The Toybob (TB) is a small cat with proportionally balanced features, medium muscula-

### HEAD

- **Shape:** Medium sized modified wedge with rounded contours and a flat plane above the eyebrows. Head is slightly longer than broad with rounded cheekbones and proportional to the body. Neither heavy nor delicate.

### BODY

#### Torso

- **Length:** Short and square shaped with a solid chest. Broad rib cage and slight depth of flank add to the solidness of the overall body balance. Back is almost straight when viewed from the side when the cat is in natural walking position.

#### Legs

- **Feet:** Rounded with elongated toes on the hind legs.

#### Tail

- **Bobbed with kinks and curves in any combination but also may be almost straight. The tail minimum length is at least two vertebrae to a maximum length (without stretching) down to the hock.**

### EYES

- **Shape:** Large, rounded with an open expression, and a slight upward slant.

### Ears

- **Ears:** Medium size.

### Musculature

- **Firm, solid and well developed with clean lines and no bulging appearance.**

### Coat

- **TB:** Coat is short, soft and slightly plush to the touch, dense but not thick. The coat is rather resilient and not close lying to the body. The coat has developed undercoat where the topcoat is almost the same length as the undercoat. Stomach hair is shorter and softer, but fur texture on the spine area is slightly thicker and coarser. Kittens can have a somewhat wooly coat.

- **TBL:** Coat is semi-longhair in length and softer than the short-coated variety. Topcoat is slightly longer in length than the undercoat but also giving it a plushy but not too thick feel through the entire body. The coat has very minimal ruff if any over the whole cat's body with visible ears and feet furnishings. No ear tufts.

### Category: All.
**Division:** All.
**Color:** All.

### Permissible Outcrosses:

Domestic Shorthair and Longhair with similar phenotype and no structural mutation. The outcross policy is currently permitted during the breed development and recognition process to ensure the genetic soundness of the breed.

**TOYBOB BREED GROUP (TB/TBL)**

Temperament must be unchallenging; any sign of definite challenge shall disqualify. The cat may exhibit fear, seek to flee, or generally complain aloud but may not threaten to harm. In accordance with Show Rules, ARTICLE SIXTEEN, the following shall be considered mandatory disqualifications: a cat that bites (216.9), a cat showing evidence of intent to deceive (216.10), adult whole male cats not having two descended testicles (216.11), cats with all or part of the tail missing, except as authorized by a board approved standard (216.12.1), cats with more than five toes on each front foot and four toes on each back foot, unless proved the result of an injury or as authorized by a board approved standard (216.12.2), visible or invisible tail faults if Board approved standard requires disqualification (216.12.4), crossed eyes if Board approved standard requires disqualification (216.12.5), total blindness (216.12.6), markedly smaller size, not in keeping with the breed (216.12.9), and depression of the sternum or unusually small diameter of the rib cage itself (216.12.11.1). See Show Rules, ARTICLE SIXTEEN for more comprehensive rules governing penalties and disqualifications.
