### 109.1 Annual Convention.

109.1.1 Annual Convention. Labor Day weekend each year is reserved for the Annual Convention. No other shows may be held the weekend of the Annual Convention with the following exception. A club may receive permission to hold a show on the Annual weekend upon application to the Board. Application must state specific reasons for the request for exemption and why such a show would have no impact on the Annual.

109.1.1.1 The rotation for the Annual Conventions shall be: Mid Pacific - 2010, Mid Atlantic - 2011, Great Lakes - 2012, Northwest -2013, Northeast - 2014, International - 2015, Southwest - 2016, South Central - 2017, Southeast - 2018.

109.1.1.2 Proposals to host the Annual Convention in the designated region must be received for the Annual Meeting 3 years prior to the proposed convention.

109.1.1.3 In the event no club submits an acceptable proposal, any club in any region may submit a proposal to host the Annual Convention by the agenda deadline for the Semi-Annual Meeting 2½ years prior to the convention and a notice soliciting such proposals shall be published in the TICA TREND.

109.1.1.4 The subsequent designated order of rotation will remain the same.

### 109.2 Meetings of the Board.

109.2.1 All Board Meetings shall be scheduled for a minimum of 2 days.

109.2.1.1 Meetings of the Board shall be the fourth full weekend in January (Winter Meeting, the third full weekend in May (Spring Meeting) and the week immediately preceding Labor Day weekend (TICA Annual).

109.2.1.2 The Winter Meeting shall be held in Harlingen TX without a show OR at a location outside the United States in conjunction with a show, approved by the Board.

109.2.1.3 The Spring Meeting shall be held in the United States, rotating from Central to West to East, with or without a show. The meeting venue must be at or near a major international airport at a hotel with adequate meeting space, full restaurant service and airport shuttle.

109.2.1.4 The Winter and Spring meeting locations shall be selected by the Board without consideration of accompanying show.

109.2.1.5 Minutes of all meetings of the Board of Directors shall be completed within 10 working days following the meeting.

## **Proposal to incorporate the Channel Islands into Western Europe Region from Southern Europe Region.**

The Channel Islands are a small group of islands situated between the UK & France, geographically closer to France. However they are Crown Dependencies of the UK, which means that although part of the UK they are self governing. The same as the Isle of Man, which is in Western Europe Region.

The British Government is responsible for the defence of the Channel Islands, diplomatic representation and citizenship. The Islanders are British Citizens, the same as the rest of the UK.

The Channel Islands have the same laws and restrictions of animal movement as the rest of the UK.

Travel to mainland UK for cat shows is unrestricted.

However to travel to a show in their own region (ES) exhibitors must have a valid passport and any animal must have a pet passport.

So this means that to qualify for awards, Channel Island exhibitors have added expense of passports, both human and animal. There is also the expense and inconvenience of returning home after shows with pet passport checks, (£30) each time they visit mainland Europe. Whereas if they were in EW and travelled to the UK they would not have these restrictions to travel to their home region.

The currency on the Islands is the British pound, again another reason to visit the UK as opposed to ES which is predominantly the Euro.

Historically Channel Island cat exhibitors travel to UK shows, because of ease of travel to the UK and travel restrictions to mainland Europe.

Outside of peak holiday periods ferry access to mainland Europe is limited to one route, which then results in long car journeys. Ferries to the UK are much more regular and have the choice of at least 3 ports, thus giving more freedom to travel to different parts of the UK and less travel time for the animals.

Language on the Islands is predominately English, another attraction to show in the UK.

Exhibitors from the Channel Islands have been attending EW Regional Awards dinners, not because they have won awards, but because of the language barrier if they attended their own ES Awards dinner.

This might seem an insignificant point, but driving is on the left hand side of the road, as in the UK, with right hand side car controls. This means it is much easier for Channel Island show exhibitors to drive in the UK, than mainland Europe.

There are presently two cat shows a year held in the Channel Islands. Both are run under GCCF regulations, the largest registry in the UK.

Because of the Islands historical and economical links to the UK it would encourage more cat exhibitors to try the TICA experience if EW was their home region.

In time I would like to think that we would see our 1<sup>st</sup> TICA show on the Islands, which is not going to happen if they remain in ES.

Perhaps the question should be asked 'What difference does it make to TICA as a whole, as to whether the Channel Islands rests with ES or EW', but the question really is 'What difference does being in ES or EW make to exhibitors living on the Channel Islands'.

I think my points above answers the question.

**INDEPENDENT AUDITORS' REPORT**

Board of Directors  
The International Cat Association, Inc.

We have audited the accompanying statements of financial position of The International Cat Association, Inc. as of June 30, 2012 and 2011, and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of the Association's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The International Cat Association, Inc.'s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The International Cat Association, Inc. as of June 30, 2012 and 2011, and the changes in its net assets and cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

The International Cat Association, Inc.  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2012 and 2011

**NOTE A - SIGNIFICANT ACCOUNTING POLICIES**

The International Cat Association, Inc. (known as "TICA") was incorporated October 25, 1982 under the Texas Non-Profit Corporation Act, with its primary purpose being the promotion and dissemination of educational and scientific information on felines to the general public. The Board of Directors, comprised of a President and Vice-President, and Regional Directors, oversees the activities of the Association.

***Basis of Accounting***

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The Association is required to report information regarding its financial position and activities according to three classes of net assets; unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

***Revenue Recognition***

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. Contributions received with donor-imposed restrictions that are met in the same year in which the contributions are received are classified as unrestricted contributions.

All donor-restricted contributions are reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. No activity was temporarily or permanently restricted during the years ended June 30, 2012 and 2011.

***Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

***Concentrations of Risk***

***Concentrations of Risk Due to Temporary Cash Investments and Trade Accounts Receivable***

Financial instruments that potentially subject the Association to concentrations of risk consist principally of temporary cash investments and trade accounts receivable. The Association places its temporary cash investments with financial institutions and limits the amount of credit exposure to any one financial institution. Concentrations of credit risk with respect to trade accounts receivable are limited due to the large number of members comprising the Association's membership and their dispersion across different geographic areas.

The International Cat Association, Inc.  
**NOTES TO FINANCIAL STATEMENTS - CONTINUED**  
June 30, 2012 and 2011

**NOTE A - SIGNIFICANT ACCOUNTING POLICIES - Continued**

***Concentration of Risk Arising from Cash Deposits in Excess of Insured Limits***

The Association maintains cash balances with high quality credit institutions. At times such cash and investments may be in excess of the FDIC insurance limit.

