

Proposal 5 - Amend Show Rule 24.2.2, 211.1, 211.5, 211.6 (Catalogs)

Rationale:

Catalog printing has become a very high cost in many areas. The form of the catalog, printed, electronic or combination should be the club's choice.

Note: This proposal does not impact how a cat is shown, and therefore does not need to wait until the start of a show year to be effective

PROs:	CONs:
• Clubs can reduce show expenses as a printed catalog is no longer required • Aligns 211.6 with current practice when Friday night pre-show check-ins are used	• None identified

Amend Show Rules:

24.2.2 In the event that any feline has been transferred or leased after entry in a show, the Entry Clerk (or Master Clerk if the catalog has been ~~printed~~**published**), must be notified upon filing the transfer documents with the Executive Office of TICA. The records in the Executive Office of TICA are conclusive.

211.1 A club sponsoring a TICA show shall publish a ~~printed~~ catalog. **If printed, the** ~~The~~ size of the catalog shall be at the club's option but shall be no less than ~~8-1/2 x 11 inches~~ **letter or A4 size**.

211.5 In shows consisting of a series of rings, the catalog will be ~~printed~~ **set out** as follows:

211.5.1 A column for each ring;

211.5.2 Entry number, name and spaces for awards must appear on the same line.

211.5.3 Only the official recognized "TICA Standard" will be authorized for ~~printing~~ **use** in the catalog

211.6 The official show catalog will be made available **no earlier than two days before the show and no later than** ~~at~~ check-in time on the opening day of the show.

If the above changes are approved by the membership, delete the following Standing Rules:

~~2011.1 A club may also publish and offer a catalog in electronic form for those exhibitors requesting that format.~~

~~2011.6 When a club publishes an electronic catalog, the electronic catalog may be distributed up to two days before the show.~~
