as a medium length tail, the Savannah is both unusual and beautiful. The Savannah is also an exceptionally graceful, well-balanced cat with striking color and pattern.

ALLOWANCES: Females proportionately smaller than males. ~~A cow-hooped appearance of the hind legs due to their longer length.~~

PENALIZE: Rosettes. Spots that are any color other than dark brown to black. Any distinct locket. Mackerel tabby type stripes. Cobby body. Notably small ears.

DISQUALIFY: Extra toes.

Temperament must be unchallenging; any sign of definite challenge shall disqualify. The cat may exhibit fear, seek to flee, or generally complain aloud but may not threaten to harm.

Evidence of intent to deceive the judge by artificial means, cats with all or part of their tail missing (except those breeds whose standard calls for this feature), totally blind cats, cats having more or less than five toes on each front foot and four on each back foot (unless proved to be the result of an injury or as authorized by a Board approved standard), male cats in the adult championship class which do not have two descended testicles, and, at the discretion of the judge, tail faults (visible or invisible) and/or crossed eyes shall be disqualified from championship competition.