***Income Taxes***

For all periods presented, income taxes are calculated using the liability method in accordance with the provisions set forth in generally accepted accounting standards. Deferred income tax assets and liabilities are computed annually for differences between the financial statement and tax basis of assets and liabilities that will result in taxable or deductible amounts in the future based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. Income tax expense is the tax payable or refundable for the period plus or minus that change during the period in deferred tax assets and liabilities.

TICA has adopted FASB Accounting Standards Codification (ASC) 740-10, *Accounting for Income Taxes*. The accounting standard on accounting for uncertainty in income taxes addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under that guidance, TICA may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities based on the technical merits of the position.

As a result of the implementation of ASC 7410-10-50, *Accounting for Uncertainty in Income Taxes*, TICA did not recognize a liability for unrecognized tax benefits.

TICA's Form 1120, *U.S Corporation Income Tax Return*, for the years ending 2010, 2011 and 2012 are subject to examination by the IRS, generally for 3 years after they were filed. TICA is not currently under examination by any federal or state taxing authorities. It is TICA's policy to recognize interest and/or penalties related to uncertain tax positions, if any, in income tax expense. As of June 30, 2012, TICA had no accruals for interest and/or penalties.

***Inventories***

Inventories of supplies for resale as of June 30, 2012 and 2011, is stated at principally the lower of cost or market. Cost is determined on the first-in, first-out basis.

***Property, Plant and Equipment***

Property, plant and equipment acquisitions have consistently been recorded at cost if purchased or fair value at date of gift if donated. Major renewals and improvements which extend the life of an asset or benefit one or more subsequent periods are capitalized. Replacements, maintenance, and repairs which do not extend or improve the life of existing assets are charged against income in the period incurred. When properties or equipment are retired or otherwise disposed of, the property and related accumulated depreciation accounts are relieved of the applicable amounts. Gains or losses from normal retirements or sales are credited or charged to income.

The International Cat Association, Inc.  
**NOTES TO FINANCIAL STATEMENTS - CONTINUED**  
June 30, 2012 and 2011

**NOTE A - SIGNIFICANT ACCOUNTING POLICIES - Continued**

***Depreciation***

Equipment and furniture are being depreciated using the straight-line method over their estimated useful lives, ranging from 3 to 10 years. Depreciation expense totaled \$13,693 and \$25,378 for the years ended June 30, 2012 and 2011.

***Cash and Cash Equivalents***

For purposes of the statements of cash flows, the Association considers all highly liquid debt instruments with a maturity of three months or less to be cash equivalents.

***Certificates of Deposit***

Certificates of deposit, totaling \$170,983 and \$170,195 at June 30, 2012 and 2011, are presented on a separate line on the accompanying financial statements. The certificates bear interest ranging from .55% to .78% and have maturities ranging from three months to one year, with penalties for early withdrawal. Any penalties for early withdrawal would not have a material effect on the financial statements.

***Non-Profit Status***

The Association has adopted the policy that no member shall personally profit from the operations of the Association except for reasonable compensation for services actually rendered by officers and employees of the Association.

***Prepaid Expenses***

Prepaid expenses are advance payments for products or services that will be used in operations at some future period.

Credit memos are generated when customers overpay for services or remit payment for registrations that are pending approval or required documentation. The credits are reduced when customers are refunded or once required documentation is received and the registration is granted.

***Advertising***

The Association expenses all advertising costs when incurred. Advertising expense was \$1,317 and \$1,739 for the years ended June 30, 2012 and 2011.

***Credit Memos***

Credit memos are generated when customers overpay for services or remit payment for registrations that are pending approval or required documentation. The credits are reduced when customers are refunded or once required documentation is received and the registration is granted.

*Compensated Absences*

The company allows full-time employees to receive compensation for vacation leave. Vacation hours, which accrue from the first day of employment, can be taken as soon as the initial probationary period has lapsed. The estimate related to compensated absences is based on vacation hours earned and current pay rates. The cost of compensated absences is recognized as salary and wage expense.

**NOTE B – OPERATING LEASES**

On March 1, 2012, TICA entered into a five year operating lease for office space. The monthly payments on the lease are \$2,565.

The following is a schedule by years of future minimum payments required under the lease agreement as of June 30:

Year Ending June 30:	
2013	\$ 30,780
2014	30,780
2015	30,780
2016	30,780
2017	<u>23,085</u>
	<u>\$146,205</u>

On March 19, 2009, TICA entered into a sixty month operating lease for two Xerox machines. The monthly payments on the lease are \$1,276.

The following is a schedule by years of future minimum payments required under the lease agreement as of June 30:

Year Ending June 30:	
2013	\$15,312
2014	<u>11,484</u>
	<u>\$26,796</u>

On January 28, 2011, TICA entered into a sixty-six month operating lease for a postage machine. The monthly payments on the lease are \$532.

	\$ <u>127,310</u>

Total lease expense charged to operations amounted to \$38,103 and \$33,756 for the years ended June 30, 2012 and 2011, respectively.

**NOTE C - EMPLOYEE BENEFIT PLAN**

TICA has a defined contribution retirement plan covering all employees who have worked there longer than one year. Under the plan, TICA will match an employee's salary deferral contributions up to a maximum of 3% of the employee's compensation. Under the Internal Revenue Code, the plan is referred to as a Savings Incentive Match Plan for Employees.

**NOTE D - FEDERAL INCOME TAXES AND DEFERRED INCOME TAXES**

As discussed in Note A, the Association was organized and incorporated under the Texas Non-Profit Corporation Act and filed an application for exempt status. The Association had originally intended to be exempt from federal income taxes under the provisions of Section 501(c)(6) of the Internal Revenue Code. However, the application originally submitted to the Internal Revenue Service in 1993 for consideration as a not-for-profit, exempt organization under Section 501(c)(6) of the Internal Revenue Code was denied. As a result, TICA has filed federal income tax returns as a for-profit corporation with applicable provisions made for federal income taxes. Deferred income taxes are computed by applying statutory rates to temporary differences between the recognition of income and expense for financial statements and income tax return purposes based upon the expected period in which the differences will reverse. The principal difference arises from the use of different methods of depreciation for financial reporting and tax return purposes. The provision for federal income taxes is computed on pre-tax accounting income at statutory rates.

