Litter Registration Application

Registration Information

For each kitten, please fill out Section D. If you only specify this information, breeder slips will be sent to the breeder (owner of the dam at the time of the mating) unless specified otherwise in writing. The abbreviations in Section D stand for the following: Std = Standard, NStd = Non-Standard.

Examples: Manx/Cymric have Short Tails (Std) or Long Tails (NStd); American Curl/American Curl Longhair have Curled-Ears (Std) or Straight Ears (NStd); Munchkin/Munchkin Longhair have Short Legs (Std) or Long Legs (NStd); curly-haired breeds have Curly Hair (Std) or Straight Hair (NStd), etc.

If you also fill out Section E, the kittens will be registered individually and the registration certificates will be sent to the new owners. The abbreviations in Section E mean the following: NFB = Not For Breeding; NFS = Not For Showing.

A cat's name, including cattery names and the word "of" (before a suffix) may not exceed 35 characters (including spaces). If the name of the cat is longer than 35 characters, the suffix will be automatically dropped (if applicable). The name of the cat must not contain any special characters (&, ', #, ö, é, etc.). The owner's name, address, and city are not allowed in the name of the cat unless they are part of a TICA registered cattery. For additional restrictions, please refer to Registration Rules 39.5, 39.6, 39.7, and 39.8.

If there are multiple owners, please provide the primary owner's address below and all other owners' address information on the last page of this form.
