# Article Two – Objects and Powers

12.1 The objects and purposes of this Association are and shall be:

12.1.1 The registration of the pedigrees of all breeds of felines and catteries;

12.1.2 The promulgation of rules governing the management of the Association and shows sanctioned by the Association;

12.1.3 The licensing of shows to be held under the auspices of the Association;

12.1.4 The establishment of comprehensive Standards for all breeds of domesticated cats;

12.1.5 The honoring of outstanding felines, their owners and breeders for their accomplishments;

12.1.6 The dissemination of information to promote knowledge and the interest of breeders, owners and exhibitors and the general public concerning the breeding, exhibition, improvement of breeds, and the care and welfare of all cats in general;

12.1.7 The promotion of educational and friendly relations between breeders in this country and all other countries of the world.

---

*102.1 Mission Statement. The International Cat Association (TICA), the world's largest genetic registry of purebred and household pet cats and one of the world's largest sanctioning bodies for cat shows, has the following mission:*

*102.1.1 To encourage its members to be caring, responsible owners and breeders of cats who work together to promote the preservation of pedigreed cats and the health and welfare of all domestic cats.*

*102.1.2 To have the most accurate and comprehensive certified pedigree registry in the world.*

*102.1.3 To provide sanctioned cat shows which promote both pedigreed and non-pedigreed cats in a professional manner and which are both enjoyable and educational for exhibitors, judges and the general public.*

*102.1.4 To encourage its members to take an active role in the community to foster responsible spay/neuter awareness through public education, to become active in voluntary service at local animal shelters or outreach programs for schools and/or senior or disabled citizens, and to become involved in citizen advisory groups to foster responsible legislation regarding the health and welfare of cats.*

*102.1.5 To promote friendly relations between breeders in this country and other countries and areas around the world.*

---

102.1.6 To disseminate information to breeders, owners, exhibitors, and the general public concerning breeding, exhibition, improvement of breeds, the care and welfare of all cats and to provide materials and information regarding feline issues of regional or international importance.

102.1.7 To set up a foundation to encourage research on feline health issues and to provide readily available lists of resource materials on health issues to its members.

102.2 Policy Statement. The International Cat Association (TICA), the world's largest genetic registry of pedigree and non-pedigreed cats and one of the world's largest sanctioning bodies for cat shows, is committed to the promotion, protection and preservation of both pedigreed and non-pedigreed cats. We believe that:

102.2.1 The responsible breeding of pedigreed cats is of value to society because it preserves the distinct characteristics of individual domestic breeds of cats and ensures the continuation of predictable physical and behavioral traits for the admiration and the enjoyment of all cat lovers today as well as for future generations.

102.2.2 It is the obligation of both The International Cat Association and its members to promote the welfare of all cats through education and the use of ethical breeding practices which will help reduce the number of unwanted, unnecessary or unplanned litters.

102.2.3 While recognizing the burden placed on animal welfare agencies, shelters, and pounds which work with homeless pets, the euthanasia of healthy adoptable animals is an anathema to society and fosters the devaluation of all life.

102.2.4 All cat lovers should cooperate with other animal lovers to promote solutions to overpopulation which will:

102.2.4.1 Reduce the number of stray animals by promoting the increased use of permanent pet identification which more readily ensures the return of lost animals to their owners.

102.2.4.2 Reduce the number of feral cats by promoting local governmental/animal shelter support for trap, test, vaccinate, alter and release programs.

102.2.4.3 Decrease the number of animals born each year, both planned and unplanned, by supporting spay/neuter awareness programs and by promoting spay/neuter of all non-purebred kittens and kittens sold as pets.

102.2.5 Legislative Policy: TICA will **oppose** legislation regarding licensing, limits, mandatory microchip programs, mandatory data kept by animal control, and taxation on pets or pet products. TICA will generally **support** efforts to improve shelter conditions, voluntary microchip programs, trap-(test)-neuter-(vaccinate)-release programs, and fund-raising programs such as vanity license plates which designate part of the income for animal welfare and educational programs. **Note:** The items in parenthesis are not done in all communities that have feral programs.