Federal and state income taxes for the fiscal year ended June 30 consisted of the following:

	<u>2012</u>	<u>2011</u>
Current		
Federal	\$ 25,603	\$ 1,152
State	<u>6,641</u>	<u>7,358</u>
	32,244	8,510
Deferred		
Federal	<u>(3,520)</u>	<u>(5,952)</u>
Provision (benefit) for income taxes	<u>\$ 28,724</u>	<u>\$ 2,558</u>

The components of the deferred tax as of June 30 are as follows:

	<u>2012</u>	<u>2011</u>
Long-term deferred tax liability		
Depreciation	\$ 4,861	\$ 5,315
Long-term deferred tax asset		
Reserve for compensated absences	<u>3,066</u>	<u>-</u>
Net deferred tax liability	<u>\$ 1,795</u>	<u>\$ 5,315</u>

**NOTE E – PRIOR PERIOD ADJUSTMENT**

The Company recorded a prior period adjustment which is reflected on the statement of Activities to record the liability for compensated absences that was omitted from the financial report of prior year. The effect of this adjustment was a reduction in the beginning balance of net assets by \$19,902.

**NOTE F - SUBSEQUENT EVENTS**

For purposes of reporting subsequent events, management has considered events occurring up to August 28, 2012; the date the report was available to be issued and the date the report was issued.

## BY-LAWS

113.1 Qualification. Each member in good standing, one whose dues are paid and who has no outstanding indebtedness to TICA or to any TICA club, and who is not/was not on the Temporary Suspension List on the qualifying date, who was a member in good standing 6 months prior to the first day of the month in which a ballot is to be mailed, shall be eligible to vote.

### 14.3 Eligibility to Vote for Breed Committees

**14.3.1 Any member of TICA in good standing (see 113.1) who was ALSO a member of a specific breed section 6 months prior to the first day of the month in which that specific breed section's ballot is to be mailed shall be eligible to vote on that ballot.**

14.3.2 For those breed sections that have been merged into a breed group section, membership (**as defined in 14.3.1**) in only one breed of the breed group is sufficient to allow the member to vote on any ballot concerning the breed group section.

14.3.3 For those breed sections that have not been merged into a single breed group section, membership (**as defined in 14.3.1**) in any breed section of the breed group is sufficient to allow the member to vote on any ballot concerning the breed group, but a member must be a member (**as defined in 14.3.1**) of the specific breed section to vote on any ballot that concerns that specific breed only, and not the entire breed group.

14.3.4 For those championship breed sections or breed group sections that consist of breeds whose only difference is the hair length, a member who is qualified to vote on issues concerning either hair length of the breed may also vote on any ballot concerning the entire breed sections or breed group sections. Members whose section membership is only for a non-championship breed, trait and/or hair length may not vote on issues that affect the championship breed, trait and/or hair length, including acceptance of a non-championship breed for championship competition.

15.4.2 Qualifications for Election to a Breed/Breed Group Committee. Candidates for election to a Breed/Breed Group Committee shall provide documentation of having met the following requirements for election:

15.4.2.1 Have met the eligibility requirement(s) to vote in any TICA election (See By-Laws 113.1).

15.4.2.2 Have met the requirements for Breed/Breed Group Section Membership **and voting eligibility** (See By-Laws 14.1 **and** 14.3).

15.4.2.3 Have paid TICA membership dues for the 3 years of the applicable term.

15.4.2.4 Have a TICA Registered Cattery (except for the HHP Breed Committee).

15.4.2.5.1 Have bred and registered with TICA a minimum of two litters of the appropriate breed (except for the HHP Breed Committee).

**OR**

15.4.2.5.2 Have owned and shown a cat of the appropriate breed in a minimum of five shows within the three show seasons immediately preceding the election. (**Note:** Applicants for Household Pet Breed Committee(s) must meet this requirement to qualify for breed committee election.)

Delete Standing Rule 1021.1.1.2  
New Clubs Show License Fees

Current rules

1021.1.1 Fees.

1021.1.1.1 The fee to charter a new club shall be \$50 with the license fees for the first show to be waived. All other fees for a show shall apply.

1021.1.1.2 Newly chartered clubs shall be exempt from license fees for their first show for a period of 1 year

Delete Standing Rule 1021.1.1.2

<delete>1021.1.1.2 Newly chartered clubs shall be exempt from license fees for their first show for a period of 1 year. <end delete>

**Rationale:**

Rationale:

Depending on factors such as success in fund raising and availability of show halls, it may take clubs longer than one year from the time of charter until the date of their first show.

(KV) I'm fine with this

(CL) Ok with me too

(EC) I'm fine with this so long as it doesn't put too much pressure on the EO to keep track of it

(BT) I'm ok with this one

(MW) The current rule discourages clubs from raising funds (which may take some time) before holding their first show. I agree that it should be removed.

Amend Registration Rules 33.7.1.1 & 33.8.1

33.7.1 Requirements. A Preliminary New Breed Class Breed may apply for Advanced New Breed status upon completion of the following:

~~33.7.1.1 <At least 1 year has passed since the breed was first advanced to Preliminary New Breed Class Breed status.>~~

**Add** 33.7.1.1 At least one year has passed since the breed was eligible to compete in the Preliminary New Breed Class

33.8 Championship Status. Requirements. An Advanced New Breed may apply for Championship Status upon completion of the following:

~~33.8.1 <At least 1 year has passed since the breed was first advanced from Advanced New Breed status.>~~ The Board of Directors at its discretion may reduce the time required of a Transfer New Breed

**Add** 33.8.1 At least one year has passed since the breed was eligible to compete in the Advanced New Breed Class. The Board of Directors at its discretion may reduce the time required of a Transfer New Breed.

Rationale: The understanding has always been that the cats in new breed classes had to be shown for 1 year before they could apply to advance to the next level. The way the current rules are worded does not say that. Ostensibly, a breed accepted at the Annual, but not eligible to be shown until May 1, could apply for advancement to the next level at the following Annual after showing for only four months. This is not the intent of the rule.

(EC) I'm fine with this - it clarifies the time frame so that there can be no error

(MW) I support this proposal, which reflects what was originally intended when the rules were created.

(BT) I am in agreement with this rule change.

## Show Formats

### Show Rules

22.2 Format. The sponsoring club shall determine the format of the show. The show may be 1 day , 2 days, or more, or a back-to-back show format, and must be advertised as such on all materials promoting the show.

22.2.1 A back-to-back show is two or more shows, held on consecutive days. For scoring purposes, each day is considered a different show. With the following exceptions:

22.2.1.1 If May 1 is a Sunday in any given year, all shows on any day in that same weekend shall be scored in the show year ending April 30 of that year.

22.2.1.2 If May 1 is a Saturday in any given year, all shows on any day in that same weekend, including shows held on Friday, shall be scored in the show year beginning May 1 of that year.

22.2.2 An Alternative Format show is a show in which two separate shows are held consecutively, but in the same calendar day. Each show shall be scored as a separate show.

~~DELETE <22.2.2.1 — A club located in an Isolated Area may sponsor an Alternative Format Show any time. — 22.2.2.2 — A club not located in an Isolated Area may sponsor an Alternative Format show only with the advance permission of the Regional Director.>~~

**AMEND 202.2** *The maximum number of times any single cat may be judged in one day is 8. The maximum number of times any single cat may be judged on any show weekend is 20, regardless of format.*

~~DELETE: <as follows:~~

~~202.2.1 One-Day Alternative Format shows may have up to five rings in the morning and five in the afternoon for a weekend maximum total of 10 rings including Congresses. A 1-day alternative format show may not be combined with any other format.~~

~~202.2.2 Two-Day Alternative Format shows may have four rings in the morning and four rings in the afternoon for a daily total of eight rings and a weekend total of sixteen rings including Congresses. Two-day alternative format shows may not be combined with any other format.~~

~~202.2.2.1 In non-isolated areas a judge may not judge more than two Alternative Format shows on the same weekend, except in cases of emergency whereby a contracted judge has canceled and a new (i.e. different) judge cannot be contracted.~~

~~202.2.3 At Back-to-Back Shows or Split Format (2-Day) Shows any single cat may be judged not more than eight times per day, including any Congresses. The maximum number of times a cat may be judged in a show weekend is twenty.~~

~~202.2.4 Examples of allowable ring combinations are:~~

~~202.2.4.1 Four rings on Friday with eight on Saturday and eight on Sunday — Each cat judged 20 times but not more than eight times per day.~~

~~202.2.4.2 Six rings on Friday with seven on Saturday and seven on Sunday — Each cat judged 20 times but not more than eight times per day.~~

~~202.2.4.3 Eight rings on Saturday and eight on Sunday — Each day has the maximum of eight times so the total for the weekend can only be sixteen.~~

~~202.2.4.4 Four rings on Friday, seven rings on Saturday plus a Senior Congress and a Junior Congress, and seven rings on Sunday plus a Male Congress and a Female Congress. The congresses are on different days and any single cat will only be in one congress per day thus will only be judged a maximum of eight times per day and twenty times that weekend.~~

~~202.2.5 Shows in non-isolated areas that have been advertised as back-to-back, 2-day or split format, may not change to Alternative Format.>~~

**ADD 22.2.3** *A club may choose to have different formats for each day of a show. (For example, a club may opt to have a one-day Alternative format show on Saturday with four rings in the morning and four rings in the afternoon and a one-day show on Sunday with five rings.) The show format(s) must be clearly advertised in all promotional material.*

22.3 Entries.

*202.3 The maximum number of times a judge may judge any single cat on a show weekend is as follows:*

*202.3.1 Two times in 1 day.*

*202.3.2 Three times in 2 days.*

*202.3.3 Four times in 3 days.*

~~DELETE <22.3.1 The maximum number of entries a club may accept is limited as follows:~~

~~22.3.1.1 Alternative Format – 125 entries. (See Show Rule 21.16.)~~

~~22.3.1.2 Back to Back Format – 250 entries. (See Show Rule 21.14.)~~

~~22.3.1.3 Split Format (2-day Show) – 500 entries. (See Show Rule 21.15 and Show Rule 216.4.)>~~

ADD 22.3.1 *The number of entries a club may accept shall not be limited.*

ADD 22.3.2 *The number of judges shall be such that no judge is required to judge more than the number of cats allowed in SR 216.3.*

\*\*\*\*\*

216.3 A judge may not judge or handle more than 250 cats in 1 day regardless of format, and no more than 500 cats in a 2-day show.

ADD 2016.3 *The maximum number of times a cat may be judged in a show weekend, including 3-day shows, is 20.*

(MW) I am happy with it. I think that it provides flexibility whilst still protecting an individual cat from being over-shown during a weekend.

## BURMILLA BREED GROUP (BM, BML)

The Burmilla Shorthair is a hybrid breed originating in the UK in 1981 from an accidental mating between a (European) Burmese and a Chinchilla Silver Persian. The breed name was formed from a concatenation of the two original breeds – BURM (ese-chinch) ILLA. It is a medium-sized cat in all respects. The Burmilla Longhair is the longhaired version of the breed.

**CATEGORY:** Traditional, Sepia

**DIVISIONS:** Silver and/or Smoke, Shaded and Chinchilla Pattern ONLY

**COLORS:** All

**PERMISSIBLE OUTCROSSES:**  
European Burmese, Persian

### **HEAD:**

Shape: Gently rounded top of head with medium width between ears; wide at eyebrow level and jaw hinge, tapering to a medium, blunt muzzle.

Ears: Medium to large, broad at base with slightly rounded tips. Set with a slight forward tilt in profile. Viewed from the front the outer line of the ear

continues that of the face. This may not be so in mature males which develop a fuller cheek.

Eyes: Large and expressive; placed well apart at a slightly oblique setting; curved upper line angled towards the nose with a fuller curved lower line. Eye color is luminous outlined with the basic color. Color any shade of green, but clear green is preferred. A yellow tinge acceptable in kittens and young adult cats. In reds, creams, and torbies amber is allowed.

Chin: Firm chin with good depth.

Nose: Tip of nose and chin should be in line.

Profile: A definite nose stop at eye level with no appearance of a break; straight nose bridge; level bite

Muzzle: Good width at the jaw hinge, tapering gently to a medium, blunt finish with gentle curves. Neither pointed nor excessively rounded.

### **BODY:**

Torso: Medium size and length. Rounded chest medium in width. Back straight from shoulder to rump.

Legs: Legs proportionate to the body. Hind legs slightly longer than forelegs.

Feet: Medium oval.

Tail: Medium to long with medium thickness at the base; tapering to a rounded tip.

Boning: Medium

Musculature: Firm and strong.

## **COAT:**

### Length:

(BM): Short, smooth-lying with sufficient undercoat to give a slight lift.

(BML): Medium long except over the shoulders; should appear dense but lie flat over the spine; should lengthen down the body to form fringes or "frills" along the lower edges of the body and underparts. A ruff is desirable in mature cats. Ear tufts, furnishings are preferable. Full tail plume is desirable.

### Texture:

(BM:) Silky

(BML): Fine, silky without woolly undercoat

**PATTERN:** Shaded or Chinchilla ONLY. Refer to the UCD for detailed description.

**COLOR:** Pure silver white ground color, with shading or tipping in the recognized colors. Refer to the UCD for detailed descriptions.

**GENERAL DESCRIPTION:** The Burmilla is an elegant cat, medium in size, with a sweet and open expression. Their unique appearance is a striking contrast between colored shading/tipping and a pure silver base. Their luminous green eyes are captivating. Burmillas tend to be mellow, outgoing, loving and playful.

**LOCKETS:** WW

**ALLOWANCES:** Toe tufts, in longhairs, which make the paws appear larger than they are.

**PENALIZE:** Bump on end of nose (i.e. Roman nose); extremely shortened muzzle; extreme stop or break; pinched muzzle; weak chin; tabby markings in

tipping; solid colored hairs; uneven tipping; tarnishing in coat. Any color on hocks on chinchillas.

**WITHHOLD ALL AWARDS (WW):** Incorrect eye color in adults; cobby or Oriental body type; shaggy coat in Shorthair; excessive undercoat in Longhair.

**DISQUALIFY (DQ):** Tail faults as fixed deviations

*Temperament must be unchallenging; any sign of definite challenge shall disqualify. The cat may exhibit fear, seek to flee, or generally complain aloud but may not threaten to harm. In accordance with Show Rules, ARTICLE SIXTEEN, the following shall be considered mandatory disqualifications: a cat that bites (216.9), a cat showing evidence of intent to deceive (216.10), adult whole male cats not having two descended testicles (216.11), cats with all or part of the tail missing, except as authorized by a board approved standard (216.12.1), cats with more than five toes on each front foot and four toes on each back foot, unless proved the result of an injury or as authorized by a board approved standard (216.12.2), visible or invisible tail faults if Board approved standard requires disqualification (216.12.4), crossed eyes if Board approved standard requires disqualification (216.12.5), total blindness (216.12.6), markedly smaller size, not in keeping with the breed (216.12.9), and depression of the sternum or unusually small diameter of the rib cage itself (216.12.11.1). See Show Rules, ARTICLE SIXTEEN for more comprehensive rules governing penalties and disqualifications.*

## Rules Comments on Breeds

[CB] The Serengeti breed did not satisfactorily document that it has the required 15 active breeders prior to the deadline for filing the ANB application. However, the breed has been working on advancement for many years. Also, the ANB application form did not specifically ask for all the necessary information (though it is in the Registration Rules). If they can show prior to the Winter Meeting that all 15 of the listed active breeders registered Serengeti litters in TICA within the past 2 years, it seems reasonable to consider the redeeming circumstances. It is up to the directors.

(MW) I agree with Cristy's analysis and I understand that 13 "active" breeders are listed with 2 more currently in the pipeline. It is unclear if the delay is due to the breeders or the workload within the EO.

I think that the application should go forward with this caveat from Rules. The Board can decide at the Winter Meeting if the application is in order, in the light of any additional litter and breeder information from the Working Group Chair.

(CL) I'm in agreement with Cristy's comments.

(BT) I am in agreement if the WBC has the last two breeders having bred a litter within the last 2 years before the Winter Meeting they will be in compliance to be considered for the advancement.

Burmilla Standard Revision –

(BT) I am fine with the change.

## ARTICLE TEN - Guest Judges

410.1 International Guest Judge: Approval of International Guest Judges is delegated to the Judging Committee.

410.1.1 International Guest Judge. A club may apply to the International Judging Committee for approval for a licensed Allbreed judge from a cat association outside of the United States or Canada to judge a TICA show. Application shall be made on the official TICA Application for Invitation of International Guest Judge.

410.1.2 An International Guest Judge must be licensed in the formats and/or breeds to be judged. The International Guest Judges should be licensed as an Allbreed Judge, however, exceptions may be considered on a case-by-case basis.

410.1.3 Included with the application, the club must furnish documentation of the international judge's qualifications on the form provided to the Judging Administrator/Designee, with a translation to English if the original documents are in a language other than English. Documentation shall consist of one or more of the following:

410.1.3.1 A copy of the judge's license.

410.1.3.2 **A copy of the licensing association's listing of judges showing the applicant judge with their current status.**

410.1.3.3 Other documentation or correspondence from the office of the licensing association which indicates the judge's current status.

410.1.4 If the judge is approved by the Judging Committee, the club is responsible for furnishing the International Guest Judge copies of TICA Show Rules and Standards, and for working with said judge on interpretation and clarification.

410.1.5 A judge may serve as a Guest Judge no more than two weekends per TICA show season except as stated in 410.1.6.1.

410.1.6 There shall be no more than two Guest Judges per show weekend or 50 percent of the rings whichever is less, except as stated in 49.1.6.1.

410.1.6.1 The number of Guest Judges allowed to judge shows in isolated areas shall be considered on a case by case basis. Exceptions to 410.1.5 and 410.1.6 shall be considered on a case by case basis.

410.2 Licensed International Guest Judge. **A licensed international guest judge must be a licensed Allbreed judge in his/her association. A licensed international guest judge may judge for any TICA club upon invitation without approval of the Judging Committee or restriction of the number of show weekends per show season.**

410.2.1 *A judge who has served as an international allbreed guest judge for TICA a minimum of five times may apply to TICA to become a **licensed international guest judge** by meeting the following requirements **at the time of application**:*

410.2.1.1 *Must be a TICA member in good standing*

410.2.1.2 *Must have a TICA Approved Allbreed Judge as Sponsor*

410.2.1.3 *Must have paid a \$40 application fee and a \$15 processing fee*

410.2.1.4 *Must have paid the appropriate allbreed judging license fee*

410.2.1.5 *Must have passed the Master Clerk exam*

410.2.1.6 *Must have passed an exam covering breeds, TICA standards, TICA show rules and the TICA Uniform Color Description.*

410.2.2 *In order to maintain an active guest judge's license, the international guest judge must maintain active TICA membership with payment of annual membership dues and annual license fee by October 30<sup>th</sup> of each year, and must pass the annual Refresher Exam by June 30<sup>th</sup> of each year.*

<NOTE TO THE BOARD: International Licensed Guest Judges will be listed in the TICA TREND and maintained on the TICA web site.>

410.3 Advancement from Licensed International Guest Judge to Fully Licensed TICA Judge.

410.3.1 A Licensed International Guest Judge may apply to become a fully licensed TICA judge upon completion of the following at the time of application:

- 410.3.1.1 Judged five years as a licensed international guest judge
- 410.3.1.2 Judged a minimum of 30 TICA shows as a licensed international guest judge
- 410.3.1.3 Must be a TICA member in good standing, have passed annual Refresher Tests, and maintained guest judge's license
- 410.3.1.4 Must have a TICA Approved Allbreed Judge as Sponsor
- 410.3.1.5 Must have paid a \$40 application fee and a \$15 processing fee
- 410.3.1.6 Must have paid the appropriate allbreed judging license fee

410.3.2 Name of applicant **MUST** be published in two issues of the *TREND*; notices must be received by the Judging Administrator by April 15<sup>th</sup> for application at the Annual, by August 15<sup>th</sup> for application at the Winter Meeting and by December 15<sup>th</sup> for application at the Spring Meeting. Notices must be sent to the Judging Administrator. The Judging Administrator will then place the notices in the *TREND*.

410.3.3 Submit the appropriate application and supporting documentation to the TICA Judging Administrator/Designee **NO LATER THAN** May 15<sup>th</sup> for application at the Annual, October 15<sup>th</sup> for application at the Winter Meeting or January 15<sup>th</sup> for application at the Spring Meeting.

410.3.4 Upon acceptance by the Board as a fully licensed TICA Judge, the applicant shall be licensed as a Provisional Allbreed Judge.

410.3.5 The requirements for advancement in the TICA Judging Program shall apply from the time of acceptance as a fully licensed TICA judge with the following amendments:

410.3.5.1 The 30 shows judged as a licensed international guest judge shall apply to the 60 shows required for advancement to Approved Allbreed.

410.3.5.2 The 5 years of being licensed as an international guest judge shall meet the two-year requirement as a Provisional Allbreed Judge.

Comments from Rules:

(EC) I'm not seeing the advantage to move from Licensed Guest Judge to full Prov AB judge - my previous comments on limits to judging per year would provide a bit of incentive to become a full judge. Other than that, I think this is fine.

(CL) *My Comments: I think this is a great idea for international areas like Russia where TICA is growing and there are judges from other associations who has become regular with us as a Guest Judge. This change might help in South America and other new countries in Europe.*

(MW) I am happy with the suggested proposal.

(BT) I am in agreement as well.

(SA) Looks good.

September 25, 2012

Dear Directors and Committee Members,

On behalf of the members of the Serengeti Breed Section, we are writing to declare our intent to apply for advancement of the Serengeti from Preliminary New Breed to Advanced New breed. We ask that our application be considered at the Winter 2012 Meeting of the Board of Directors in January 2013.

Serengetis have had Preliminary New Breed status for since the Spring of 2002. We currently have breeders in at least 5 regions including the UK and Europe and have over 440 individual cats registered.

We have published a notice of our intent to apply for Advanced New breed status in the June/July 2012 TICA Trend.

The Serengeti Breed Standard has not been modified since May 2007. Based on comments from judges handling the breed, the breed group feels the current standard reflects our goals and so we do not have any proposed changes to our current standard.

We feel we have met the requirements in the Preliminary New Breed phase and are now ready to advance.

On behalf of the members of the Serengeti Breed Section, we want to thank TICA for their years of support and ask that you consider our application for Advanced New Breed status.

Respectfully,  
Karen Sausman

## Board Discussion

### Yearbook

**By Law 119.3 Annual Edition. The Association shall publish an Annual Edition which shall consist of pictures of the winning cats, kittens, alters and household pets, the Board Members, the Judges; ads from breeders, companies and clubs; information about the Association and clubs; and any other pertinent information specified by the Board of Directors.**

The TICA ByLaws provide, as above, for an Annual Edition which includes pictures of winning cats. It does not indicate a format for this publication. Specifics by the Board of Directors is included, not in the Rules, but in the contract with the Yearbook Editor.

Over the years, a combination of the waning interest in the Yearbook and limited management of the Yearbook has resulted in operating losses to TICA. Over the past four years, approximately \$35,000 of accumulated Yearbook inventory "value" has been written off TICA's books.

To date, fewer than 150 Yearbooks have been preordered for the current issue. The Yearbook Editor recommends that, if the current publication remains, the Board should consider giving more complimentary pages for the Top cats. As an alternative to the current format, she recommends a super-sized TREND.

The Board should come prepared to discuss the future of the Yearbook.

Attached is a possible ballot which could be sent to members for input.

# DRAFT

## Survey Ballot – Yearbook

1. Have you purchased a current Yearbook within the past 3 years? Yes\_\_\_ No\_\_\_ (If “No”, skip to question 3)
2. How much influence did the following factors have in your decision to buy a Yearbook?
  - a. My cat is mentioned
  - b. My cat is pictured
  - c. I placed an ad
  - d. I like to have the memories of each show year
  - e. Breed articles and information
  - f. Other
3. If you answered “No” to Question 1, above, how much influence did each of the following factors have in your decision NOT to buy a Yearbook?
  - a. My cat is not mentioned
  - b. My cat is not pictured
  - c. Too expensive
  - d. Always published months after the show season ends
  - e. I have no interest in the Yearbook
  - f. Other
4. How important is it to you that TICA produce a publication that captures the winners and memories of each show season?
5. What is your preference for the following possible formats of the Yearbook?
  - a. Leave everything as it is
  - b. Publication as it is but soft cover; reduced sales price
  - c. Super TREND; replace one or more issues of the TREND with a Yearbook edition; small increase in Membership fee to include Yearbook edition as a member benefit.
  - d. Super TREND; additional TREND publication for sale
  - e. CD only
  - f. No preference; I’m just not interested.

## Accepting Pedigrees from other Registering Bodies/Clubs

### **Suggestion #1**

TICA will accept pedigrees from the following in order to individually register a cat in TICA:

1. A member of the WCC or a registry within a WCC member that is authorized to issue pedigrees.
2. A TICA Club that hosts TICA Shows and also issues pedigrees in their local country.
3. A registry that has been specifically authorized by the Board of Directors.

Other club/registries will be considered on a case by case basis by the BOD

Guidelines for the Board in order to accept are \*\*\*\*

The EO will continue to accept pedigrees issued by clubs/registries that were accepted by the EO prior to the effective date of this change.

### **Suggestion #2**

TICA will accept pedigrees from the following in order to individually register a cat in TICA:

1. A member of the WCC or a registry within a WCC member that is authorized to issue pedigrees
2. A TICA Club that hosts TICA Shows and also issues pedigrees in their local country that has been specifically authorized by the Board of Directors. Clubs will be considered on a case by case basis by the BOD.
3. A registry that has been specifically authorized by the Board of Directors. Registries will be considered on a case by case basis by the BOD

Guidelines for the Board in order to accept are \*\*\*\*

### **Comments from Rules:**

(EC) I prefer #2 - Clubs that issue pedigrees/registrations are de facto registries. Grandfathering in previously accepted registries is not a good idea, IMO, unless we see the list of those currently authorized and see that they are all reputable.

Do we need some way to "de-authorize"? For example Ralph's club - currently in good standing - but sometime in the future, Ralph and Amy move and are not associated with the club and the club no longer puts on TICA shows? Do we still want to accept their pedigrees?

(MW) I prefer #2 - "I think that it needs to be a defined rule not just an internal policy document at the EO. On balance, I would prefer it as a Standing Rule (e.g. a new 309.9.5) reflecting that it is essentially procedural.

(AB) I like the second version better than the first but have a question -- what is a registry -- we don't define that and I think it is important to do otherwise there is a possibility for a club to just claim they are a registry and start issuing pedigrees. This is already a problem in some countries and we are

accepting pedigrees that are incorrect.

(KV) Although I personally like your 2nd proposal better as it is more strict I believe it is easier for the EO to handle proposal #1. From this point of view I tend to favor this one!

(CL) Suggestion #2 - My comments: If we are going to address this seriously, I think we need to consider case by case, get information about the quality of the pedigrees our clubs are issuing and I think we need ask for process fee. The only thing I would except -for clubs that were being accepted by the EO prior to the effective date of this change- is to pay the fee ... then I want them to go through the authorized process. I trust the Board can do a great job about this. Doing this we will know exactly which clubs are issuing pedigree, and then we ask them to inform who is in charge of signature. It not the same a club which issue pedigree for a respectable number of breeders that a club/only person issuing pedigrees for its own then sending these papers to the EO. Even if the clubs are not using the TICA logo, TICA's reputation can be hurt, since they are TICA clubs. I also agree with Martin that this would be addressed by the Standing Rules.

(AB) I agree with Carlos' comments above.

(BT) I also agree that this should be in the Standing Rules. Several years ago the Board told the office not to accept pedigrees from Domestic Registries that did not license judges or put on shows. This should be reflected in the Standing Rules as well.

 Solid Division: Black ONLY;  
 Silver Smoke Division: Silver spotted tabby and black smoke.  
**PERMISSIBLE OUTCROSSES:**  
 Oriental Shorthair, Bengal.

### HEAD

**Shape:** The head is longer than it is wide; a modified wedge, starting at the nose and flaring out in a straight line to base of ears forming a triangle with a slight break at the whiskers. Cheeks should not be prominent.

**Ears:** Wide and deep at the base with rounded tips. Strikingly large, equal to the length of the head. Set upright and close together on the top of the head.

**Eyes:** Round and large. Neither protruding nor recessed. Separated by a broad nose. Much more than an eye width apart. Gold or yellow eye color preferred, hazel to light green allowed.

**Chin:** Strong and lines up with tip of nose in the same vertical plane, neither receding nor excessively massive

**Muzzle:** Medium. with moderately full and rounded whisker pads. With a slight break at the whiskers

**Nose:** Moderately wide, Even width throughout the length

**Profile:** Straight line from the nose to the brow, then gently sloping to the top of the head, flowing into an arched neck.

<b>BODY</b>
<b>Neck:</b> Long in proportion to body. Thick with very little to no taper into back of head.
<b>Torso:</b> Semi-foreign and solid. Rump and shoulders should be the same level giving a very upright posture. Males may be somewhat larger than females
<b>Legs:</b> Extremely long with medium boning and musculature
<b>Feet:</b> Medium, Oval
<b>Tail:</b> Thick and tapering slightly from the body to the end. Medium short, ideally short of shoulder when laid along torso.
<b>Boning:</b> Medium leg boning with a substantial torso of good depth
<b>Musculature:</b> Long and lean
<b>COAT/COLOR/PATTERN</b>
<b>COAT:</b> Length: Short and even. Texture: Fine textured, dense, with some loft
<b>COLOR:</b> Tabby Division: Any shade of brown with high contrast between the ground color and spots. Light to white underbelly, chin and front of muzzle. Back of ears with eye spot. Glitter acceptable. Solid Division: Black solid, ghost spots may be visible. Silver/Shaded Division: Black spots on a clear silvery body; black smoke.
<b>PATTERN:</b> Random spotted or solid. In spotted cats preference given to random high contrast spot pattern, spot pattern on shoulders and hips extending down the legs and black rings around the tail. Two-toned spots (rosettes) should be penalized.
<b>OTHER:</b> Balance: Square build with level top line. Condition: Well-muscled. Temperament: Confident. Must be unchallenging.
<b>GENERAL DESCRIPTION:</b> The ideal Serengeti Cat is a medium sized cat with long legs. It should be in excellent physical condition, strong and muscular. It should appear as a graceful, statuesque, squarely built cat with a very upright posture. Also noticeable is the long neck, which blends into the base of the skull without tapering. Strikingly large round-tipped ears, equal to the length of the head, are one of the main features of the Serengeti. They should have a gentle, confident, outgoing and alert temperament.
<b>ALLOWANCES:</b> Small locket or small spot on groin
<b>PENALIZE:</b> Spots tending towards bars on side of body; two-toned (rosetted) spots; heavy ticking; small ears; short legs.
<b>WITHOLD ALL AWARDS (WW):</b> White tail tip, toes or white anywhere on the body except for small locket described above. Blue eyes. <b>DISQUALIFICATION (DQ):</b> Miniaturization.

### SERENGETI CAT BREEDING PROGRAM

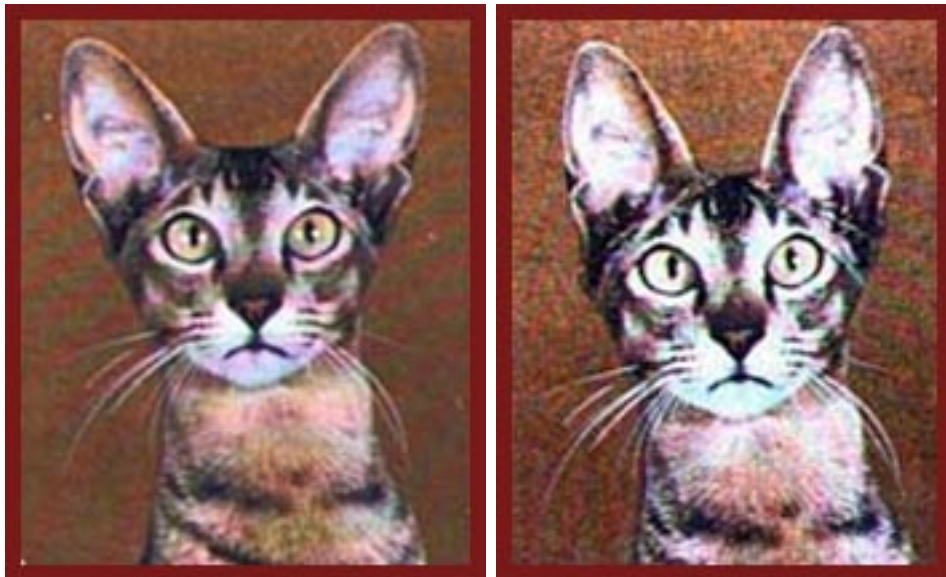

The Oriental Shorthair and the Bengal are used to create the Serengeti Cat. Occasional unregistered cats that can contribute special qualities may also be used on a very limited basis.

Breeders of Serengeti cats have the unique challenge and pleasure of developing a new breed from the genetic material available in select Oriental Shorthairs and Bengals. In each succeeding generation we should strive to move closer to the ideal Serengeti by selecting only the best Serengetis to breed on from and from carefully choosing Orientals, Bengals or other Serengetis that complement them.

#### Selecting Oriental breeding stock to create Serengetis

Oriental Shorthairs to be used for foundation stock for Serengeti Cats should have ear placement towards the top of their heads as well as extremely large ears. Orientals that are more heavy bodied should also be used. It also would be an advantage to use cats with a rounder eye. Finally, individuals should be selected from lines that are predominantly from non-dilute, spotted tabby lines when possible.

These two photographs are of the same oriental shorthair, one natural and one in which the ears have simply been moved to the top of the cat's head. Even without enlarging the ears or changing the shape it is obvious that the head looks more serval-like by simply moving the ears.

This is a photograph of an Oriental Shorthair that has the beginnings of the correct size and shape ears and whisker pads for the Serengeti Cat. This cat would be a good choice for a breeding program for Serengeti cats.

### **Selecting Bengal Foundation Stock**

This Bengal has many useful traits for a Serengeti breeding program.

Bengals of good size and substance with a more upright stance than is wanted in the Bengal standard should be used. Also, Bengals with larger than ideal ears placed high the head are very useful since breeding back to Bengals seems to bring ears size down quickly. Cats with large round eyes are also important. Cats with a distinct spotted pattern should be used rather than those that show any sign of bars. Spotted legs and hips are very useful. Rosetted or marble Bengals are not as useful, as the Serengeti is a spotted cat, not a rosetted cat. Cats with a very clear beige to gold coat with black markings are useful to counteract the ticking that comes from the Oriental heritage. And finally, individuals

should be selected from lines that do not carry the marble pattern (classic tabby) or the "snow" color (Siamese or Burmese), if possible.

### **Developing the Serengeti Cat**

In order to provide a strong foundation for the Serengeti Cat breed, I and other breeders have been continuing to outcross to new lines of Bengals and Oriental shorthairs creating more first and second generation Serengeti Cats rather than inbreeding our early Serengetis in order to achieve many third and fourth generation individuals. As the number of early generation Serengetis of various bloodlines increased, we have started creating more later generation cats. However, several of us are continuing to breed back to new Bengal and Oriental shorthair lines to expand our gene pool.

We have also been fortunate that breeders on various continents have started Serengeti breeding programs which has also contributed to widening the gene pool of Bengals and Orientals used in our program.

## Markings

Spots extending down the hips are hard to achieve.

## Judging Kittens

This is K'Spock as a kitten and as an adult. He was an oriental looking kitten with huge ears. Notice that he stayed oriental looking but he certainly grew into his ears.

### The President's Message

TICA President Vickie Fisher  
Email: [President@tica.org](mailto:President@tica.org)

Well, it's that time of year again! Time to post our brags and bask in the glory of our wonderful wins!

Every year the cats get better and the excitement of the show season seems to be more intense. It's hard to even imagine how much better this next year of Fabulous Felines, Fun and Friendships will be.

On that note, it sure was fantastic seeing so many of last years winners in the beautiful full-color TICA yearbook.

What a great way to make our mark in the TICA world!

This year's yearbook can only be better—especially if you are a part of it. Make sure to get your winners represented and thanks to each of the breed chairs who are making such a grand effort to ensure that their breed has a special feature in our history book, the TICA yearbook!

Contact the Yearbook Editor for more information:  
[TICAYearbook@Awardwinningpublications.com](mailto:TICAYearbook@Awardwinningpublications.com)

### It's time to start planning for the yearbook!

This yearbook, like the last, will be a full color production, filled with interesting history of the TICA year!

Be sure to send in your photos for the In Memory section.

Best of Color, Best of Breed, OD, OS, LA and Championship cats will be eligible for the breed feature sections too!  
**CONCATULATIONS to all of TICA's TOP CATS!**

*Per TICA Registration Rules 33.8.9 A Notice of Intent to Apply for Advancement to Championship Status must be published in the TICA TREND at least 120 days prior to the meeting at which the application for advancement will be heard, and which invites comments about the breed to be forwarded to the Executive Office.*

*The Chausie Breed Group publishes this Notice of Intent to present at the TICA Annual meeting, August 30-31, 2012, an application requesting advancement to CHAMPIONSHIP BREED STATUS.*

*The European Burmese Group publishes this Notice of Intent to present at the TICA Annual meeting, August 30-31, 2012, an application requesting advancement to ADVANCED NEW BREED STATUS.*
